

September 20, 2018

Mr. Elmer Heap, General Manager EDCO Disposal Corporation 224 S. Las Posas Road San Marcos, California 92078

Subject: 2017 Performance Evaluation and One-Year Contract Extension

Dear Mr. Heap:

Pursuant to Section 7, Subsection (c) of our Agreement dated February 26, 1989, the City of Vista (City) is charged with conducting a year-end review of the franchise agreement, evaluating the level and quality of service and operations EDCO provides in Vista, and assessing compliance with the specific terms of the agreement. This evaluation period spans the calendar year beginning January 1, 2017 and ending December 31, 2017. For purposes of the 2017 Performance Evaluation, the City will continue to use the same evaluation criteria used in previous years. The criteria includes: Quality of Service, Administrative Responsibilities, Community Involvement and Miscellaneous Activities.

Quality of Service

Quality of service is evaluated primarily on written, telephonic, and electronic communications received from residents of Vista and from field observations and reports by City staff during the last year of service. In 2017, Vista residents and City Administration received and enjoyed a high level of service from EDCO.

Residential Refuse Collection: In 2017, EDCO collected 22,701.41 tons of residential refuse, which made up 26.09% of the total Vista waste stream.

The City received a voicemail complaint from the owner of a multi-family housing unit related to an ongoing illegal dumping issue. The resident indicated that oversized waste, such as furniture and appliances were frequently being illegally disposed of in the unsecured trash area of the apartment complex. City and EDCO staff worked together and resolved the matter by issuing individual trash & recycling bins to each resident and removing the community roll-off bins. This strategic move deterred people from dumping large items in or adjacent to this unsecured trash area.

Another complaint was also received from a resident regarding a missed refuse pickup. EDCO addressed this by providing service the next day.

Additionally, a contractor working in the City contacted Public Works staff with a complaint about delayed bin delivery for construction and demolition debris disposal. City staff worked with EDCO and the contractor to arrange expedited bin delivery.

Throughout the year, a total of eight trash related complaints were received for overflowing trash bins at various sites both public and private. EDCO and City staff worked together to resolve these issues in a timely manner.

Compared to the number of customers served and that fact many EDCO trucks travel the City daily, the number of complaints received is exceptionally minimal, which also demonstrates that EDCO is performing at a very high level.

<u>Commercial Refuse Collection</u>: In 2017, EDCO collected 45,236.76 tons of refuse from commercial enterprises, an increase of 578.21 tons from 2016. The amount of material collected made up 51.99% of the total waste stream in 2017. The City did not receive any complaints from commercial businesses and/or contractors regarding refuse collection or EDCO's quality of service in 2017.

<u>Commercial and Residential Recycling Collection</u>: EDCO continues to provide effective support and critical information to help meet the state's Mandatory Commercial Recycling mandate (AB 341). Since enacted in 2012, EDCO and the City of Vista have reached out to noncompliant enterprises in the city who are required to recycle. The increase in the commercial recycling collection is mainly attributed to EDCO's efforts to educate and engage commercial operators.

In 2017, the City attained an overall slight increase for recycling. See below table.

Recycling	2016	2017	%Increase
Residential	45.61%	45.94%	0.72%
Commercial	4.06%	5.32%	31.03%
Roll Off	14.04%	12.58%	-10.40%
Total	21.46%	22.03%	2.66%

On behalf of the City of Vista, EDCO is working diligently in providing clear and easy to understood outreach information to ensure compliance with AB 1826 (Mandatory Commercial Organics Recycling). Due to this bill going into effect prior to the infrastructure built to effectively recycle qualifying organics, the related education and outreach delivered in Vista satisfies what is presently required by the state. In relationship to AB 1826, EDCO distributed educational material to commercial waste generators in 2017, including providing information in their spring 2017 Environmental Times issue.

EDCO is in the process of updating and identifying organic waste generators (food or green waste) in the City of Vista subject to AB 1826. Originally, the bill required businesses producing 8 cubic yards or more of organics to recycle by April 1, 2016; however, as of April 1, 2017, the threshold was reduced and businesses producing 4 cubic yards or more of organics are now required to recycle. Over the past year, EDCO has worked with CalRecycle to identify businesses within the City subject to AB 1826. Additionally, EDCO has been planning ahead and has acquired properties which are permitted for green waste processing operations. These facilities may operate as composting facilities in the future. To deliver necessary organic waste processing capacity to the City of Vista, as well as the other cities they serve, EDCO has obtained the only facility permit for an anaerobic digester (AD) in San Diego County. This AD unit is part of the Escondido Resource Recovery four-phase master facility plan currently under construction. EDCO anticipates the AD being completed in 2018/19.

<u>Green Waste Recycling</u>: The City experienced an increase in tonnage for residential recycled green waste collected by EDCO. Staff attributes the trend to an increase in homeowners transitioning to drought tolerant landscape options, along with the numerous turf reduction and landscape renovation incentive programs available through local water districts.

In 2017, the City saw an overall slight increase in recycling. See below table.

Green Waste	2016	2017	%Increase
Residential	84.85%	87.40%	3.00%
Commercial	1.79%	2.63%	46.93%
Roll Off	13.36%	9.97%	-25.37%
Total	13.59%	13.78%	1.39%

<u>Trash Exemption Program</u>: City records indicate that there are 35 trash exemptions due to economic hardship for calendar year 2017. Letters and applicable e-mails were sent out to 40 residents who met the City's exemption requirements for economic hardship. The deadline of February 28, 2018 was provided for renewal to afford residents time to complete their 2017 tax returns. Eight accounts were removed due to relocation or no longer meeting the City's economic hardship guidelines.

City records indicate there are currently 21 exemptions from mandatory trash collection service. These exemptions require residents or businesses to provide proof of trash service through off-site disposal receipts or evidence that a property is vacant. Letters and applicable e-mails were sent out to the 26 residents who were exempt from mandatory trash collection in 2017. A deadline of February 28, 2018 was also provided. Upon receipt, applications were evaluated and five accounts were removed and will no longer receive this benefit.

The number of trash exemptions may vary slightly from year to year based on current economic conditions and the approval of pending or incomplete applications by the deadline. The City has not received any written or telephone call complaints regarding EDCO's quality of service from households receiving the trash exemption benefit during the evaluation period.

Construction and Demolition Debris: Roll-off containers collected 21,825 tons of material in 2017 compared to 22,069 tons in 2016, making up 22% of the total waste stream for the current reporting period. Non-construction and recycled material collected in roll-off containers increased from 1,119 tons in 2016 to 1,213 tons in 2017 and the diversion rate (roll-off containers only) decreased from 14% to 12.58%.

Administrative Responsibilities

Quarterly Financial Reports: EDCO continues to provide the City with accurate and timely quarterly reporting of franchise fees and recycling revenues. The City received \$1,286.048.62 in franchise fees and \$72,213.04 in recycling revenues for Fiscal Year (FY) 16-17 and \$1,353,757.79 in franchise fees and \$12,338.50 in recycling revenues for FY 17-18. Recycled material revenue has declined in the global market, due to the National Sword campaign launched by China in March 2017.

<u>Statistical Collection Reports</u>: EDCO continues to collect and share statistics on refuse, recycled solid waste, green waste, diversion, and special collection. This important data is recorded and used by City staff for analysis, public awareness, and in the preparation of the AB 939 Electronic Annual Report (EAR) to CalRecycle. EDCO's statistical reports are also used to support the functions and duties of the California Integrated Waste Management Board and Regional Solid Waste Association (RSWA).

Administration of Street Sweeping Contract: In 2009, Resolution No. 2009-181 shifted all administrative and contractual management responsibilities for street sweeping services with CleanStreet, Inc. to EDCO. During the current reporting period, staff documented two issues related to street sweeping services. One report was received via email advising staff of staining on the street in an area recently serviced and raising concern of possible spillage or a leakage issue with the sweeping vehicle. Staff followed-up with the vehicle driver to investigate the cause. Upon investigation, the vehicle was found to be in sound working condition with no leaking or low fluids. Streets crews were subsequently contacted to address the residual pavement staining. No spillage or leakage was found. Additionally, in 2017, a property damage claim was filed with Risk Management for windshield damage to a privately owned vehicle reportedly caused by the street sweeping vehicle. Because the claim involved actions taken by their contractors, the claim was forwarded directly to EDCO for processing.

Community Involvement

<u>City Community Projects and Events</u>: City residents, business owners and the community at large continue to benefit from EDCO's generous support of the growing number of projects and events by providing waste, recycling bins, special event containers and hauling services throughout the year. In the absence of EDCO's effective waste hauling and recycling support, all community projects and special events would incur additional expenses relating to trash collection and disposal.

<u>Special Recycling Projects</u>: On June 10 2017, EDCO sponsored a free e-waste and paper shredding event at the Vista Civic Center (Alta Vista lot). During the holiday season from December 26, 2017 to January 8, 2018, EDCO also provided multiple 40-yard bins at two Christmas tree drop-off locations for residents – one located at the intersection of S. Melrose Dr. and Shadowridge Dr. and the other at 523 S. Santa Fe Ave. For no additional charge, approximately 23 tons of green waste was collected from Vista residents during the holidays at these conveniently located sites.

Miscellaneous Activities

<u>Scavenging and Illegal Waste Collection</u>: In 2017, there were no reports of illegal scavenging and no reports of illegal waste collection. When illegal scavenging or waste collection is reported, EDCO and City staff collaborate to share information and forward it to the City's Code Enforcement Division for follow-up and investigation.

<u>Household Hazardous Waste</u>: Operations at the Vista Household Hazardous Waste collection facility ran smoothly during in 2017 reporting period with no adverse conditions detected or reported. The facility processed a total of 6,021 carloads of which 2,353 were Vista residents and collected a total of 649,453 lbs. of waste.

<u>E-Waste</u>: Electronic waste continues to be accepted at the Vista Household Hazardous Waste collection facility. In 2017, the facility received 117,180 pounds of electronic waste, which is down from the 120,884 pounds received in 2016. E-waste collection at the facility has been down each year since 2011.

Page 5 - EDCO

AB 939/SB 1016 Compliance: With EDCO's assistance, City staff completed and filed the 2017 Electronic Annual Report (EAR) to Calrecycle by the August 1, 2018 deadline.

Summary

The City of Vista and its residents continue to benefit greatly from their long standing partnership with EDCO Disposal Collection & Waste and Recycling Services. Not only has EDCO exceeded its contractual requirements in 2017, the company also continues to provide invaluable services to the community. The City of Vista is extremely proud to partner with EDCO and has been considerably strengthened by EDCO's service and community partnerships. We appreciate the outstanding service EDCO provides to the City of Vista and thank all of EDCO's employees who contribute to this exceptional accomplishment.

In accordance with the powers granted to me by the City's mandatory trash collection ordinance, I hereby grant a one-year extension to the current refuse collection agreement between the City of Vista and EDCO Waste and Recycling Services through February 26, 2021.

Sincerely,

Patrick Johnson, City Manager

Mr. Elmer Heap, General Manager EDCO Disposal Corporation 224 S. Las Posas Road San Marcos, California 92078

Subject: 2016 Performance Evaluation and One-Year Contract Extension

Dear Mr. Heap:

Pursuant to Section 7, Subsection (c) of our Agreement dated February 26, 1989, the City of Vista is charged with conducting a year-end review of the franchise agreement, evaluating the level and quality of service and operations EDCO provides in Vista, and assessing compliance with the specific terms of the agreement. This evaluation period spans the calendar year beginning January 1, 2016 and ending December 31, 2016.

For purposes of the 2016 Performance Evaluation, the City will continue to use the same evaluation criteria the City has used in previous years. The criteria includes: Quality of Service, Administrative Responsibilities, Community Involvement and Miscellaneous Activities.

Quality of Service

Quality of service is evaluated based primarily on written, telephonic, and electronic communications received from residents of Vista and from field observations and reports by City staff during the last year of service. In 2016, Vista residents and City Administration received and enjoyed a high level of service from EDCO.

Residential Refuse Collection: In 2016, EDCO collected 21,930.52 tons of residential refuse, which made up 25.63% of the total Vista waste stream. The City received a reported in-person complaint from a resident. The complaint was related to an overdue EDCO bill. The resident claimed that EDCO was billing them for a service that they had no use for and provided receipts for recycling that did not pertain to waste disposal. Staff reached out to EDCO regarding the citizen's account and it was discovered that the resident had been receiving free trash service for a significant amount of time (several years); this was noticed through an internal EDCO audit. One of EDCO's staff discussed these issues further with the citizen, as did City staff, and the matter was resolved.

Another complaint was reported via e-mail from a resident at the Alexan Melrose apartment complex regarding EDCO drivers leaving a mess in the trash area, which caused safety and fire hazard concerns. EDCO's management team discussed the issue with management at the Alexan Melrose apartment complex and the apartment complex decided to increase the level of service for both trash and recycling, which helped resolve the complaint.

A total of twelve complaints were also received for overflowing trash bins at various sites (including residences, one apartment complex (which includes complaints of mattresses), a bus stop area, and a restaurant site). EDCO and City staff worked together to resolve these issues. In addition, EDCO worked with individuals, discussed the need for an increase in service levels and explained the importance of safety for the EDCO drivers.

A phone call complaint was also made to the City regarding a request for a trash exemption at 1787 Crystal Ridge Way. The resident was upset because he did not meet exemption requirements based on his circumstances/situation. The resident spoke to Public Works staff and City ordinances were explained.

<u>Commercial Refuse Collection</u>: In 2016, EDCO collected 44,658.55 tons of refuse from commercial enterprises, an increase 1,107.02 tons from 2015. The amount of material collected made up 52.20% of the total waste stream in 2016. The City did not receive any complaints from commercial businesses and/or contractors regarding refuse collection or EDCO's quality of service in 2016.

Commercial and Residential Recycling Collection: EDCO continues to provide effective support and critical information to help with meeting the state's Mandatory Commercial Recycling mandate (AB 341). Since enacted in 2012, EDCO and Vista staff have reached out to noncompliant enterprises in Vista that are required to recycle. These efforts were recognized in the latest poll where there was an increase in compliant enterprises, from 60% in October 2015 to 82% in 2016. The increase in commercial recycling collection is attributable in large part to the efforts made by EDCO to educate and engage commercial operators.

In 2016, the City saw an overall slight decline for recycling. There was, however, a .59% increase for residential recycling. A breakdown can be seen in the table below:

	2015	2016	% Increase
Residential	45.02%	45.61%	0.59%
Commercial	4.59%	4.06%	-0.53%
Roll Off	20.08%	14.04%	-6.04%
Total	22.48%	21.46%	-1.02%

On behalf of the City of Vista, EDCO is also working diligently to provide clear and easily understood outreach information to ensure compliance with AB 1826 (Mandatory Commercial Organics Recycling). Due to this bill going into effect prior to the infrastructure being built to effectively recycle qualifying organics, the related education and outreach being delivered in Vista satisfies what is presently required by the state. In relationship to AB 1826, EDCO distributed educational material to commercial waste generators in 2016, including providing information in their spring 2016 Environmental Times issue. EDCO ensures that they will identify every single business subject to AB 1826 as of April 1, 2017. EDCO has recently acquired properties that are permitted for green waste processing operations. These facilities may operate as composting facilities in the future. To deliver necessary organic waste processing capacity to the City of Vista and all the Cities that they serve, EDCO has obtained the only facility permit for an anaerobic digester (AD) in San Diego County. This AD unit is part of the Escondido Resource Recovery four-phase master facility plan currently under construction. EDCO anticipates the AD being completed in 2018/19.

<u>Green Waste Recycling</u>: The City experienced increases in tonnages for recycled green waste collection from EDCO for residential and roll off categories. Staff attributes this trend to high demand landscapes being replaced with drought tolerant trees, shrubs and introduction of mulches and other organic materials that promote soil moisture retention. Additionally, a number of turf reduction programs were made available by water districts, which only increased incentives to help pay for these types of landscape renovations.

<u>Trash Exemption Program</u>: City records indicate that there are 35 trash exemptions due to economic hardship pending City approval for calendar year 2017. Letters and applicable e-mails were sent out to 26

residents who met our exemption requirements for economic hardship. A deadline of February 25, 2017 was given for renewal to give residents time to complete their 2016 tax returns. Two accounts were removed due to one resident relocating and another who no longer meets the City's economic hardship guidelines.

City records indicate that there are currently 24 exemptions from mandatory trash collection/service based off residents or businesses providing proof of trash service through disposal receipts or properties being left vacant. Letters and applicable e-mails were sent out to 37 residents who were exempt from mandatory trash collection in 2016. A deadline of February 25, 2017 was also given, and, as a result, 2 exemptions were removed and no longer receive this benefit. Both of the residents removed from exempt status expressed their desire to obtain trash service through EDCO.

The number of trash exemptions may vary slightly from year to year based on current economic conditions and the approval of pending or incomplete applications by the deadline. The City has not received any written or telephone call complaints regarding EDCO's quality of service from households receiving the trash exemption benefit during the evaluation period.

Construction and Demolition Debris: In 2016, the City experienced an increase in the total tons of material collected in roll-off containers. The amounts of recycling material collected and the diversion rate achieved through the City's Construction and Demolition (C&D) Ordinance also increased. Roll-off containers collected 22,069 tons of material in 2016 compared to 22,050 tons in 2015, making up 20% of the total waste stream for the current reporting period. Recycled material collected in roll-off containers decreased from 2,803 tons in 2015 to 1,119 tons in 2016 and the diversion rate (roll-off containers only) decreased from 20% to 14%.

Administrative Responsibilities

Quarterly Financial Reports: EDCO continues to provide the City with accurate and timely quarterly reporting of franchise fees and recycling revenues. The City received \$1,247,481 in franchise fees and \$78,704 in recycling revenues for FY 15-16 and \$349,029 in franchise fees and \$13,322 in recycling revenues for the first quarter of FY 16-17. After implementing the 1% increase in the franchise fee rate on July 1, 2014, staff projects franchise fee revenues to remain regionally competitive and steady. Recycled material has still been trending downward on the global market, which may slightly affect Vista's recycling revenue and will be continually monitored.

<u>Statistical Collection Reports</u>: EDCO continues to collect and share statistics on refuse, recycled solid waste, green waste, diversion, and special collection. This important data is recorded and used by City staff for analysis, public awareness, and in the annual preparation of the AB 939 Electronic Annual Report (EAR) to Calrecycle. EDCO's statistical reports are also used to support the functions and duties of the California Integrated Waste Management Board and Regional Solid Waste Association (RSWA).

Administration of Street Sweeping Contract: In 2009, Resolution No. 2009-181 shifted all administrative and contractual management responsibilities for street sweeping services with CleanStreet, Inc. to EDCO. During the current reporting period, the City received twelve phone calls/contacts regarding street sweeping services. One call was made regarding the need for additional street sweeping at Beaumont Elementary School (sidewalk area dirty with trees overhanging) and another call regarding a claim that no street sweeping was being done at 200 & 300 block of N. Indiana Ave. Both areas remain on a regular schedule and the reported issues were investigated and resolved. Another call was received regarding graffiti on a street sweeping sign, which was removed. A call was also received from a street sweeping operator regarding a tree in the City right-of-way area on Fortune Way and La Mirada Drive, which was

handled by City staff. Other noted phone calls were made from City Code Enforcement staff indicating the need for additional street sweeping signage and time revisions at certain locations, which was completed. Other concerns were related to overhanging trees causing debris and trash cans being left out and obstructing the street sweeping route. Although many of the complaints were unrelated to the street sweeping contractor and the services being provided, EDCO worked diligently with the City and residents to resolve all concerns in a timely manner.

Community Involvement

<u>City Community Projects and Events</u>: City residents, business owners and the community at large continues to benefit from EDCO's support of the growing number of projects and events by providing waste, recycling bins, special event containers and hauling services throughout the year. In the absence of EDCO's effective waste hauling and recycling support, all community projects and special events would incur additional expenses relating to trash collection and disposal.

Special Recycling Projects: On June 11, 2016, EDCO held a free e-waste and paper shredding event at the Civic Center (Alta Vista Drive side) parking lot. During the holiday season from December 26, 2016 to January 10, 2017, EDCO also provided multiple 40-yard bins at two Christmas tree drop-off locations for residents – one located at the intersection of S. Melrose Dr. and Shadowridge Dr. and the other at 523 S. Santa Fe Ave. For no additional charge, approximately 42 tons of green waste was collected from Vista residents during the holidays at these conveniently located sites, which was 12 tons more than the year prior.

Miscellaneous Activities

<u>Scavenging and Illegal Waste Collection</u>: In 2016, there were no reports of illegal scavenging and no reports of illegal waste collection. When or if illegal scavenging or waste collection is reported, EDCO and City staff collaborate to share information and forward it to the City's Code Enforcement Department for follow-up and investigation.

<u>Household Hazardous Waste</u>: Operations at the Vista Household Hazardous Waste (HHW) collection facility ran very smoothly in 2016 and there were no adverse conditions detected or reported during the current reporting period.

AB 939/SB 1016 Compliance: As a result of the partnership and collaboration with EDCO, City staff completed and filed the 2015 Electronic Annual Report (EAR) to Calrecycle by the August 1, 2016 deadline. A site visit with CalRecycle occurred on May 13, 2016 for approximately 3 hours and went very smoothly. EDCO was instrumental in providing crucial information and data prior to the site visit and remain willing to help and accompany City staff at future appointments.

Summary

The City of Vista and its residents continue to benefit greatly from their long standing partnership with EDCO Disposal Collection & Waste and Recycling Services. EDCO continues to provide invaluable services to the community. The City of Vista is extremely proud to partner with EDCO and has been considerably strengthened by EDCO's service and community partnerships. We appreciate the outstanding service EDCO provides to the City of Vista and thank all of EDCO's competent and professional management staff and service personnel who have contributed to this exceptional accomplishment.

In accordance with the powers granted to me by the City's mandatory trash collection ordinance, I hereby grant a one-year extension to the current refuse collection agreement between the City of Vista and EDCO Waste and Recycling Services through February 26, 2020.

Sincerely,

Patrick Johnson, City Manager

February 16, 2016

RECEIVED

FEB 18 2016

CITY CLERK CITY OF VISTA, CA

Mr. Jeff Ritchie, Vice President and General Manager EDCO Disposal Corporation 224 S. Las Posas Road San Marcos, California 92078

Subject: 2015 Performance Evaluation and One-Year Contract Extension

Dear Mr. Ritchie:

Pursuant to Section 7, Subsection (c) of our Agreement dated February 26, 1989, the City of Vista is charged with conducting a year-end review of the franchise agreement, evaluating the level and quality of service and operations EDCO provides in Vista, and assessing compliance with the specific terms of the agreement. This evaluation period spans the calendar year beginning January 1, 2015 and ending December 31, 2015.

For purposes of the 2015 Performance Evaluation, the City will continue to use the same evaluation criteria the City has used in previous years. The criteria includes: Quality of Service, Administrative Responsibilities, Community Involvement and Miscellaneous Activities.

Quality of Service

Quality of service is evaluated based primarily on written, telephonic, and electronic communications received from residents of Vista and from field observations and reports by City staff during the last year of service. In 2015, Vista residents and City Administration received and enjoyed a high level of service from EDCO.

Residential Refuse Collection: In 2015, EDCO collected 21,204.44 tons of residential refuse, a decrease of 170 tons from 2014, which made up 25.74% of the total Vista refuse stream. The City received a reported two phone call complaints. There were no written complaints from Vista residents. The first complaint was related to EDCO's service and billing. The resident claimed that EDCO was billing them for a service that they had stopped using. Staff reached out to EDCO regarding the citizen's account. One of EDCO's account managers discussed these issues further with the citizen and they were able to resolve the matter.

The second complaint came from a citizen who was upset about the trash rates being very high and EDCO being the only option for service. EDCO helped staff by providing an explanation to the citizen that included clarification that revealed that Vista is, in fact, very competitive with the rates currently charged compared to other cities throughout the region. The citizen came to a better understanding of waste hauling rate and fee charges and was more at ease once additional information was provided.

<u>Commercial Refuse Collection</u>: In 2015, EDCO collected 43,551.53 tons of refuse from commercial enterprises, an increase of 1,258.37 tons from 2014. The amount of material collected made up 52.87% of the total waste stream in 2015. The City did not receive any complaints from commercial businesses and/or contractors regarding refuse collection or EDCO's quality of service in 2015.

<u>Commercial and Residential Recycling Collection</u>: EDCO continues to provide effective support and critical information to help with meeting the State's Mandatory Commercial Recycling mandate (AB 341). Since

EDCO February 16, 2016 Page 2

enacted in 2012, EDCO and Vista staff reach out to noncompliant enterprises in Vista that are required to recycle. These efforts were recognized in the latest poll where there was an increase in compliant enterprises, from 49% in January 2015 to 60% in October 2015.

In 2015, the City saw an encouraging trend for recycling. Recycling for all categories (residential, commercial, and roll off) saw an increase of 1.93% from 2014 to 2015. A breakdown can be seen in the table below.

	2014	2015 %	Increase
Residential	41.12%	45.02%	3.90%
Commercial	4.12%	4.59%	0.47%
Roll off	19.35%	20.08%	0.73%
Total	20.55%	22.48%	1.93%

EDCO is also working diligently for Vista on outreach information to ensure compliance with AB 1826 (Mandatory Commercial Organics Recycling) and on behalf of Vista, EDCO will be distributing this educational material to commercial waste generators in March or April 2016.

Green Waste Recycling: The City experienced increases in tonnages for recycled green waste collection from EDCO for all categories (residential, commercial, and roll off). Staff attributes this trend to landscape designs being changed out for ones that are more drought tolerant. Additionally, a number of turf reduction programs were made available, which only increased incentive to move in that direction.

<u>Trash Exemption Program</u>: City records indicate that there are 37 trash exemptions due to economic hardship pending City approval for calendar year 2016, including 3 recent additions. One application was added in November 2015 and two more were added in January 2016. A deadline of February 25, 2016 has been given for renewal.

City records indicate that there are currently 18 exemptions from mandatory trash collection/service based off residents or businesses providing proof of trash service through disposal receipts or properties being left vacant; this number includes two recently added exemptions in January and February of this year. E-mails and letters were sent out to 26 residents who were exempt from mandatory trash collection in 2015. A deadline of December 31, 2015 was given and, as a result, 10 exemptions were removed and no longer receive this benefit.

The number of trash exemptions may vary slightly from year to year based on current economic conditions and the approval of pending or incomplete applications by the deadline. The City has not received any written or telephone call complaints regarding EDCO's quality of service from households receiving the trash exemption benefit during the evaluation period.

Construction and Demolition Debris: In 2015, the City experienced an increase in the total tons of material collected in roll-off containers. The amounts of recycling material collected and the diversion rate achieved through the City's Construction and Demolition (C&D) Ordinance also increased. Roll-off containers collected 22,049.62 tons of material in 2015 compared to 18,328.34 tons in 2014, making up 21% of the total waste stream for the current reporting period. Recycled material collected in roll-off containers increased from 2,331.10 tons in 2014 to 2,802.58 tons in 2015 and the diversion rate (roll-off containers only) improved from 19.35% to 20.08%. Since 2012, the diversion rate of achievement through the C&D ordinance has increased by approximately 5%, which is a noteworthy hard earned accomplishment and welcomed trend.

EDCO February 16, 2016 Page 3

Administrative Responsibilities

<u>Quarterly Financial Reports</u>: EDCO continues to provide the City with accurate and timely quarterly reporting of franchise fees and recycling revenues. The City received \$1,203,592 in franchise fees and \$161,253 in recycling revenues for FY 14-15 and \$323,210 in franchise fees and \$46,541 in recycling revenues for the first quarter of FY 15-16. Recycled material has still been trending downward on the global market which may slightly affect recycling revenue, but the latest quarterly report does not show a severe impact.

Statistical Collection Reports: EDCO continues to collect and share statistics on refuse, recycled solid waste, green waste, diversion, and special collection. This important data is recorded and used by City staff for analysis, public awareness, and in the annual preparation of the AB 939 Electronic Annual Report (EAR) to Calrecycle. EDCO's statistical reports are also used to support the functions and duties of the California Integrated Waste Management Board and Regional Solid Waste Association (RSWA).

Administration of Street Sweeping Contract: In 2009, Resolution No. 2009-181 shifted all administrative and contractual management responsibilities for street sweeping services with CleanStreet, Inc. to EDCO. During the current reporting period, the City received six phone calls from Vista residents regarding street sweeping services. Two of the phone calls were from residents that were unaware that street sweeping does not occur on streets where there is no concrete curb and gutter. Three of the phone calls were regarding trash and debris being left along the street where a special sweep was requested/suggested; however, City crews were able to effectively address each reported concern separately. Lastly, one citizen had thought the driver did not follow their regular route along a certain street. Public Works staff provides explanations to complainants as they are received and works with EDCO to resolve any issues. The current street sweeping services provided through EDCO are exemplary and staff is very pleased with the high level of competent customer care and responsiveness being delivered in Vista.

Community Involvement

<u>City Community Projects and Events</u>: The City continues to benefit from EDCO's support of community projects by providing waste, recycling bins, special event containers and hauling services for City sanctioned and other community activities held throughout the year. In the absence of EDCO's waste hauling and recycling support, all community projects and special events would incur additional expenses as it relates to trash collection and disposal.

Special Recycling Projects: In May 2015, EDCO held a free e-waste and paper shredding event at the Moonlight Amphitheatre parking lot. During the holiday season from December 26, 2015 to January 11, 2016, EDCO also provided multiple 40 yard bins at two Christmas tree convenient drop-off locations for residents – one located at the intersection of S. Melrose Dr. and Shadowridge Dr. and the other at 523 S. Santa Fe Ave. For no additional charge, approximately 31 tons of green waste was collected from Vista residents during the holidays at these locations, which was three tons more than the year prior.

Miscellaneous Activities

<u>Scavenging and Illegal Waste Collection</u>: In 2015, there were no reports of illegal scavenging and no reports of illegal waste collection. When illegal scavenging or waste collection is reported, EDCO and City staff collaborate to share information and forward it to the City's Code Enforcement Department for follow-up and investigation.

EDCO February 16, 2016 Page 4

<u>Household Hazardous Waste</u>: Operations at the Vista Household Hazardous Waste (HHW) collection facility ran very smoothly and there were no adverse conditions detected or reported during the current reporting period.

AB 939/SB 1016 Compliance: As a result of the partnership and collaboration with EDCO, City staff completed and filed the 2014 Electronic Annual Report (EAR) to Calrecycle by the August 1, 2015 deadline. A site visit has not yet been scheduled with Calrecycle for the 2016 calendar year, but EDCO has already expressed their willingness to help and even accompany City staff at this future appointment.

Summary

The City of Vista and its residents continue to benefit greatly from their long standing partnership with EDCO Disposal Collection & Waste and Recycling Services. EDCO continues to provide invaluable services to the community. The City of Vista is extremely proud to partner with EDCO and has been considerably strengthened by EDCO's service and community partnerships. We appreciate the outstanding service EDCO provides to the City of Vista and thank all of EDCO's management staff and service personnel who contribute to this exceptional accomplishment.

In accordance with the powers granted to me by the City's mandatory trash collection ordinance, I hereby grant a one-year extension to the current refuse collection agreement between the City of Vista and EDCO Waste and Recycling Services through February 26, 2021.

Sincerely.

Patrick Johnson, City Manager

CITY CLERK
CITY OF VISTA, CA

February 11, 2014

Mr. Jeff Ritchie, Vice President and General Manager EDCO Disposal Corporation 224 S. Las Posas Road San Marcos, California 92078

Subject: 2013 Performance Evaluation and One-Year Contract Extension

Dear Mr. Ritchie:

Pursuant to Section 7, Subsection (c) of our Agreement dated February 26, 1989, the City of Vista is charged with conducting a year-end review of the contract, evaluating the level and quality of service and operations EDCO provides in Vista, and assessing compliance with the specific terms of the Agreement.

For purposes of the 2013 Performance Evaluation, the City will continue to use the same evaluation criteria the City has used in previous years. The criteria includes: Quality of Service, Administrative Responsibilities, Community Involvement and Miscellaneous Activities.

Quality of Service

Quality of service is evaluated based primarily on written, telephonic, and electronic communications received from residents of Vista and from field observations and reports by City staff during the last year of service. In 2013, Vista residents and City Administration received a high level of service from EDCO.

Residential Refuse Collection: In 2013, the City did not receive any written or electronic (email) complaints or calls from Vista residents regarding EDCO's quality of service. While it is understood that Vista residents may contact EDCO directly for quality of service inquiries or complaints, the lack of these types of calls to the City during the reporting period is an indication of EDCO's continued commitment to good customer service.

City staff was contacted by a small number of residents during the reporting year with questions regarding EDCO taking over delinquent account collection in 2013. However, these calls were not performance related.

<u>Commercial Refuse Collection</u>: During 2013, the City did not receive any complaints from commercial businesses and/or contractors regarding refuse collection or EDCO's quality of service. EDCO collected on average approximately 3,650 tons of material per month from commercial users, an increase of 15 tons from 2012. The amount of material collected was 44% of the total waste stream in 2013.

<u>Commercial and Residential Recycling Collection</u>: The State of California adopted AB 341 in 2012, requiring all commercial businesses generating four cubic yards or more of solid waste per week and multifamily residential dwellings of five units or more to provide for commercial recycling collection.

EDCO February 11, 2014 Page 2

In 2013, EDCO assisted City staff with ongoing AB341 compliance mainly by providing updated documentation of non-compliant enterprises. When EDCO and City staff began compliance efforts in July 2012, there were a total of 1,457 commercial businesses and multi-family developments in Vista that were required to comply with AB 341. Of those enterprises, approximately 675 were non-compliant at that time. To date, EDCO has helped staff reduce the number of non-compliant enterprises to 179 total.

In 2013, the City recycled on average approximately 475 tons per month of material from residential and multi-family households and 142 tons per month of material from commercial businesses. In 2012, the City recycled 468 tons per month from residential and multi-family households and 160 tons per month from commercial businesses.

Green Waste Recycling: In 2013, the City did not receive any complaints from customers concerning green waste recycling services. The City experienced an increase in recycled green waste by recycling 892 tons of green waste per month in 2013 compared to 888 tons per month in 2012. This increase is welcomed news for the City because recycled green waste tonnage per year had trended down in 2012 when compared to 2011.

Economic Hardships: City records indicate there are approximately 56 residential economic hardship trash exemptions pending approval for calendar year 2014, which is an increase of six exemptions from 2013. Staff understands this figure may vary slightly from year to year based on current economic conditions and the approval of pending or incomplete applications by the deadline. The City did not receive any written complaints or telephone calls regarding EDCO's quality of service from low-income exempt households over the evaluation period. A few calls were received during the year regarding information about the trash exemption program but these calls were not performance related.

Construction and Demolition Debris: In 2013, the City experienced an increase in the tons of material collected, tons recycled, and diversion rate achieved through the City's Construction and Demolition Ordinance. This is in sharp contrast to 2012 when all three categories declined from the year prior. A total of 18,423 tons of material was collected in roll-off containers in 2013 compared to 16,575 tons in 2012. The amount of material recycled increased from 1,601 tons in 2012 to 1,850 tons in 2013 and the diversion rate also increased from 15% to 17%. The data indicates that construction activity in the City increased significantly in 2013 as a number of new residential projects were underway during this timeframe.

Administrative Responsibilities

Quarterly Financial Reports: EDCO continues to provide the City with accurate and timely quarterly reporting of franchise fees and recycling revenues. In 2013, the Vista City Council approved a 2% increase to the franchise fee from 8% to 10% to be implemented over a two year timeframe. In 2013, EDCO also took over delinquent account collection duties from the City, thus alleviating the City's Finance Department of this responsibility.

The City received \$918,025 in franchise fees and \$266,874 in recycling revenues over the last four quarters of available data. In 2012, the City received \$874,748 in franchise fees and \$304,345 from recycling. The increase in franchise fee revenue can be attributed to the 1% increase that began on July 1, 2013 and an overall increase in tonnage hauled by EDCO in 2013. Recycling revenues have been dropping in recent years due to relaxed demand in the global marketplace, increases in shipping costs to ports, and China's import policies.

EDCO February 11, 2014 Page 3

Statistical Collection Reports: EDCO continues to collect and share statistics on refuse, recycled solid waste, green waste, diversion, and special collection. This data is recorded and used by City staff for analysis, public awareness, and in the annual preparation of the AB 939 Electronic Annual Report (EAR) to Calrecycle. EDCO's statistical reports are also used to support the functions and duties of the California Integrated Waste Management Board and Regional Solid Waste Association (RSWA).

Community Involvement

<u>City Community Projects and Events</u>: The City continues to benefit from EDCO's support of community projects by providing waste, recycling, and hauling services for City and community events held throughout the year. In 2013, EDCO supported the City's 50th Annual Celebration and the "Movies in the Park" events by providing and servicing disposable trash and recycling containers. EDCO also supported a large Buena Creek cleanup effort by providing and hauling waste containers at no charge. The City appreciates EDCO's continued and growing support of City projects and willingness to be an active partner in the community.

<u>Special Recycling Projects</u>: EDCO conducts a mobile document shredding event once per year at Brengle Terrace Park to coincide with the tax season. In 2012, the event was expanded to include e-waste dropoff. EDCO provides staff and an industrial size document shredder so residents can bring and dispose of paper and e-waste. During the holiday season, EDCO provided two Christmas tree drop-off locations for residents. In total, 25 tons of green waste was collected at these two sites during the holidays.

Miscellaneous Activities

<u>Scavenging and Illegal Waste Collection</u>: In 2013, there was one report of illegal scavenging and one report of illegal waste collection. After EDCO contacted City staff regarding both events, the cases were forwarded to the City's Code Enforcement Department for investigation.

<u>Bus Stop Containers</u>: EDCO has been willing to assist the City and NCTD collaboratively deal with the issue of litter around bus stops throughout Vista by replacing the old style concrete trash containers with larger capacity automated pick-up containers. In 2013, the City had two requests to replace waste containers at existing bus stops and no requests to add new services. EDCO continues to be attentive to requests by City staff for bus stop containers at locations where litter is an issue. In 2014, the City will be working with EDCO to replace containers at a number of bus stops in Vista where vandalism and graffiti are an issue.

<u>Household Hazardous Waste</u>: Operations at the Vista Household Hazardous Waste collection facility ran smoothly during the current reporting period. In 2013, EDCO and RSWA amended their agreement to provide household hazardous waste at the Vista facility to accommodate California's Paintcare program (AB 1343). As a result of the Paintcare program, the cost per vehicle that the operator charges the City for Vista residents decreased from \$64 to \$48.50, resulting in an annual savings of \$35,000. The City did not receive any complaints from Vista residents who utilized the facility in 2013.

<u>E-Waste</u>: Electronic waste continues to be accepted at the Vista Household Hazardous Waste collection facility. In 2013, the facility received 129,480 pounds of electronic waste, which is down from the 137,976 pounds received in 2012 and 154,538 pounds received in 2011. The reduction in e-waste collection over the three year period may be attributed to weak consumer confidence or changes in consumer spending habits.

EDCO February 11, 2014 Page 4

<u>Additional Recycling Services</u>: On October 1, 2013, EDCO announced the expansion of its recycling program in Vista to include aseptic containers. Often referred to as "Tetra Pak" packaging, Vista residents will now be able to recycle these containers which include but are not limited to juice boxes, ice cream cartons, and broth, soy, and milk containers.

AB 939/SB 1016 Compliance: With EDCO's assistance, City staff completed and filed the 2012 Electronic Annual Report (EAR) to Calrecycle by the August 1, 2013 deadline. In 2013, Charlene Graham, the City's Calrecycle representative, conducted a site visit with Public Works staff to review and get a firsthand look at the City's recycling programs. After reviewing the City's 2012 EAR and conducting the site visit, Charlene informed staff that the City is effectively implementing and managing its solid waste and recycling programs.

Summary

The City of Vista and its residents continue to benefit greatly from their long standing partnership with EDCO Disposal Collection & Waste and Recycling Services. Not only has EDCO exceeded its contractual requirements in 2013, the company also continues to provide invaluable services to the community. The City of Vista is extremely proud to partner with EDCO and has been considerably strengthened by EDCO's service and community partnerships. We appreciate the outstanding service EDCO provides to the City of Vista and thank all of EDCO's employees who contribute to this exceptional accomplishment.

In accordance with the powers granted to me by the City's mandatory trash collection ordinance, I hereby grant a one-year extension to the current refuse collection agreement between the City of Vista and EDCO Waste and Recycling Services through February 26, 2019.

Sincerely,

Patrick Johnson, City Manager

FIFTH AMENDMENT TO THE AGREEMENT BETWEEN THE CITY OF VISTA AND EDCO DISPOSAL CORPORATION FOR REFUSE COLLECTION SERVICES

This Fifth Amendment to the Agreement Between the City of Vista and EDCO Disposal Corporation for Refuse Collection Services ("Agreement") dated February 26, 1990, is made and entered into as of April 23, 2013, by and between the **City of Vista**, a chartered municipal corporation ("City"), and **EDCO Disposal Corporation**, a California corporation ("EDCO" or "Contractor").

RECITALS

- A. On February 26, 1990 the City entered into an Agreement Between the City of Vista and Vista Sanitation Company for Refuse Collection Services for the purpose of providing refuse collection services in the City.
- B. The Vista Sanitation Company was subsequently renamed Mashburn Waste & Recycling Services, Inc.; on July 28, 1998, the City approved the First Amendment to the Agreement authorizing the assignment of the rights and duties under the Agreement to EDCO; and as a result of this assignment, the original agreement is herein retitled to reflect EDCO and the City as the parties to the Agreement.
- C. On January 11, 2000, the City approved the Second Amendment to the Agreement authorizing EDCO to impose a household hazardous waste fee on all customers in the City.
- D. On June 23, 2002, the City approved the Third Amendment to the Agreement authorizing EDCO to implement a special pickup service.
- E. On November 10, 2009, the City approved the Fourth Amendment to the Agreement authorizing EDCO to provide street sweeping services in the City.

NOW THEREFORE, in consideration of the mutual agreements, obligations, and representations, City and Contractor hereby agree as follows:

- 1. Section 5, Compensation, of the Agreement is amended to read as follows effective July 1, 2013:
 - "(a) Payments to the City: In consideration of granting the exclusive franchise to the Contractor as herein provided, Contractor agrees to pay the City of Vista during the term of this agreement, the following sums:
 - (1) For the period July 1, 2013, through June 30, 2014, a sum equivalent to nine percent (9%) of gross monies collected pursuant to this agreement within the corporate limits of the City. Commencing July 1, 2014, and thereafter continuing, a sum equivalent to ten percent (10%) of gross monies collected pursuant to this agreement within the corporate limits of the City. Provided, however, Contractor shall pay the City a minimum of one hundred dollars (\$100.00) per annum.

- (2) In addition to the sum stated in subsection 5(a)(1) above, Contractor shall pay a sum equivalent to one dollar ninety-five cents (\$1.95) per ton for roll-off tonnage.
- (3) The aforementioned sums shall be paid quarterly, by the tenth of the month following the quarterly billing.
- (4) Monies collected through the recycling surcharge for the recycling program shall be exempt from franchise fees until such time as the recycling program becomes profitable.
- (5) Contractor shall further provide the City within thirty (30) days after the end of the calendar year a verified statement showing the gross monies collected for services for both refuse collection and recycling program within the corporate limits of the City.
- (6) City shall have reasonable rights to inspect Contractor's books of account at reasonable times and hours at Contractor's place of business."
- 2. Subsection (e) is deleted effective July 1, 2013.
- 3. For convenience and purposes of clarity, the Agreement is hereby retitled the "Agreement Between the City of Vista and EDCO Disposal Corporation for Refuse Collection Services".

[Continued on page 3.]

3. All other conditions of the Agreement shall continue in full force and effect.

IN WITNESS WHEREOF, the Parties have executed and entered into this Amendment as of the date first written above.

"City" . "Contractor"

Mr. Jeff Ritchie, Vice President and General Manager EDCO Disposal Corporation 224 S. Las Posas Road San Marcos, California 92078

Subject: 2012 Performance Evaluation and One-Year Contract Extension

Dear Mr. Ritchie:

Pursuant to Section 7, Subsection (c) of our Agreement dated February 26, 1989, the City of Vista is charged with conducting a year-end review of the contract, evaluating the level and quality of service and operations EDCO provides in Vista, and assessing compliance with the specific terms of the Agreement.

For purposes of the 2012 Performance Evaluation, the City will continue to use the same evaluation criteria the City has used in previous years. The criteria includes: Quality of Service, Administrative Responsibilities, Community Involvement and Miscellaneous Activities.

Quality of Service

Quality of service is evaluated based primarily on written, telephonic, and electronic communications received from residents of Vista and from field observations and reports by City staff during the last year of service. In 2012, Vista residents and City Administration received a high level of service from EDCO.

Residential Refuse Collection: In 2012, the City did not receive any written or electronic (email) record of complaints or calls from Vista residents regarding EDCO's quality of service. While it is understood that Vista residents may contact EDCO directly for these types of inquiries, the lack of calls to the City during this reporting period are an indication of EDCO's commitment to customer service and longstanding expertise in the waste hauling industry.

<u>Commercial Refuse Collection</u>: During 2012, the City did not receive any complaints from commercial businesses and/or contractors regarding refuse collection or EDCO's quality of service. EDCO collected on average approximately 3,635 tons of material per month from commercial users, which was 45% of the total waste stream in 2012.

<u>Commercial and Residential Recycling Collection</u>: The State of California adopted AB 341 in 2012, requiring all commercial businesses generating four cubic yards or more of solid waste per week and multifamily residential dwellings of five units or more to provide for commercial recycling collection. EDCO assisted City staff by developing a state mandated implementation and outreach plan to notice affected commercial businesses and multi-family developments. EDCO also assisted staff with documentation and reporting requirements for future compliance.

EDCO February 19, 2013 Page 2

When EDCO and City staff began compliance efforts in July 2012, there were a total of 1,457 commercial businesses and multi-family developments in Vista that were required to comply with AB 341. To date, 521 of the 1,457 total commercial businesses and multi-family developments are now in compliance.

In 2012, the City recycled on average approximately 468 tons per month of material from residential and multi-family households and 160 tons per month of material from commercial businesses. In 2011, the City recycled 479 tons per month from residential and multi-family households and 167 tons per month from commercial businesses.

Green Waste Recycling: In 2012, the City did not receive any complaints from customers concerning green waste recycling services. The City experienced a decrease in recycled green waste by recycling 888 tons of green waste per month in 2012 compared to 1,046 tons per month in 2011.

Economic Hardships: City records indicate there are approximately 50 residential economic hardship trash exemptions pending approval for calendar year 2013, as compared to 42 in 2012. We understand this figure may vary slightly from year to year and due to the ongoing economic conditions residents face, it may still increase next year. The City did not receive any written complaints or telephone calls regarding the quality of services from the low-income exempted households over the evaluation period.

Construction and Demolition Debris: The City experienced a decrease in the tons of material collected, tons recycled, and diversion rate achieved through the City's Construction and Demolition Ordinance in 2012. A total of 16,575 tons of material was collected in roll-off containers in 2012 compared to 18,898 tons in 2011. The amount of material recycled declined from 1,819 tons in 2011 to 1,601 tons in 2012 and the diversion rate fell from 18% to 15%. These reductions are a result of less construction activity in 2012 compared to 2011.

Administrative Responsibilities

Quarterly Financial Reports: EDCO continues to provide the City with accurate and timely quarterly reporting of franchise fees and recycling revenues. The City received \$874,748 in franchise fees and \$304,345 in recycling revenues over the last four quarters of data. In FY 11/12, the City received \$875,844 in franchise fees and \$476,526 from recycling. The significant drop in recycling revenue is due to a decrease in the value per ton of recyclable goods in the global market that began in late 2010.

Statistical Collection Reports: EDCO continues to collect statistics on refuse, recycled solid waste, green waste, and special collection. This data is recorded and used by City staff for the preparation and completion of the AB 939 Electronic Annual Report (EAR) to Calrecycle. It is also used to support the functions and duties regarding the California Integrated Waste Management Board.

Community Involvement

<u>City Community Projects</u>: The City continues to benefit from EDCO's support of community projects by providing containers and hauling services for those projects that must comply with the Construction and Demolition Ordinance. EDCO's efforts helped achieve the ordinance's 75% diversion goal and confirmed that a significant amount of construction and demolition debris generated from these projects is being diverted from landfills.

EDCO February 19, 2013 Page 3

<u>Special Recycling Projects</u>: In 2011, EDCO began conducting a mobile document shredding event once per year at Brengle Terrace Park to coincide with the tax season. EDCO provides staff and an industrial size document shredder so residents can bring and dispose of paper waste. In 2012, the event was expanded to include e-waste drop-off. Approximately four tons of paper and four large boxes of e-waste were collected from 131 residents. The City appreciates EDCO's continued commitment to provide special recycling projects that are convenient for Vista residents.

Miscellaneous Activities

Scavenging and Illegal Waste Collection: In 2012, there were two reports of illegal waste collection that were discovered by EDCO at two separate residences in the City. Both residences were experiencing construction activity and rented trash bins from an unauthorized hauler. EDCO contacted City staff, who worked with the Code Enforcement Department to investigate the issue. There were no reports of illegal scavenging during this reporting period.

<u>Bus Stop Containers</u>: EDCO has been willing to assist the City and NCTD collaboratively deal with the issue of litter around bus stops throughout Vista by replacing the old style concrete trash containers with larger capacity automated pick-up containers. In 2012, EDCO added one container at the bus stop located at the southwest corner of Branding Iron Drive and South Melrose Drive. EDCO continues to be attentive to requests by City staff for bus stop containers at locations where litter is an issue.

<u>Household Hazardous Waste</u>: Operations at the Vista Household Hazardous Waste collection facility ran smoothly during this reporting period. City staff has noticed that the facility is generally kept clean, clutter free, and employees are no longer parking their vehicles inside the facility. The City did not receive any complaints regarding service at the facility.

Stormwater Run-off Management Assistance: In 2012, EDCO continued to effectively respond to staff inquiries regarding dumpster lids being left open in specific areas of the City. Paper and other waste can be blown or washed from the bin and end up in the stormwater system when lids to commercial bins are left open. Staff believes that business owners and individuals looking for recyclables may be causing the problem. While it is not uncommon for this issue to arise from time to time, City Stormwater Management staff has noticed a decrease in open dumpster lids in areas that were reported to EDCO.

<u>E-Waste</u>: Electronic waste continues to be accepted at the Vista Household Hazardous Waste collection facility. In 2012, the facility received 137,976 pounds of electronic waste, which is down from the 154,538 pounds received in 2011. A lack of consumer confidence and economic uncertainty has impacted the sale of electronic components and products, which helps explain the reduction in e-waste received at the HHW facility.

AB 939/SB 1016 Compliance: With EDCO's assistance, City staff completed and filed the 2011 Electronic Annual Report (EAR) to Calrecycle on time. The City's Calrecycle representative informed staff that Vista is managing its recycling programs and activities well and continues to meet the 50% diversion requirement under AB 939/SB 1016. The City appreciates EDCO's valuable assistance and data that is included in the EAR.

Summary

In 2012 as in years past, EDCO has met or exceeded their contract obligations to the benefit of the City of Vista and its residents. City staff appreciates the responsiveness,

EDCO February 19, 2013 Page 4

professionalism, and commitment to quality service that EDCO and its employees demonstrate on a regular basis. The City values and is proud of the accomplishments achieved by the longstanding relationship with EDCO and looks forward to continued success in the future. The City would like to congratulate and thank all-EDCO employees who contributed to another successful year of refuse management in Vista.

In accordance with the powers granted to me by the City's mandatory trash collection ordinance, I hereby grant a one-year extension to the current refuse collection agreement between the City of Vista and EDCO Waste and Recycling Services through February 26, 2018.

Sincerely,

Patrick Johnson, City Manager

RECEIVED CITY OF VISTA CITY CLERK'S DEPT. 2011 FEB 16 PM 1: 36

February 14, 2011

Mr. Jeff Ritchie, Vice President and General Manager EDCO Disposal Corporation 224 S. Las Posas Road San Marcos, California 92078

Subject: 2010 Performance Evaluation and One-Year Contract Extension

Dear Jeff:

Pursuant to Section 7, Subsection (c) of our Agreement dated February 26, 1989, the City of Vista is charged with conducting a year-end review of the contract, evaluating the level and quality of service and operations EDCO provides in Vista, and assessing compliance with the specific terms of that Agreement.

For purposes of the 2010 Performance Evaluation, the City will continue to use the same evaluation criteria the City has used in previous years. The criteria are: Quality of Service, Administrative Responsibilities, Community Involvement and Miscellaneous Activities.

Quality of Service

Quality of service is evaluated based primarily on written, telephonic, and electronic communications received from residents of Vista and from field observations and reports by City staff during the last year of service. Vista residents and City Administration have received a high level of service from EDCO in past years and the 2010 year was no exception.

Residential Refuse Collection: The City had no written records of (conventional mail or email) complaints about EDCO services and received one (1) telephone call from a Vista resident regarding refuse collection during 2010. The call was handled by the Interim Director of Public Works and EDCO staff, who met with the resident at the resident's address to correct the issue.

<u>Commercial Refuse Collection</u>: During the evaluation period, the City did not receive any complaints from commercial service users and/or contractors.

Commercial Recycling Collection: The City and EDCO have worked cooperatively during the past year to increase commercial recycling activity in Vista. Based on comparative data, commercial recycling diversion programs enjoyed a slight increase in the total commercial tonnage recycled from 5.34% of commercial waste stream in 2009 to 8.06% in 2010.

Residential and Multi-Family Recycling: Curbside recycling continues to be operated very successfully in Vista. The City appreciates your video demonstrating the recycling process, which EDCO produced, and has a great deal of potential in educating Vista's residents and the general public on the benefits of recycling. In order to make their operations more efficient, EDCO began collecting multifamily recyclables concurrently with residential recyclables. Last year, EDCO also expanded recycling efforts by beginning a program to accept "mixed ridged plastics".

In 2010, the City recycled on average approximately 489 tons per month of materials from residential and multifamily households as compared to 513 tons per month in 2009.

EDCO Disposal Corporation February 14, 2011 Page 2 of 3

Green Waste Recycling: The City received no complaints from customers related to green waste recycling. The City experienced an increase in recycled green waste by recycling an average of 799 tons of green waste per month in 2010 compared to 717 tons per month in 2009.

Economic Hardships: Our records show 39 approved residential economic hardship trash exemptions, as opposed to 27 last year. This number can vary slightly from year to year and may go up substantially this next year due to economic conditions. The City received no written complaints or telephone calls regarding the quality of services from any of these low-income exempted households over the evaluation period.

Construction and Demolition Debris: One area which realized a reduction was the amount of debris collected and recycled through the City's Construction and Demolition Debris Ordinance; although the tons collected increased, the amount able to be recycled deceased slightly. A total of 24,780 tons of materials were collected in roll-off containers of which 8,064 tons were recycled for a diversion rate of 33% in 2010. This compares to 7,960 tons recycled in 2009 for a roll-off diversion rate of 34%.

Administrative Responsibilities

Quarterly Financial Reports: Quarterly franchise tax and recycling revenue payments are always filed and received in a timely manner, and all reports are prepared consistently and accurately. For 2010, the City received payments totaling \$583,395 for recycling. The previous year, the City received \$549,822 in recycling payments. Recycling values have suffered significantly with the downturn in the economy.

<u>Statistical Collection Reports</u>: Refuse, recycled solid waste, green waste, and special collection statistics are collected and recorded to meet the requirements and timetables of the California Integrated Waste Management Board and various agencies, and the City appreciates EDCO's efforts in providing accurate and timely statistical information filed on the City's behalf.

Community Involvement_

<u>City Community Projects</u>: The prompt hauling and diversion advice provided by EDCO and its employees to assist the City with diversion and recycling for its community projects resulted in substantial savings for the city; in excess of \$300,000 for these projects.

More importantly, EDCO, by assisting the City in attaining its 75% diversion goal, allowed the City to set an example for the community by diverting a high percentage of the construction and demolition debris generated by the projects from the landfill. The timely provision of containers and hauling by EDCO free of charge on short notice was essential to the success of these important public safety projects.

Special Recycling Projects: EDCO continues to honor its commitments to special recycling projects such as Christmas tree recycling and the City plans to continue to expand programs like this with EDCO's help. This past holiday season EDCO hauled away and recycled 35.25 tons of greenery for Vista residents. This compares to 19.64 tons for the previous year (which included telephone book recycling), reflecting the slight increase of economic recovery this year.

Miscellaneous Activities

Scavenging and Illegal Waste Collection: No incidents of scavenging or illegal waste collection were reported during the year. In 2010, Code Enforcement Officers and Public Works staff worked collaboratively with EDCO staff throughout the year to ensure unauthorized collection of recyclables and placement of illegal trash containers within the City were minimized. These cooperative efforts have proven highly successful and will continue.

<u>Bus Stop Containers</u>: EDCO has been willing to assist the City and NCTD collaboratively deal with the problem of litter around bus stops throughout Vista by replacing the old style concrete trash containers with larger capacity automated pick-up containers made from recycled materials. This effort continues as EDCO added two additional locations during the past year.

EDCO Disposal Corporation February 14, 2011 Page 3 of 3

Household Hazardous Waste: The City has benefited tremendously from membership in the Regional Solid Waste Association (RSWA) and the agreement with EDCO regarding the operation of the HHW collection facility. During the year, operation of the HHW facility was transferred from Clean Harbors to PSC Environmental. EDCO worked with RSWA to solicit bids and negotiate a contract with PSC to ensure member agencies receive optimal service for household hazardous waste. The HHW program remains regional and continues to serve as a model for other jurisdictions.

Graffiti Abatement: EDCO continues to partner with the City and its efforts to eradicate graffiti in the community. EDCO provides the Public Works Department with matching spray paint for their dumpster containers so that City staff is able to paint out graffiti expeditiously after its discovery.

<u>E-Waste</u>: With EDCO's help, the Vista HHW collection facility continued to accept electronic waste after the operator was changed from Clean Harbors to PSC Environmental. Electronic Waste disposal will continue as an integral part of the regional program.

AB939 Diversion: Under AB939, EDCO and the City struggled in past years to meet the 50% diversion of building materials from landfills; however, this may have been caused by unreliable base year data used to calculate diversion in a complex mathematical formula. Due to increased scrutiny from stakeholders, SB1016 was passed and diversion calculations were simplified to increase reporting accuracy and timeliness. The Electronic Annual Report was submitted to CalRecycle in July and staff was notified that Vista was meeting required diversion rates under SB1016 and would be taken off of "good faith effort" status.

Summary

The City of Vista and its residents continue to benefit from a long standing partnership with EDCO Disposal Collection EDCO Waste and Recycling Services. Once again, EDCO has exceeded contractual requirements in addition to providing invaluable community services. The City of Vista is extremely proud to partner with EDCO and is very thankful for all that EDCO has and continues to do for the Vista Community.

In accordance with the powers granted to me by the City's mandatory trash collection ordinance, I hereby grant a one-year extension to the current refuse collection agreement between the City of Vista and EDCO Waste and Recycling Services through February 26, 2016.

Superb Job!

Sincerely.

Subject: 2009 Performance Evaluation and One-Year Contract Extension

Dear Jeff:

Pursuant to Section 7, Subsection (c) of our Agreement dated February 26, 1989, the City of Vista is charged with conducting a year-end review of the contract, evaluating the level and quality of service and operations EDCO provides in Vista, and assessing compliance with the specific terms of that Agreement.

For purposes of the 2008 Performance Evaluation, the City will continue to use the same evaluation criteria the City has used in previous years. The criteria are: Quality of Service, Administrative Responsibilities, Community Involvement and Miscellaneous Activities.

Quality of Service

Quality of service is evaluated based primarily on written, telephonic, and electronic communications received from residents of Vista and from field observations and reports by City staff during the last year of service. Vista residents and City Administration have received a high level of service from EDCO in past years and the 2008 year was no exception.

<u>Residential Refuse Collection</u>: The City had one record of a written (conventional mail or email) complaint about EDCO services and received fewer than five (5) telephone calls from Vista residents regarding refuse collection during 2008. All of those calls were referred directly to EDCO offices or Public Services Department staff and were resolved expeditiously.

<u>Commercial Refuse Collection</u>: During the evaluation period, the City did not receive any complaints from commercial service users and/or contractors.

<u>Commercial Recycling Collection</u>: The City and EDCO have worked cooperatively during the past year to increase commercial recycling activity in Vista. However, based on comparative data, commercial recycling diversion programs suffered a slight decrease in the total commercial tonñage recycled from 5.29% of commercial waste stream in 2008 to 5.34% in 2009.

EDCO Disposal Corporation January 28, 2010 Page 2 of 4

, 5

Residential and Multi-Fámily Recycling: Curbside recycling continues to be operated very successfully in Vista. The City appreciates your video demonstrating the recycling process, which EDCO produced, and has a great deal of potential in educating Vista's residents and the general public on the benefits of recycling. In order to make their operations more efficient, EDCO began collecting multifamily recyclables concurrently with residential recyclables.

In 2009, the City recycled on average approximately 513 tons per month of materials from residential and multi-family households as compared to 601 tons per month in 2008.

<u>Green Waste Recycling</u>: The City received no complaints from customers related to green waste recycling. The City experienced a slight increase in recycled green waste by recycling an average of 717 tons of green waste per month in 2009 compared to 714 tons per month in 2008.

<u>Economic Hardships</u>: Our records show 27 approved residential economic hardship trash exemptions, as opposed to 35 last year. This number can vary slightly from year to year and may go up substantially this next year due to economic conditions. The City received no written complaints or telephone calls regarding the quality of services from any of these low-income exempted households over the evaluation period.

Construction and Demolition Debris: One area which realized a reduction was the amount of debris collected and recycled through the City's Construction and Demolition Debris Ordinance. A total of 23,174 tons of materials were collected in roll-off containers of which 7,960 tons were recycled for diversion rate of 34% in 2009. This compares to 11,789 tons recycled in 2008 for a roll-off diversion rate of 36%.

Administrative Responsibilities

Quarterly Financial Reports: Quarterly franchise tax and recycling revenue payments are always filed and received in a timely manner, and all reports are prepared consistently and accurately. Last year the City received payments totaling \$344,138 for recycling. The previous year, the City received \$689,493 in recycling payments. Recycling values have suffered significantly with the downturn in the economy.

<u>Statistical Collection Reports</u>: Refuse, recycled solid waste, green waste, and special collection statistics are collected and recorded to meet the requirements and timetables of the California Integrated Waste Management Board and various agencies and the City appreciates EDCO's efforts in providing accurate and timely statistical information filed on the City's behalf.

Community Involvement

<u>Vista Fire Stations and Civic Center Demolition and Construction Debris</u>: The containers, prompt hauling, data support and diversion advice provided by EDCO and its employees to assist the City with construction and demolition debris diversion and recycling for its fire station projects and Civic Center is a key component of attaining LEED certification for these projects.

EDCO Disposal Corporation January 28, 2010 Page 3 of 4

s. 🐔 🔭

More importantly, EDCO, by assisting the City in attaining its 75% diversion goal, allowed the City to set an example for the community by diverting a high percentage of the construction and demolition debris generated by the projects from the landfill. The timely provision of containers and hauling by EDCO free of charge on short notice was essential to the success of these important public safety projects.

<u>Special Recycling Projects</u>: EDCO continues to honor its commitments to special recycling projects such as Christmas tree and telephone book recycling and the City plans to continue and expand programs like these with EDCO's help. This past holiday season EDCO hauled away and recycled 19.64 tons of greenery for Vista residents. This compares to 33.4 tons for the previous year, reflecting the impact of the economic downturn on Christmas tree purchases.

Miscellaneous Activities

<u>Scavenging and Illegal Waste Collection</u>: No incidents of scavenging or illegal waste collection were reported during the year. In 2009, Code Enforcement Officers and Public Services staff worked collaboratively with EDCO throughout the year to ensure unauthorized collection of recyclables and placement of illegal trash containers within the City were minimized. These cooperative efforts have proven highly successful and will continue.

<u>Bus Stop Containers:</u> EDCO has been willing to assist the City and NCTD collaboratively deal with the problem of litter around bus stops throughout Vista by replacing the old style concrete trash containers with larger capacity automated pick-up containers made from recycled materials. This effort continues as EDCO added three additional locations during the past year.

Household Hazardous Waste: The City has benefited tremendously from membership in the Regional Solid Waste Association and the agreement with EDCO regarding the operation of the HHW collection facility. During the year, staff identified some billing discrepancies from Clean Harbors. EDCO took the lead in working with Clean Harbors to develop a solution to correct the billing issues. EDCO has taken the lead in contract negotiations and bid solicitation to ensure the RSWA members receive optimal service for household hazardous waste. Through joint efforts like this, the HHW program will remain "regional" and continue to serve as a model for other jurisdictions.

<u>Graffiti Abatement</u>: EDCO continues to partner with the City and its efforts to eradicate graffiti in the community. EDCO provides the Public Services Department with matching spray paint for their dumpster containers so that City staff are able to paint out graffiti expeditiously after its discovery.

 \sim

EDCO Disposal Corporation January 28, 2010 Page 4 of 4

<u>E-Waste:</u> With EDCO's help, the Vista permanent HHW collection facility continued to accept electronic waste and develop an agreement with E-World Recyclers. This joint effort will continue as an integral part of the regional program.

<u>AB939 Diversion</u>: EDCO continues to partner with the City by providing full recycling of all commercial bins at their Las Posas Road facility. The City continues to strive for 50% diversion of building materials and appreciates your participation in supporting the City's efforts.

Summary

The City of Vista and its residents continue to benefit from a long standing partnership with EDCO Disposal Collection EDCO Waste and Recycling Services. Once again, EDCO has exceeded contractual requirements in addition to providing invaluable community services. The City of Vista is extremely proud to partner with EDCO and is very thankful for all that EDCO has and continues to do for the Vista Community.

In accordance with the powers granted to me by the City's mandatory trash collection ordinance, I hereby grant a one-year extension to the current refuse collection agreement between the City of Vista and EDCO Waste and Recycling Services through February 26, 2015.

FOURTH AMENDMENT TO THE EXCLUSIVE FRANCHISE AGREEMENT BETWEEN THE CITY OF VISTA AND EDCO DISPOSAL CORPORATION FOR REFUSE COLLECTION SERVICES

THIS FOURTH AMENDMENT TO THE AGREEMENT BETWEEN THE CITY OF VISTA AND EDCO DISPOSAL CORPORATION for refuse collection services (the "Fourth Amendment"), made and entered into this ______November_10_____, 2009, by and between the CITY OF VISTA, a chartered municipal corporation, (hereinafter referred to as "City"), and EDCO Disposal Corporation, a California corporation, (hereinafter referred to as "Contractor"), under an agreement (the "Agreement") between the City and Contractor dated February 26, 1990.

WITNESSETH

WHEREAS, of February 26, 1990 the City entered into the Agreement with Vista Sanitation Company, (subsequently renamed Mashburn Waste & Recycling Services, Inc.) for the purpose of providing refuse collection services in the city; and

WHEREAS, on July 28, 1998, the City approved the First Amendment to the Agreement authorizing the assignment of the rights and duties under the Agreement to EDCO Disposal Corporation ("EDCO"); and

WHEREAS, on January 11, 2000, the City approved the Second Amendment to the Agreement authorizing EDCO to impose a household hazardous waste fee on all customers in the city; and

WHEREAS, on June 24, 2002, the City approved the Third Amendment to the Agreement authorizing EDCO to amend the Special Pickup Services; and

WHEREAS, Section 10 of the Agreement requires all amendments to be in writing; and

WHEREAS, the City and Contactor desire to enter into this Fourth Amendment to the Agreement to extend Contractor's services to include managing the street sweeping contract between the City and CleanStreet, Inc.

NOW, THEREFORE, in consideration of these promises and mutual agreements herein contained, the parties hereto do agree as follows:

- 1. The above recitals are true and correct and incorporated herein.
- 2. Section 4, SERVICES TO BE PROVIDED BY CONTRACTOR, is hereby amended as follows:
 - (n) <u>Street Sweeping -- Contract Management</u>: Contractor shall provide contract management services under a street sweeping agreement between the City of Vista and CleanStreet, Inc. dated December 12, 2006 ("Street Sweeping Agreement") until expiration of Street Sweeping Agreement on June 30, 2010 at

no additional cost to the City. Contractor shall not terminate Street Sweeping Agreement with CleanStreet, Inc. with or without cause, without City's prior written approval.

Prior to expiration of Street Sweeping Agreement, Contractor shall select a qualified street sweeping contractor to perform street sweeping services of city streets and contract with such contractor following the expiration of the Street Sweeping Agreement.

Contractor shall coordinate street sweeping services with the City's Code Enforcement Division to enforce parking regulations related to street sweeping activities.

Contractor shall deliver an annual report to the City on the number of linear miles swept, amount of street sweeping debris collected and disposed, and other pertinent statistics as may be required by the Director of Public Services.

Contractor shall be responsible for supervising Street Sweeping Contractor to ensure Street Sweeping Contractor performs street sweeping services to the highest level possible and properly disposes of street sweeping debris in a lawful manner.

- 3. Section 5, COMPENSATION, is hereby amended as follows:
 - (b) Service Charges: Contractor agrees, during the term of this agreement to abide by the schedule of charges for regular, continuous collection services, special pick-up services, recycling services and street sweeping services established by resolution of the City Council, as such schedule may be amended from time to time in accordance with sections 5(d)(e) and (f).
- 4. Contractor may request an adjustment in the schedule of charges for street sweeping services beginning July 1, 2010. In the event City Council does not approve Contractor's request Contractor may terminate the street sweeping contract management provisions under this amendment effective June 30, 2010.
- 5. All other terms and conditions of the Agreement not amended herein shall remain in effect.

(Continued on next page.)

IN WITNESS WHEREOF, the parties have executed and entered into this First Fourth. Amendment as of the date first written above.

CITY CLERK CITY OF VISTA, CA

Mr. Jeff Ritchie, Vice President and General Manager EDCO Disposal Corporation 224 S. Las Posas Road San Marcos, California 92078

Subject: 2008 Performance Evaluation and One-year Contract Extension

Dear Jeff:

Pursuant to Section 7, Subsection (c) of our Agreement dated February 26, 1989, the City of Vista is charged with conducting a year-end review of the contract, evaluating the level and quality of service and operations EDCO provides in Vista, and assessing compliance with the specific terms of that Agreement.

For purposes of the 2008 Performance Evaluation, the City will continue to use the same evaluation criteria the City has used in previous years. The criteria are: Quality of Service, Administrative Responsibilities, Community Involvement and Miscellaneous Activities.

Quality of Service

Quality of service is evaluated based primarily on written, telephonic, and electronic communications received from residents of Vista and from field observations and reports by City staff during the last year of service. Vista residents and City Administration have received a high level of service from EDCO in past years and the 2008 year was no exception.

Residential Refuse Collection: The City had one record of a written (conventional mail or email) complaint about EDCO services and received fewer than five (5) telephone calls from Vista residents regarding refuse collection during 2008. All of those calls were referred directly to EDCO offices or Public Services Department staff and were resolved expeditiously.

<u>Commercial Refuse Collection</u>: During the evaluation period, the City did not receive any complaints from commercial service users and/or contractors.

<u>Commercial Recycling Collection</u>: The City and EDCO have worked cooperatively during the past year to increase commercial recycling activity in Vista. However, based on comparative data, commercial recycling diversion programs suffered a slight decrease in the total commercial tonnage recycled from 8% of commercial waste stream in 2007 to 5% in 2008.

EDCO Disposal Corporation February 2, 2009 Page 2 of 4

Residential and Multi-Family Recycling: Curbside recycling continues to be operated very successfully in Vista. The City appreciates your video demonstrating the recycling process, which EDCO produced, and has a great deal of potential in educating Vista's residents and the general public on the benefits of recycling. In order to make their operations more efficient, EDCO began collecting multifamily recyclables concurrently with residential recyclables.

In 2008, the City recycled on average approximately 601 tons per month of materials from residential and multi-family households and this is comparable to the amount recycled in 2007.

Green Waste Recycling: The City received no complaints from customers related to green waste recycling. The City recycled an average of 714 tons of green waste per month in 2008 compared to recycling an average of 738 tons per month in 2007.

<u>Economic Hardships</u>: Our records show 36 approved residential economic hardship trash exemptions, as opposed to 35 last year. This number can vary slightly from year to year and may go up substantially this next year due to economic conditions. The City received no written complaints or telephone calls regarding the quality of services from any of these low-income exempted households over the evaluation period.

Construction and Demolition Debris: One area which realized significant change and improvement was the amount of debris collected and recycled through the City's Construction and Demolition Debris Ordinance. A total of 33,175 tons of materials were collected in roll-off containers of which 11,789 tons were recycled for diversion rate of 36% in 2008. This compares to 2,465 tons recycled in 2007 for a roll-off diversion rate of 8%.

<u>Administrative Responsibilities</u>

Quarterly Financial Reports: Quarterly franchise tax and recycling revenue payments are always filed and received in a timely manner, and all reports are prepared consistently and accurately. Last year the City received payments totaling \$698,493 for recycling. Recycling values have suffered with the downturn in the economy. The City estimates these lower revenues will continue to fall during calendar year 2009.

<u>Statistical Collection Reports</u>: Refuse, recycled solid waste, green waste, and special collection statistics are collected and recorded to meet the requirements and timetables of the California Integrated Waste Management Board and various agencies and the City appreciates EDCO's efforts in providing accurate and timely statistical information filed on the City's behalf.

Community Involvement

<u>Vistans ROC</u>: The containers and support provided by EDCO and its employees at the Vistans ROC event in October exceeded expectations and the City is very grateful for this vital community service. The Vistans ROC event was once again extremely successful as EDCO hauled away 67.85 tons of mixed waste from the project site as compared to 47.5 in 2007.

EDCO Disposal Corporation February 2, 2009 Page 3 of 4

Vista Fire Stations and Civic Center Demolition and Construction Debris: The containers, prompt hauling, data support and diversion advice provided by EDCO and its employees to assist the City with construction and demolition debris diversion and recycling for its fire station projects and Civic Center is a key component of attaining LEED certification for these projects. More importantly, EDCO, by assisting the City in attaining its 75% diversion goal, allowed the City to set an example for the community by diverting a high percentage of the construction and demolition debris generated by the projects from the landfill. The timely provision of containers and hauling by EDCO free of charge on short notice was essential to the success of these important public safety projects.

<u>Special Recycling Projects</u>: EDCO continues to honor its commitments to special recycling projects such as Christmas tree and telephone book recycling and the City plans to continue and expand programs like these with EDCO's help. This past holiday season EDCO hauled away and recycled 33.4 tons of greenery for Vista residents. This compares to 20.49 tons for the previous year.

Miscellaneous Activities

Scavenging and Illegal Waste Collection: No incidents of scavenging or illegal waste collection were reported during the year. In 2008, Code Enforcement Officers and Public Services staff worked collaboratively with EDCO throughout the year to ensure unauthorized collection of recyclables and placement of illegal trash containers within the City were minimized. These cooperative efforts have proven highly successful and will continue.

<u>Bus Stop Containers:</u> EDCO has been willing to assist the City and NCTD collaboratively deal with the problem of litter around bus stops throughout Vista by replacing the old style concrete trash containers with larger capacity automated pick-up containers made from recycled materials. This effort continues as EDCO added additional locations during the past year.

Household Hazardous Waste: The City has benefited tremendously from membership in the Regional Solid Waste Association and the agreement with EDCO regarding the operation of the HHW collection facility. The current operator, Clean Harbors, has provided exceptional service to the residents of Vista. The HHW program completed its tenth successful year of operation and continues to grow while holding the cost to the City below that of other jurisdictions (per vehicle). Through joint efforts like this, the HHW program will remain "regional" and continue to serve as a model for other jurisdictions.

<u>Graffiti Abatement</u>: EDCO continues to partner with the City and its efforts to eradicate graffiti in the community. EDCO provides the Public Services Department with matching spray paint for their dumpster containers so that City staff are able to paint out graffiti expeditiously after its discovery.

EDCO Disposal Corporation February 2, 2009 Page 4 of 4

<u>E-Waste:</u> With EDCO's help, the Vista permanent HHW collection facility continued to accept electronic waste with no problems encountered. This joint effort will continue as an integral part of the regional program.

<u>AB939 Diversion</u>: EDCO continues to partner with the City by providing full recycling of all commercial bins at their Las Posas Road facility. The City continues to strive for 50% diversion of building materials and appreciates your participation in discussing our efforts at the California Integrated Waste Management Board meetings last December.

Summary

The City of Vista and its residents continue to benefit from a long standing partnership with EDCO Disposal Collection EDCO Waste and Recycling Services. Once again, EDCO has met or exceeded contractual requirements in addition to providing invaluable community services. The City of Vista is extremely proud to partner with EDCO and is very thankful for all that EDCO has and continues to do for the Vista Community.

In accordance with the powers granted to me by the City's mandatory trash collection ordinance, I hereby grant a one-year extension to the current refuse collection agreement between the City of Vista and EDCO Waste and Recycling Services through February 26, 2014.

Sincerely,

Rita L. Geldert, City Manager

CITY CLERK
CITY OF VISTA, CA

Subject: 2007 Performance Evaluation and One-year Contract Extension

Dear Jeff:

Pursuant to Section 7, Subsection (c) of our Agreement dated February 26, 1989, the City of Vista is charged with conducting a year-end review of the contract, evaluating the level and quality of service and operations EDCO provides in Vista, and assessing compliance with the specific terms of that Agreement.

For purposes of the 2007 Performance Evaluation, the City will continue to use the same evaluation criteria the City has used in previous years. The criteria are: Quality of Service, Administrative Responsibilities, Community Involvement and Miscellaneous Activities.

Quality of Service

Quality of service is evaluated based primarily on written, telephonic, and electronic communications received from residents of Vista and from field observations and reports by City staff during the last year of service. Vista residents have received a high level of service from EDCO in past years and the 2007 year was no exception.

Residential Refuse Collection: The City had no records of any written (conventional mail or email) complaints about EDCO services and received fewer than ten (10) telephone calls from Vista residents regarding refuse collection during 2007. Several of those calls were referred directly to EDCO offices and resolved expeditiously by your staff.

<u>Commercial Refuse Collection</u>: During the evaluation period, the City did not receive any complaints from commercial service users and/or contractors.

Commercial Recycling Collection: The City and EDCO have worked cooperatively during the past year to increase commercial recycling activity in Vista. Based on comparative data, commercial recycling diversion programs increased the total commercial tonnage recycled approximately 6.3% in 2007 compared to 2006.

EDCO Disposal Corporation March 6, 2008 Page 2 of 4

Residential and Multi-Family Recycling: Curbside recycling continues to be operated very successfully in Vista. The City appreciates your presentation to the City Council on February 12, 2008. The video demonstrating the recycling process, which EDCO produced, has a great deal of potential in educating Vista's residents and the general public on the benefits of recycling.

Currently, the City recycles on average approximately 1,221 tons per month of materials from residential households and approximately 4.91 tons per month from multi-family dwellings. Last years averages were 1,240 tons and 5.43 tons respectively.

Green Waste Recycling: The City received no complaints from customers related to green waste recycling. The City recycled an average of 713 tons of green waste per month in 2007 compared to recycling an average of 682 tons per month in 2006.

<u>Economic Hardships</u>: Our records show 35 approved residential economic hardship trash exemptions, as opposed to 48 last year. This number can vary slightly from year to year and the City received no written complaints or telephone calls regarding the quality of services from any of these low-income exempted households over the evaluation period.

Administrative Responsibilities

Quarterly Financial Reports: Quarterly franchise tax and recycling revenue payments are always filed and received in a timely manner, and all reports are prepared consistently and accurately. Last year the City received payments totaling \$684,124 for recycling.

Statistical Collection Reports: Refuse, recycled solid waste, green waste, and special collection statistics are collected and recorded to meet the requirements and timetables of the California Integrated Waste Management Board and various agencies and the City appreciates EDCO's efforts in providing accurate and timely statistical information filed on the City's behalf.

Community Involvement

<u>Vistans ROC</u>: The containers and support provided by EDCO and its employees at the Vistans ROC event in October exceeded expectations and the City is very grateful for this vital community service. The Vistans ROC event was once again extremely successful as EDCO hauled away 47.5 tons of mixed waste from the project site.

<u>Vista Fire Stations Demolition and Construction Debris</u>: The containers, prompt hauling, data support and diversion advice provided by EDCO and its employees to assist the City with construction and demolition debris diversion and recycling for its fire station projects is a key component of attaining LEED certification for these projects. More importantly, EDCO, by assisting the City in attaining its 75 percent diversion goal, allowed the City to set an example for the community by diverting a high percentage of the construction and demolition debris generated by the fire station projects from the landfill. The timely provision of containers and hauling by EDCO free of charge on short notice was essential to the success of these important public safety projects.

EDCO Disposal Corporation March 6, 2008 Page 3 of 4

Special Recycling Projects: EDCO continues to honor its commitments to special recycling projects such as Christmas tree and telephone book recycling and the City plans to continue and expand programs like these with EDCO's help. This past holiday season EDCO hauled away and recycled 20.49 tons of greenery for Vista residents. This compares to 13.68 tons for the previous year.

Miscellaneous Activities

Scavenging and Illegal Waste Collection: No incidents of scavenging or illegal waste collection were reported during the year. Code Enforcement officers and Public Works staff worked collaboratively with EDCO throughout the period to insure unauthorized collection of recyclables and placement of illegal trash containers within the City were minimized. These cooperative efforts have proven highly successful and will continue.

<u>Bus Stop Containers:</u> EDCO has been willing to assist the City and NCTD collaboratively deal with the problem of litter around bus stops throughout Vista by replacing the old style concrete trash containers with larger capacity automated pick-up containers made from recycled materials. This effort continues as EDCO added additional locations during the past year.

Household Hazardous Waste: The City has benefited tremendously from membership in the Regional Solid Waste Association and the agreement with EDCO regarding the operation of the HHW collection facility. The current operator, Clean Harbors, has provided exceptional service to the residents of Vista. The HHW program completed its tenth successful year of operation and continues to grow while holding the cost to the City below that of other jurisdictions (per vehicle). Through joint efforts like this, the HHW program will remain "regional" and continue to serve as a model for other jurisdictions.

<u>Graffiti Abatement</u>: EDCO continues to partner with the City and its efforts to eradicate graffiti in the community. EDCO provides the Public Works Department with matching spray paint for their dumpster containers so that City staff are able to paint out graffiti expeditiously after its discovery.

<u>E-Waste:</u> With EDCO's help, the Vista permanent HHW collection facility continued to accept electronic waste with no problems encountered. This joint effort will continue as an integral part of the regional program.

<u>AB939 Diversion</u>: EDCO continues to partner with the City by providing full recycling of all commercial bins at their Las Posas Road facility. The City continues to strive for 50% diversion of building materials.

EDCO Disposal Corporation March 6, 2008 Page 4 of 4

Summary

The City of Vista and its residents continue to benefit from a long standing partnership with EDCO Disposal Collection EDCO Waste and Recycling Services. Once again, EDCO has met or exceeded contractual requirements in addition to providing invaluable community services. The City of Vista is extremely proud to partner with EDCO and is very thankful for all that EDCO has and continues to do for the Vista Community.

In accordance with the powers granted to me by the City's mandatory trash collection ordinance, I hereby grant a one-year extension to the current refuse collection agreement between the City of Vista and EDCO Waste and Recycling Services through February 26, 2013.

Sincerely,

Rita L. Geldert, City Manager

CITY CLERK CITY OF VISTA, CA

January 29, 2007

COPY

Jeff Ritchie Vice President EDCO Disposal Corporation 224 S. Las Posas Road San Marcos, California 92069-2421

SUBJECT: PERFORMANCE EVALUATION

Mr. Ritchie:

In accordance with Section 7, Subsection (c) of our Agreement dated February 26, 1989, the City of Vista is charged on an annual basis with conducting a year-end performance review of the contract, evaluating the level and quality of service and operations EDCO provides in Vista, and assessing compliance with the specific terms of that Agreement.

For purposes of this year's performance evaluation, the City will continue to use the criteria from previous years: 1) Quality of Service, 2) Administrative Responsibilities, 3) Community Involvement and 4) Miscellaneous Activities.

Ouality of Service

Quality of service is evaluated based primarily on written, telephone, and electronic communications received from citizens and from field observations and reports by City staff. The City of Vista and its residents have come to expect a high level of service from EDCO. When this service falls below levels expected, or when EDCO's service or outreach is extraordinary, residents voice their opinions. All correspondence is documented by the Management Analyst at the Engineering/Public Works Department, and EDCO is contacted (if necessary) to address any issues.

Residential Refuse Collection. The City received very few written, telephone or electronic complaints in the course of the past contract year dealing with residential refuse, recyclables, or green waste collection and Public Works staff. Staff received no e-mail complaints, one letter (explanation below), and three telephone call from Vista residents regarding refuse collection during the year. No complaints were filed with the City Council to the knowledge of staff. All constituent messages were handled promptly and professionally, and none of the residents communicated thereafter.

Resident's correspondence included:

Customer called to complain about the early hours of service EDCO is permitted to operate.

Resident wrote a letter seeking investigation into a neighbor's claim that the neighbor did not pay for EDCO residential service. Staff worked with EDCO to determine customer did not receive service. However, no exemption was ever filed with the City. Staff proceeded to telephone

EDCO Disposal January 29, 2007 Page 2 of 4

resident to discuss the situation. Multiple messages were left. In addition, an official letter was sent to the household to notify resident that EDCO would start billing for service unless an exemption was filed with the City. A contact name and number was given to the resident if they had any questions. No correspondence occurred, and EDCO began billing for service.

Customer called to complain about EDCO's customer service in regards to a dumpster bin to be delivered at the resident's home. Customer wanted smallest dumpster bin available but a larger size was delivered. He refused delivery of the bin, and called EDCO to complain. According to EDCO, customer was verbally abusive with two customer service representatives and delivery drivers felt threatened. When customer called City staff to complain, he was told numerous times to monitor his language and his speech was unacceptable. After calming the customer down, staff worked with EDCO, and the correct dumpster was delivered within one hour. Customer later called staff to thank them for a job well-done.

Customer called to complain about a bad odor coming from EDCO trucks and a trail of liquid. City staff called EDCO to complain and a supervisor was immediately sent to the scene to speak with the resident. EDCO fixed the problem immediately.

- Commercial Refuse Collection. The City received no complaints from commercial service users and/or contractors during the past contract year.
- Residential and Multi-Family Recycling. No complaints about curbside recycling were received
 during this contract year. The amount of tonnage of recycling materials remains similar when
 compared year-over-year. Currently, the City recycles on average approximately 538.68 tons per
 month of materials from residential households and approximately 5.43 tons per month from multifamily dwellings, according to reports that are sent to the City by EDCO.
- Green Waste Recycling. The City received no complaints from customers related to green waste
 collection, or illegal dumping of green waste. One customer called City staff to discuss large-scale
 commercial food and cooking oil recycling programs currently in place in other cities. Staff researched
 programs around the San Diego area, but did not find any programs that seemed viable for Vista.
- <u>Economic Hardships</u>. Currently, our records show 48 approved residential economic hardship trash exemptions, as opposed to 51 last year. This number can vary slightly from year to year and the City received no written complaints or telephone calls regarding the quality of services from any of these low-income exempted households over the evaluation period.

Administrative Responsibilities

- Quarterly Financial Reports. Quarterly franchise tax and recycling revenue payments are always filed and received in a timely manner, and all reports are prepared consistently and accurately.
- <u>Statistical Collection Reports</u>. Refuse, recycled solid waste, green waste, and special collection statistics are collected and recorded to meet the requirements and timetables of the California Integrated Waste Management Board and various agencies. The City appreciates EDCO's efforts in providing accurate and timely statistical information filed on the City's behalf. The City is also pleased about the help received from EDCO in completing multiple surveys and request for information from various state agencies this year.

EDCO Disposal January 29, 2007 Page 3 of 4

Community Involvement

- Participation on the Beautification and Improvement Committee (BIC). Section 2.52 of the Vista Municipal Code sets forth the responsibilities of the BIC and provides that EDCO's input and interests are represented. EDCO continues to serve on this Committee as a non-voting member. In addition, EDCO's Vice President, Jeff Richie, shared a presentation on the relationship between the City and EDCO at a BIC meeting in May at the request of the BIC. The presentation was well received.
- <u>Disposal Coupon's</u>. EDCO continues to promote a special event by giving out free disposal coupons entitling Vista residents to dispose of one free load of residential waste at the Escondido transfer station or the Fallbrook transfer station. By providing these free coupons, the likelihood of large trash items being discarded in public areas is decreased.
- <u>Vistans ROC</u>. EDCO was again one of the largest sponsors of the annual Vistans ROC event. During this event, EDCO removed 82.72 tons of waste. The support provided by EDCO continues to be exceptional.
- South Vista Communities. EDCO helped make an annual creek cleaning successful by providing three 40-yard bins to remove various debris out of the channel. The project was anticipated to only need one bin, however during the event, extra bins were requested and brought in a timely manner.
- Special Recycling Projects. EDCO continues to honor its commitments to special recycling projects.
 This year's Christmas tree recycling project resulted in 31 roll-off bins (as compared to 26 last year) and weighed 13.68 tons.
- The City appreciates EDCO being a strong community advocate and participant in local activities.

Miscellaneous

- Scavenging and Illegal Waste Collection. No incidents of scavenging or illegal waste collection were reported during the year. Code Compliance officers and Public Works staff worked collaboratively with EDCO throughout the period to insure unauthorized collection of recyclables and placement of illegal trash containers within the City were minimized.
- Bus Stop Containers. EDCO continues to be an asset to the City by working collaboratively with NCTD to deal with the problem of litter around bus stops. A number of calls were fielded by different City staff from NCTD about bus stop containers. Historically, NCTD has provided their own containers, and EDCO services them for the City. However, recently NCTD has complained that the City should provide these containers. Staff has deferred this question to the City Attorney's Office.
- AB939 Diversion. The City has been working with the California Integrated Waste Management Board (CIWMB) to increase the diversion rate of solid waste. The City of Vista was the first North County city to pass a Construction and Demolition Ordinance. This Ordinance requires developers and homeowners to divert at least 50% of their waste stream on all demolition projects and for construction projects equal to or greater than a value of \$75,000. EDCO worked with City staff on the passage of this Ordinance and was present for the public hearing for City Council. Currently, EDCO

EDCO Disposal January 29, 2007 Page 4 of 4

provides full recycling of all commercial bins at their Las Posas Road facility. Staff is optimistic that the City will exceed the 50% diversion for the first time since 1997.

Household Hazardous Waste. The City has benefited tremendously from membership in the Regional

Solid Waste Association and the management agreement with EDCO for the HHW collection facility. The current operator, Clean Harbors, has provided exceptional service to the residents of Vista. There was only one phone call complaint received this year: a woman called to complain about the "abusive treatment" she received from the staff at the HHW facility. Staff investigated, and found that this woman's husband did not follow clear procedures, got into an argument with Clean Harbor's staff, and threatened other residents that waited in line. After staff did their investigation, they called the woman back to verify the details of the incident: The woman admitted her husband got out of the vehicle and "dumped" his hazardous waste at the facility, then proceeded to argue with staff and others in line. The woman felt there was not enough information on the website about procedures and more signs were needed during operating hours. Staff revised the website and Clean Harbors continues to put out large, clear signs during operation. Theft and break-ins continue to be a problem at the HHW facility. RSWA has responded by upgrading the alarm system, and Clean Harbors places all E-waste in a storage locker until transportation. This seems to have solved the problem with only occasional reports of vandalism or theft. The HHW program completed its ninth successful year of operation and continues to grow while holding the cost to the City below that of other jurisdictions (per vehicle). Through joint efforts like this, the HHW program will remain "regional" and continue to serve as a model for other jurisdictions.

Summary

The City continues to benefits from a long term partnership with EDCO Waste and Recycling Services. The residents and business owners have come to expect a high level of service and responsiveness. This year, as in years past, EDCO has met that expectation, and in many ways exceeded it. The City continues to reach the goal of 50% diversion, as mandated by the CIWMB. While this goal will be difficult to reach, EDCO has worked in collaboration with the City to effectively comply with applicable local, county, and state mandates regulating solid waste practices. In addition, EDCO regularly involves itself in the community by contributing many hours of staff time and thousands of dollars to local civic organizations. EDCO continues to be a loyal supporter of the Vista Chamber of Commerce, the Vista Boys & Girls Club, Vista Village Business Association, North County Solutions for Change and a host of other organizations.

Therefore, in accordance with the powers granted to me by the City's mandatory trash collection ordinance, I hereby grant a one-year extension to the current refuse collection agreement between the City of Vista and EDCO Waste and Recycling Services.

Sincerely,

Rita L. Geldert, City Manager

CITY CLERK CITY OF VISTA, CA

February 28, 2006

Jeff Ritchie Vice President EDCO Disposal Corporation 224 S. Las Posas Road San Marcos, California 92069-2421

SUBJECT: PERFORMANCE EVALUATION

Mr. Ritchie:

In accordance with Section 7, Subsection (c) of our Agreement dated February 26, 1989, the City of Vista is charged with conducting an annual review of the contract, evaluating the level and quality of service and operations EDCO provides in Vista, and assessing compliance with the specific terms of that Agreement.

For purposes of this year's performance evaluation, the City will continue to use the criteria from previous years: 1) Quality of Service, 2) Administrative Responsibilities, 3) Community Involvement and 4) Miscellaneous Activities.

Quality of Service

Quality of service is evaluated based primarily on written, telephone, and electronic communications received from citizens and from field observations and reports by City staff during the period of February 1, 2005, through the end of January, 2006. Vista residents have come to expect a high level of service from EDCO. When they feel this level of service is not achieved, they may contact the City. All correspondence is documented by the Management Analyst at the Engineering/Public Works Department, and EDCO is contacted (if necessary) to address any issues.

- Residential Refuse Collection. The City received very few written, telephone or electronic complaints in the course of the past contract year dealing with residential refuse, recyclables, or green waste collection and Public Works staff. Staff received one e-mail complaint (trash truck 'damaging' roadway) and one telephone call (City resident was billed as County) from Vista residents regarding refuse collection during that time. The Mayor received two e-mail complaints about the time on weekends trash is picked up. Schedules were modified even though the pick up times were well within the ordinance restraints. All constituent messages were handled promptly and professionally, and none of the residents communicated thereafter. In addition, one customer complained about illegal dumping (concrete) in a mobile park dumpster by construction contractors. Customer could not identify type of vehicles used or description of drivers. While this problem does occur on occasion, it is not so widespread that EDCO can effectively police each situation.
- Commercial Refuse Collection. The City received three complaints from commercial service users
 and/or contractors during the past contract year. All three complaints were received via telephone, and
 included service reinstatement after a delinquent business tenant (730 Sycamore), on-time pickup for a

- new Vista Village tenant (Linen's and Things), and dispute over service and billing from a local restaurant. All three were handled promptly by EDCO, with no further communication thereafter.
- Residential and Multi-Family Recycling. No complaints about curbside recycling were received during this contract year. The amount of tonnage of recycling materials continues to increase each year, making the City's recycling program a success. Further recycling efforts are going to be needed in the future to comply with the California Integrated Waste Management Board's rules and regulations. Nonetheless, EDCO has been receptive to such ongoing efforts.
- Green Waste Recycling. The City received no complaints from customers related to green waste collection, or illegal dumping of green waste. Although illegal dumping of green waste still occurs in vacant lots and open space areas within the City, this practice is not wide-spread and not considered a significant problem.
- <u>Economic Hardships</u>. Currently, our records show 45 approved residential economic hardship trash exemptions, as opposed to 48 last year. This number can vary slightly from year to year and the City received no written complaints or telephone calls regarding the quality of services from any of these low-income exempted households over the evaluation period.

Administrative Responsibilities

- Quarterly Financial Reports. Quarterly franchise tax and recycling revenue payments are always filed and received in a timely manner, and all reports are prepared consistently and accurately. This year, the Finance Department requested that quarterly payments be modified to coincide with the City's fiscal calendar. This request was easily satisfied by EDCO.
- Statistical Collection Reports. Refuse, recycled solid waste, green waste, and special collection statistics are collected and recorded to meet the requirements and timetables of the California Integrated Waste Management Board and various agencies. The City appreciates EDCO's efforts in providing accurate and timely statistical information filed on the City's behalf. The City is also pleased about the help received from EDCO in completing the survey from the California Department of Conservation this year.

Community Involvement

- Participation on the Beautification and Improvement Committee (BIC). Section 2.52 of the Vista
 Municipal Code sets forth the responsibilities of the BIC (formerly the Environmental Quality
 Commission) and provides that EDCO's input and interests are represented. EDCO continues to serve
 on this Committee as a non-voting member.
- <u>Disposal Coupon's.</u> EDCO sent out free disposal coupons entitling Vista residents to dispose of one
 free load of residential waste at the Escondido transfer station or the Fallbrook transfer station. While
 this was considered a special event, the coupons were valid from May 1 through October 31, 2005. By
 providing these free coupons, the likelihood of large trash items being discarded in public areas is
 decreased.
- Vistans ROC. EDCO was again a platinum sponsor (the highest level) of the annual Vistans ROC event. The support provided by EDCO in the past has been exceptional. The 7th annual Vistans R.O.C. project helped revitalize 24 homes this year.
- Special Recycling Projects. EDCO continues to honor its commitments to special recycling projects. This year's Christmas tree recycling project resulted in 26 bins and weighed 22.94 tons.

Miscellaneous

- <u>Scavenging and Illegal Waste Collection</u>. No incidents of scavenging or illegal waste collection were reported during the year. Code Compliance officers and Public Works staff worked collaboratively with EDCO throughout the period to insure unauthorized collection of recyclables and placement of illegal trash containers within the City were minimized. When Code Compliance requested additional bulky waste vouchers, EDCO sent the vouchers immediately. These cooperative efforts have proven highly successful and will continue.
- Bus Stop Containers. EDCO has been willing to help the City and NCTD collaboratively deal with the
 problem of litter around bus stops throughout Vista by replacing the old style concrete trash containers
 with larger capacity automated pick-up containers made from recycled materials. Only one phone call
 about an overfilled trash can at a bus stop was received (Thibido Road). EDCO immediately handled
 the complaint.
- AB939 Diversion. The City has been in communications with the California Integrated Waste Management Board regarding the diversion rate of solid waste. A time extension was filed and granted by the Board this year. While the City is still in need of reducing the waste stream, EDCO plans to be a part of the discussion on reaching the goal of 50 percent diversion. Two meetings have been scheduled, and the City is appreciative of the level of willingness EDCO has provided to help us reach our goals as well as communicating with the Board.
- Household Hazardous Waste. The City has benefited tremendously from membership in the Regional Solid Waste Association and the management agreement with EDCO for the HHW collection facility. The current operator of the facility changed this year from Philips Services Corporation to Clean Harbors, Inc. This change has been altogether positive with no problems in the level of service provided. The facility is maintained to an acceptable level, no customer complaints have been received, and all permit processes have been timely and in order. There were reported break-ins of the facility during the month of September. Vandals stole various E-waste items. Clean Harbors was quick to remedy this situation by placing E-waste in a storage locker until transportation. This seems to have solved the problem with no further reports of vandalism or theft. Due in large part to EDCO's efforts, the HHW program completed its eighth successful year of operation and continues to grow. Through joint efforts like this, the HHW program will remain "regional" and continue to serve as a model for other jurisdictions.
- <u>E-Waste.</u> With EDCO's help, the Vista permanent HHW collection facility continued to accept electronic waste with no problems encountered. This joint effort will continue as an integral part of the regional program.

Summary

The City continues to enjoy our longstanding relationship with EDCO Waste and Recycling Services. EDCO has been the City of Vista's exclusive provider of municipal waste and recycling collection services since 1963. During this time, our citizens have come to expect a high level of service and responsiveness. This year, as in year's past, EDCO has provided the highest caliber service and community involvement. Annually, EDCO continues to contribute many hours of staff time and thousands of dollars to local civic organizations that help make Vista a great place to live and work. EDCO is a loyal supporter of the Vista Chamber of Commerce, the Vista Boys & Girls Club, Vista Economic Development Association, Vista Village Business Association, North County Solutions for Change and a host of other organizations. As a family-owned company, EDCO is able to respond to the growing demands of waste management programs

required in Vista, but at the same time, provide staff with the personal attention necessary to effectively comply with applicable local, county, and state mandates regulating solid waste practices.

Therefore, in accordance with the powers granted to me by the City's mandatory trash collection ordinance, I hereby grant a one-year extension to the current refuse collection agreement between the City of Vista and EDCO Waste and Recycling Services.

Sincerely,

Rita L. Geldert, City Manager

February 2, 2004

RECEIVED

FEB - 4 2004

CITY CLERK CITY OF VISTA, CA

Mr. Jeff Ritchie, Vice President and General Manager EDCO Disposal Corporation P. O. Box 6907 San Marcos, California 92079

Subject: Performance Evaluation and One-year Contract Extension

Dear Mr. Ritchie:

Annually, pursuant to Section 7, Subsection (c) of our Agreement dated February 26, 1989, I am charged with conducting a year-end review of the contract, evaluating the level and quality of service and operations EDCO provides in Vista, and assessing compliance with the specific terms of that Agreement.

For purposes of this year's performance evaluation, I will use the same four year-end evaluation criteria I have used in previous years: 1) Quality of Service, 2) Administrative Responsibilities, 3) Community Involvement and 4) Miscellaneous.

Quality of Service

Quality of service is evaluated based primarily on written, telephonic, and electronic communications (i.e., letters, telephone calls, and e-mail) received from citizens, and from field observations and reports by City staff during the period of February 1, 2003, through the end of January, 2004. Vista residents have come to expect a high level of service from EDCO and are more than willing to voice their opinions – both bad and good - when that service drops below the standard set in past years or when it exceeds their expectations.

- Residential Refuse Collection. The City received very few written complaints in the course of the past contract year dealing with residential refuse, recyclables, or green waste collection and Public Works staff and City Manager's staff combined received fewer than 15 telephone calls from Vista residents regarding refuse collection during that time. E-mail too, was received infrequently. As expected, a number of letters and calls were received stemming from the conversion from manual to automated residential single-stream recyclables collection services and most of those contacts were handled as simple requests for information.
- <u>Commercial Refuse Collection</u>. During the evaluation period the City did receive several complaints from commercial service users and/or contractors dealing with the lead-time

for pick up or delivery of 40-yard roll-off containers at construction sites. After additional information was gathered, City staff determined that delivery times actually fell within acceptable standards.

- Residential and Multi-Family Recycling. Curbside recycling continues to be operated very
 successfully in Vista and the City appreciates the aggressive position EDCO took with the
 conversion to automating curbside co-mingled recycling collection services and the innovative
 programs EDCO promotes to maximize recycling. Revenues from this program continue to
 be significant and should increase now that automated recycling collection has been
 implemented.
- Green Waste Recycling. The City occasionally receives complaints stating that green waste is being combined and collected with mixed waste. In most cases, it is determined that the complaint was actually from a resident of the unincorporated County with a Vista mailing address. Illegal dumping of green waste still shows up in vacant lots and open space areas within the City, but this practice is not wide-spread and not considered a major problem.
- Economic Hardships. Currently, our records show 39 approved residential economic hardship trash exemptions, as opposed to 41 last year. This number can vary slightly from year to year and the City received no written complaints or telephone calls regarding the quality of services from any of these low-income exempted households over the evaluation period.

Administrative Responsibilities

- Quarterly Financial Reports. Quarterly franchise tax and recycling revenue payments are always filed and received in a timely manner, and all reports are prepared consistently and accurately.
- Statistical Collection Reports. Refuse, recycled solid waste, green waste, and special collection statistics are collected and recorded to meet the requirements and timetables of the California Integrated Waste Management Board and various agencies and the City appreciates EDCO's efforts in providing accurate and timely statistical information filed on the City's behalf.

Community Involvement

Participation on the Environmental Quality Commission (EQC). Section 2.52 of the Vista
Municipal Code sets forth the responsibilities of the EQC and provides that EDCO's input and
interests are represented. As a non-voting member, your participation, input, commitment of
resources and willingness to support EQC activities and projects is valued and acknowledged.

- <u>Vista Citywide Clean-Up Day</u>. Although this program was replaced by the equally successful Bulky Item Voucher System, the City would like to explore partially re-instituting the event or developing an additional modified one-day venue. As the collection of bulky items increases, the likelihood that these items will become fire-hazards, end up in empty lots, or be left on Vista public rights of way, decreases.
- <u>Vistans ROC</u>. The containers, help, and support rendered by EDCO and its employees at the Vistans ROC event in October exceeded what was expected and the City is very grateful for this vital community service. Each year, this event grows in magnitude, impact, involvement, complexity, and success, and it would not be possible without the assistance EDCO provides.
- <u>Special Recycling Projects</u>. Your company continues to honor its commitments to special recycling projects such as Christmas tree and telephone book recycling and the City plans to continue and expand programs like these with EDCO's help.

Miscellaneous

- <u>Scavenging and Illegal Waste Collection</u>. No incidents of scavenging or illegal waste collection were reported during the year. Code Compliance officers and Public Works staff worked collaboratively with EDCO throughout the period to insure unauthorized collection of recyclables and placement of illegal trash containers within the City were minimized. These cooperative efforts have proven highly successful and will continue.
- <u>Bus Stop Containers.</u> EDCO has been willing to help the City and NCTD collaboratively deal with the problem of litter around bus stops throughout Vista by replacing the old style concrete trash containers with larger capacity automated pick-up containers made from recycled materials. EDCO's cooperation and "partnering" with other agencies to develop win-win solutions to community issues like this is appreciated.
- <u>AB939 Diversion</u>. EDCO was very responsive to the City's request for information and assistance in the area of solid waste diversion data. The City appreciates the efforts made by EDCO to work with City staff to identify and solve problems, address areas of mutual concern, and cooperatively provide answers and solutions to solid waste diversion issues.
- Household Hazardous Waste. The City appreciates the proactive role EDCO plays in operating and expanding household hazardous waste collection and disposal activities at the permanent HHW collection facility in Vista. Due in large part to EDCO's efforts, the HHW program completed its sixth successful year of operation and continues to grow at an accelerating rate. Through joint efforts like this, the HHW program will remain "regional" and continue to serve as a model for other jurisdictions.

EDCO Disposal Corporation February 2, 2004 Page 4

• <u>E-Waste.</u> With EDCO's help, the Vista permanent HHW collection facility continued to accept electronic waste with no problems encountered. This joint effort will continue as an integral part of the regional program.

Summary

The service provided by EDCO Waste and Recycling Services to the City of Vista and its citizens continues to be of the highest caliber and EDCO continues to provide consistent reliable support and innovation to all aspects of waste and recyclables collection in the City of Vista. EDCO regularly involves itself in Vista community and environmental activities and is viewed as a major contributor to the high quality of life in and around Vista. Evidence of your commitment is shown by your having received proclamations from the California Integrated Waste Management Board at their November 18, 2003 meeting "in recognition for outstanding environmental public education and community involvement."

In my opinion, EDCO provides a very high level of service, and the City of Vista thanks you for your efforts to maintain and expand a strong and positive image in the Vista community.

In accordance with the powers granted to me by the City's mandatory trash collection ordinance, I hereby grant a one-year extension to the current refuse collection agreement between the City of Vista and EDCO Waste and Recycling Services.

Sincerely.

CITY CLERK CITY OF VISTA, CA

Subject: Performance Evaluation and One-year Contract Extension

Dear Mr. Ritchie:

Annually, pursuant to Section 7, Subsection (c) of our Agreement dated February 26, 1989, I am charged with conducting a year-end review of the contract, evaluating the level and quality of service and operations EDCO provides in Vista, and assessing compliance with the specific terms of that Agreement.

For purposes of this year's performance evaluation, I will use the same four year-end evaluation criteria I have used in previous years: 1) Quality of Service, 2) Administrative Responsibilities; 3) Community Involvement and 4) Miscellaneous.

Quality of Service

Quality of service is evaluated based primarily on written, telephonic, and electronic (e-mail) communications received from citizens, and from field observations and reports by City staff during the period of February 1, 2002, through the end of January, 2003. Vista residents have come to expect a high level of service from EDCO and are not reluctant to share their opinions when that service drops below the standard set in past years. Conversely, City staff also receives complimentary input when residents take the time to express themselves in response to receiving exemplary service.

• Residential Refuse Collection. The City received few written complaints in the course of the past contract year dealing with residential refuse collection and Public Works staff and City Manager's staff combined received less than 20 telephone calls from Vista residents regarding refuse collection during that time. Early in the evaluation period, a number of letters and calls were received stemming from the conversion from manual to automated residential solid waste collection services and most of those letters and calls were eventually handled as simple requests for information. Many of the remaining letters and telephone calls initially cataloged as complaints were later determined to be "neighbor" issues or came from residents of the unincorporated portion of San Diego County with Vista mailing addresses. The balance of the correspondence dealt with assorted topics and none were considered major issues.

EDCO Disposal Corporation February 10, 2003 Page 2

- <u>Commercial Refuse Collection</u>. During the evaluation period fewer than ten complaints from commercial service users, contractors and/or neighbors in the area were noted. Most dealt with the lead-time for pick up or delivery of 40-yard roll-off containers at construction sites.
- Residential and Multi-Family Recycling. Curbside recycling continues to be operated very successfully in Vista and the City appreciates the aggressive position EDCO takes and the innovative programs EDCO promotes to maximize recycling in Vista as evidenced by the City Council's approval of automating curbside co-mingled recycling collection services at its January 28, 2003, meeting. Revenues from this program continue to be significant and should increase after implementation of the automated collection.
- Green Waste Recycling. The City occasionally receives complaints from Vista residents stating that green waste is being combined and collected with mixed waste. This is a persistent albeit not a significant problem, but since solid waste diversion (AB939) rates are impacted by the inclusion of green waste in the mixed waste stream, it is viewed as an important part of overall performance. Illegal dumping of green waste still shows up in vacant lots and open space areas from time to time and occasionally calls are taken from residents asking why the green waste they place in plastic bags is not picked up. This practice is not wide spread and when reported, special pickups are promptly arranged. Reminders inserted into the trash bills may minimize or alleviate this situation.
- <u>Economic Hardships</u>. Currently, our records show 41 approved residential economic hardship trash exemptions, as opposed to 38 last year. This number varies only slightly from year to year and the City received no written complaints or telephone calls regarding the quality of services from any of these low-income exempted households over the evaluation period.

Administrative Responsibilities

- Quarterly Financial Reports. Quarterly franchise tax and recycling revenue payments are always filed and received in a timely manner, and all reports are prepared consistently and accurately.
- <u>Statistical Collection Reports</u>. Refuse, recycled solid waste, and green waste statistics are collected and recorded to meet the requirements and timetables of the California Integrated Waste Management Board and various agencies and the City appreciates EDCO's efforts in providing accurate and timely statistical information filed on the City's behalf.

Community Involvement

Participation on the Environmental Quality Commission (EQC). Section 2.52 of the Vista
Municipal Code sets forth the responsibilities of the EQC and provides that EDCO's input and
interests are represented. As a non-voting member, your participation, input, commitment of
resources and willingness to support EQC activities and projects is valued and acknowledged.

EDCO Disposal Corporation February 10, 2003 Page 3

- <u>Vista Citywide Clean-Up Day</u>. EDCO provided labor and large containers at no cost to the City for its annual spring clean-up day in April, and your company continues to respond to the needs of the City of Vista in supporting this special clean-up event. The program has continued to gain in popularity and participation, and as the collection of bulky items increases, the likelihood that these items will become fire-hazards, end up in empty lots, or be left on Vista public rights of way decreases.
- <u>Vistans ROC</u>. The containers, help, and support rendered by EDCO and its employees at the Vistans ROC event in October exceeded what was expected and the City is very grateful for this vital community service. Each year, this event grows in magnitude, impact, involvement, complexity, and success, and it would not be possible without the assistance EDCO provides.
- Special Recycling Projects. Your company continues to honor its commitments to special recycling projects such as Christmas tree recycling and Telephone Book collection. The City plans to continue these programs and with EDCO's help and cooperation, would like to look into adding more "community" projects like these.

Miscellaneous

- <u>Scavenging and Illegal Waste Collection</u>. No incidents of scavenging or illegal waste
 collection were reported during the year. Code Compliance officers and Public Works staff
 worked collaboratively with EDCO throughout the period to insure unauthorized collection of
 recyclables and placement of illegal trash containers within the City were minimized. These
 cooperative efforts have proven highly successful and will continue.
- <u>AB939 Diversion</u>. EDCO was very responsive to the City's request for information and assistance in the area of solid waste diversion data. Armed with statistics and representation provided by EDCO for the milestone 2000 reporting year, City Public Works staff was able to make a case and increase the amount of waste diversion credited to the City and receive a "Good Faith Effort" from the California Integrated Waste Management Board. The City appreciates the efforts made by EDCO to work with City staff to identify and solve problems, address areas of mutual concern, and cooperatively provide answers and solutions to solid waste diversion issues.
- Household Hazardous Waste. The City appreciates the proactive role EDCO plays in operating and expanding household hazardous waste collection and disposal activities at the permanent HHW collection facility in Vista. Due in part to EDCO's efforts, the HHW program completed its fifth successful year of operation and continues to grow at an accelerating rate. Through joint efforts like this, the HHW program will remain "regional" and continue to serve as a model for other jurisdictions.

EDCO Disposal Corporation February 10, 2003 Page 4

- <u>E-Waste.</u> With EDCO's help, the Vista permanent HHW collection facility continued to accept electronic waste (e-waste) with no problems encountered. This joint effort will continue as an integral part of the regional program.
- Automation. Problems associated with automated residential mixed waste collection have been minimal during the past year and the City now looks forward to the automation of comingled recyclables.

Summary

The service provided by EDCO Waste and Recycling Services to the City of Vista and its citizens continues to be of the highest caliber and EDCO continues to provide consistent reliable support and innovation to all aspects of waste and recyclables collection in the City of Vista. EDCO regularly involves itself in Vista community and environmental activities, and is viewed as a major contributor to the high quality of life in and around Vista. In my opinion, EDCO provides a very high level of service, and the City of Vista thanks you for your efforts to maintain and expand a strong and positive image in the Vista community.

In accordance with the powers granted to me by the City's mandatory trash collection ordinance, I hereby grant a one-year extension to the current refuse collection agreement between the City of Vista and EDCO Waste and Recycling Services.

Sincerely,

Rita L. Geldert, City Manager

THIRD AMENDMENT TO THE EXCLUSIVE FRANCHISE AGREEMENT BETWEEN THE CITY OF VISTA AND EDCO FOR REFUSE COLLECTION SERVICES

THIS THIRD AMENDMENT TO THE EXCLUSIVE FRANCHISE AGREEMENT BETWEEN THE CITY OF VISTA AND EDCO FOR REFUSE COLLECTION SERVICES (the "Third Amendment") is made and entered into as of June 25, 2002, by and between the City of Vista, a municipal corporation (the "City") and EDCO, Inc., a California corporation, ("Contractor") amending an Refuse Collection Franchise Agreement (the "Agreement") dated February 26, 1990.

RECITALS:

WHEREAS, on February 26, 1990 the City entered into the Agreement with Vista Sanitation Company, (subsequently renamed Mashburn Waste & Recycling Services, Inc.) for the purpose of providing refuse collection services in the city; and

WHEREAS, on July 28, 1998, the City approved the 1st Amendment to the Agreement authorizing the assignment of the rights and duties under the Agreement to EDCO; and

WHEREAS, on January 11, 2000, the City approved the 2nd Amendment to the Agreement authorizing EDCO to impose a household hazardous waste fee on all customers in the city; and

WHEREAS, Section 10 of the Agreement requires any amendments to be in writing; and

WHEREAS, the City and Contractor desire to enter into this 3rd Amendment to the Agreement document each party's duties and responsibilities.

NOW, THEREFORE, in consideration of the promises and mutual agreements herein contained, the parties hereto do hereby agree as follows:

- 1. The above recitals are true and correct.
- 2. Paragraph 4(c) <u>Special Pickup Service</u> is hereby amended as follows:
 - (1) In addition to the regularly scheduled monthly service, contractor shall, upon request from a householder, provide a special pick-up service to collect and dispose accumulated rubbish, other than that covered by the normally scheduled monthly service. Charges for such special services shall be in addition to those levied for regular monthly service.

- (2) Contractor shall, upon request from a householder, provide an extra trash receptacle in addition to the single 95 gallon or three 35 gallon receptacles provided to the householder by Contractor. Charges for any such additional trash receptacles shall be established from time to time by resolution of the city and shall be in addition to those levied for regular monthly service as established.
- 3. Paragraph 5(b) Service Charges is hereby amended as follows:

Contractor agrees, during the term of this agreement to abide by the schedule of charges for regular, continuous collection services, special pick-up services, extratrash receptacle services and recycling services established by resolution of the City Council, as such schedule may be amended from time to time in accordance with sections 5(d) (e) and (f) hereof.

4. All other conditions of the Agreement shall continue in force.

IN WITNESS WHEREOF, the parties have executed and entered into this Third Amendment as of the date first written above.

Mr. Jeff Ritchie, Vice President and General Manager EDCO Disposal Corporation P. O. Box 6907 San Marcos, California 92079

FEB 1 2 2002

CITY CLERK CITY OF VISTA, CA

Subject: Performance Evaluation and One-year Contract Extension

Dear Mr. Ritchie:

Annually, pursuant to Section 7, Subsection (c) of our Agreement dated February 26, 1989, I am charged with conducting a year-end review of the contract, evaluating the level and quality of EDCO's service and operations in Vista, and assessing compliance with the specific terms of that Agreement.

For purposes of our City's performance evaluation, I will use four year-end evaluation criteria again this year: Quality of Service, Administrative Responsibilities, Community Involvement and Miscellaneous.

Quality of Service

Service quality is expected to be high. Factors that impact that expectation, higher or lower, are based primarily on written and telephonic communications received from citizens, and from field observations by City staff during the period of February 1, 2001, through the end of January, 2002.

• Residential Refuse Collection. The City received few written complaints during the past contract year regarding residential refuse collections, and our City's Public Works Department and City Manager's staff combined, received less than 20 telephone calls from Vista residents regarding refuse collection during that period. As you may expect, a number of the letters and calls were in response to EDCO's plans to automate residential collection services and were actually more along the line of requests for information than actual complaints. Most of the letters and telephone calls were determined to be "neighbor" issues or came from residents of the unincorporated portion of San Diego County with Vista mailing addresses, and actually had nothing to do with the level of service provided by EDCO to Vista residents. The remainder of the correspondence dealt with assorted topics and none were considered major issues.

- Commercial Refuse Collection. Fewer than five commercial service complaints from users and/or neighbors in the area during the evaluation period were noted. One of these was related to trash pick-ups earlier than allowed, two were requests for additional containers at bus stops in the vicinity of a particular business, and the balance dealt with transients/homeless loitering near the dumpsters and were not actual complaints.
- Residential and Multi-Family Recycling. No complaints at all were received relating to
 curbside recycling, and this program continues to be operated very successfully in Vista. The
 City appreciates the aggressive position EDCO takes in maximizing recycling in Vista,
 especially in light of slumping prices for paper and other reusable products. Revenues
 generated and forwarded to the City through this program have been and continue to be,
 significant.
- Green Waste Recycling. For the first time in several years the City received a number of complaints from Vista residents stating that green waste was being combined and collected with mixed waste. This is not a persistent problem as evidenced by the infrequency of calls and/or letters dealing with this topic, but since trash diversion rates are impacted by the elimination of green waste from the mixed waste stream, it is viewed as an important part of overall performance. Occasionally, illegal dumping of green waste is discovered in vacant lots, and from time to time green waste shows up in plastic bags, but this practice is not wide spread and when reported, special pickups are arranged.
- Economic Hardships. Currently, our records show 38 approved residential economic hardship trash exemptions, as opposed to 35 last year. The City received no written complaints or telephone calls regarding the quality of services from any of these low-income exempted households over the evaluation period.

Administrative Responsibilities

- Quarterly Financial Reports. The City continues to receive quarterly franchise tax and recycling revenue payments in a timely manner, and all reports are prepared consistently and accurately.
- <u>Statistical Collection Reports</u>. Refuse and recycled solid waste statistics are collected and recorded to meet the requirements and timetables of the California Integrated Waste Management Board and other agencies, and the City continues to rely on EDCO for accurate statistical information and filing.

Community Involvement

• Participation on the Environmental Quality Commission (EQC). Section 2.52 of the Vista Municipal Code sets forth the responsibilities of the EQC and provides that EDCO's input and interests are represented. As a non-voting member, your participation, input, commitment of

EDCO Disposal Corporation February 14, 2002 Page 3

resources and willingness to support EQC environmental activities and/or special projects is valued and appreciated.

- <u>Vista Citywide Clean-Up Day.</u> EDCO continues to provide labor and large containers at no cost to the City for its annual spring clean-up day each April, and your company continues to respond to the needs of the City of Vista in supporting this special clean-up event. Based on the increased tonnage reported over the past several years, the program continues to gain in popularity and participation, and as the collection of bulky items increases, it reduces the likelihood that these items will become fire-hazards, end up in empty lots, or be left on Vista public rights of way.
- Vistans ROC. The containers, help, and support rendered by EDCO and its employees at the Vistans ROC event on October 13, went far beyond what is considered "usual and normal" and the City is very grateful for this vital service. Each year, this event grows in magnitude, impact, involvement, complexity, and success, and this event would not be possible without the assistance EDCO provides.
- Special Recycling Projects. Your company continues to honor its commitments to special recycling projects such as Christmas tree recycling and Telephone Book collection. With EDCO's help and cooperation, we plan to continue these programs.

Miscellaneous

- <u>Scavenging and Illegal Waste Collection</u>. City Code Compliance officers and Public Works staff worked collaboratively with EDCO throughout the period to reduce unauthorized collection of recyclables and curtail illegal trash container activities within the City and enforce City trash collection Ordinances and franchise agreement terms. These cooperative efforts have proven highly successful and will continue.
- <u>AB939 Diversion</u>. When it was discovered that Vista's AB939 diversion rate dropped in the most recent reporting period, EDCO was very responsive to the City's request for information in this area. With figures provided by EDCO, City Public Works staff was able to determine that self-hauled demolition debris from the Vista Village Redevelopment Project was the main cause of the drop in the diversion rate. The City appreciates the efforts made by EDCO to work with City staff to identify problems, resolve areas of mutual concern and cooperatively provide information to the California Integrated Waste Management Board.
- Household Hazardous Waste. The City appreciates the active role EDCO plays in expanding
 Household Hazardous Waste collection and disposal activities and making the HHW program
 a regional reality. We hope the current HHW arrangement between Vista, EDCO, RSWA,
 and Philip Service Corporation continues to be beneficial to EDCO and the City for many
 years.

EDCO Disposal Corporation February 14, 2002 Page 4

- E-Waste. Partly because of EDCO's forward thinking and assuming a leadership position, Vista's permanent HHW collection facility began accepting electronic waste (e-waste) in December, 2001. This joint effort is the latest step in a constantly expanding regional waste collection and disposal program, and the City appreciates EDCO's role in helping develop a solution to this latest area of concern.
- <u>Automation</u>. Automating residential mixed waste collection has caused concern among some
 of Vista's residents, but with EDCO's help and experience automating other North San Diego
 County cities, questions have been minimized.

Summary

The service provided by EDCO Waste and Recycling Services to the City of Vista and its citizens continues to be of the highest caliber and EDCO continues to provide consistent reliable support to all aspects of waste collection in the City of Vista. EDCO regularly involves itself in Vista community and environmental activities, and is viewed as a major contributor to the high quality of life to the area in and around Vista. In my opinion, EDCO provides a very high level of service, and the City of Vista thanks you for your efforts to maintain and expand a strong and positive image in the Vista community.

In accordance with the powers granted to me by the City's mandatory trash collection ordinance, I hereby grant a one-year extension to the current refuse collection agreement between the City of Vista and EDCO Waste and Recycling Services.

Sincerely,

Rita Geldert, City Manager

April 4, 2000

Mr. Jeff Ritchie, Vice President and General Manager EDCO Disposal Corporation P. O. Box 6907
San Marcos, California 92079

Subject: Performance Evaluation and One-year Contract Extension

Dear Mr. Ritchie:

Annually, pursuant to Section 7, Subsection (c) of our Agreement dated February 26, 1989, I am charged to conduct a year-end review of the contract to evaluate the level and quality of EDCO's service in Vista, and to assess compliance with the specific terms of that Agreement.

For purposes of our City's performance evaluation, I have identified four year-end evaluation criteria again this year: Service Quality, Administrative Responsibilities, Community Involvement and Miscellaneous Matters.

Service Quality

I reviewed service quality and am basing my recommendations largely on written and telephone communications received from citizens and from field observations by City staff during the period of February 19, 1999, through February 29, 2000.

- Residential Refuse Collection. The City received no written complaints during the past contract year regarding residential refuse collections, and our City's Public Works and City Manager's staff combined received approximately 25 telephone calls from Vista residents regarding refuse collection during that period. A number of those telephone calls were ultimately determined to be "neighbor" problems and did not directly impact the level of service provided by EDCO, and the balance of the calls addressed assorted topics ranging from a lack of proper telephone etiquette to the availability of free compost. None of these issues were considered significant.
- <u>Commercial Refuse Collection</u>. Approximately six complaints on the quality of service from commercial users were noted during the evaluation period and most were requests for additional collection sites around their respective businesses such as bus stops.
- Residential and Multi-Family Recycling. These programs continue to be operated very successfully and the City appreciates the aggressive position EDCO takes in maximizing recycling in Vista.

- Green Waste Recycling. There have been no written or oral communications from Vista
 residents or businesses during the past contract year. Occasionally, illegal dumping of green
 waste is encountered, and from time to time green waste shows up in plastic bags, but it is not
 a significant problem. When reported, your company dispatches a special pickup and the
 problem is rectified.
- Economic Hardships. Currently, our records show 45 approved residential economic hardship trash exemptions, as opposed to 66 last year. These exemptions fluctuate from year to year, and are generally not an issue. The City received no written complaints nor telephone calls regarding the quality of services from any of these low-income exempted households over the 12-month evaluation period.

Administrative Responsibilities

- Quarterly Financial Reports. The City continues to receive quarterly franchise tax and recycling revenue payments, and according to our Finance Department, these payments continue to be both timely and accurate.
- <u>Statistical Collection Reports</u>. Refuse and recycled solid waste statistics are collected and recorded to meet State requirements and timetables. The City continues to rely on EDCO for all required statistical information, and diligence in this important area has been noted.

Community Involvement

- Participation on the Environmental Quality Commission (EQC). Section 2.52 of the Vista Municipal Code sets forth the responsibilities of the EQC. As a non-voting member, your attendance, input, commitment of resources to special projects, and willingness to support environmental activities undertaken by the EQC is appreciated.
- <u>Vista Citywide Clean-Up Day</u>. EDCO continues to provide large containers at no cost to the
 City for its annual clean-up day in April and your company continues to respond to the needs
 of the City of Vista in supporting this special clean-up event. The annual collection of bulky
 items reduces the likelihood that these items will end up in empty lots or on Vista public rights
 of way.
- Special Recycling Projects. Your company continues to honor its commitments to special recycling projects such as Christmas Tree Recycling and Telephone Book collection. With EDCO's help and cooperation, we hope to continue those programs.

Miscellaneous Matters

• Scavenging and Illegal Waste Collection. City Code Compliance and Public Works staff have cooperatively worked with EDCO to increase enforcement activities of City trash collection

Ordinances and franchise agreement terms when and where necessary, and EDCO has worked with apartment managers and owners to report scavenging activities they have noted. These cooperative efforts have proven successful and will continue.

- The City's AB939 diversion rate decreased from 54% during last year's reporting period to 51% in the current reporting period. EDCO was very responsive to the City's request for information in this area, and the City appreciates the efforts made by EDCO to work with City staff to clarify and/or resolve areas of mutual concern.
- The recent trash rate reduction was accomplished without much difficulty, due in no small part to the efforts and cooperation of EDCO. The City appreciates the assistance EDCO staff provided in the preparation of the City Council action staff report.
- You have expressed a desire to automate your residential collection system and we would like
 to pursue this topic with you during the coming year. In addition, we would like to open
 discussion on several other aspects of our current contract at some point in the next contract
 year.

Summary

The service provided by EDCO Waste and Recycling Services to the City of Vista and its citizens continues to be of the highest caliber, and EDCO continues to provide consistent support to all aspects of refuse collection in the City of Vista. EDCO regularly involves itself in Vista community and environmental activities, and is viewed as a contributor to the high quality of life in the area in and around Vista. In my opinion, EDCO provides a very high level of service, and the City of Vista thanks you for your efforts to maintain a strong and positive image in the Vista community.

In accordance with the powers granted to me by the City's mandatory trash collection ordinance, I hereby grant a one-year extension to the current refuse collection agreement between the City of Vista and EDCO Waste and Recycling Services.

Subject: Performance Evaluation and One-year Contract Extension

Dear Mr. Ritchie:

Annually, pursuant to Section 7, Subsection (c) of our Agreement dated February 26, 1989, I am charged to conduct a year-end review of the contract to evaluate the level and quality of EDCO's service in Vista, and to assess compliance with the specific terms of that Agreement.

For purposes of our City's performance evaluation, I have identified four year-end evaluation criteria again this year: Service Quality, Administrative Responsibilities, Community Involvement and Miscellaneous Matters.

Service Quality

Service quality is expected to be high. Factors that may impact that expectation, higher or lower, are based primarily on written and telephone communications received from citizens, and from field observations by City staff during the period of March 1, 2000, through February 1, 2001.

- Residential Refuse Collection. The City received one written complaint during the past contract year regarding residential refuse collections, and our City's Public Works Department and City Manager's staff combined, received approximately 20 telephone calls from Vista residents regarding refuse collection during that period. Approximately half of those telephone calls were ultimately determined to be "neighbor" issues and did not directly impact the level of service provided by EDCO. The balance of the calls dealt with various topics and none were considered major problems.
- Commercial Refuse Collection. Approximately three complaints on the quality of commercial service from users were noted during the evaluation period and one of these was merely a request for additional containers at a bus stop in the vicinity of a particular business, and not really a complaint.
- Residential and Multi-Family Recycling. No complaints were received relating to recycling, and these programs continue to be operated very successfully in Vista as evidenced by the

revenues generated and forwarded to the City. The City appreciates the aggressive position EDCO takes in maximizing recycling in Vista.

- Green Waste Recycling. There have been no written or oral communications from Vista residents or businesses during the past contract year aside from one or two "inquiries" asking why some green waste was not picked up. Once the resident is informed about green waste restrictions and requirements, the problem is solved. Occasionally, illegal dumping of green waste is encountered, and from time to time green waste shows up in plastic bags. When reported, special pickups are arranged.
- Economic Hardships. Currently, our records show 35 approved residential economic hardship trash exemptions, as opposed to 45 last year. These exemptions fluctuate from year to year, and have decreased steadily over the past several years. The City received no written complaints nor telephone calls regarding the quality of services from any of these low-income exempted households over the evaluation period.

Administrative Responsibilities

- Quarterly Financial Reports. The City continues to receive quarterly franchise tax and recycling revenue payments timely and accurately. More recently, with EDCO's help, we are receiving quarterly payments (formerly disposal fee rebates) to fund Vista's participation in the HHW program. All of these payments are received on time.
- Statistical Collection Reports. Refuse and recycled solid waste statistics are collected and recorded to meet State requirements and timetables, and the City continues to rely on EDCO for all required statistical information and filing. Accuracy and timeliness in this critical area has been duly noted.

Community Involvement

- Participation on the Environmental Quality Commission (EQC). Section 2.52 of the Vista Municipal Code sets forth the responsibilities of the EQC. As a non-voting member, your attendance, input, commitment of resources, willingness to support environmental activities sponsored by the EQC, and special projects when called upon, is appreciated.
- <u>Vista Citywide Clean-Up Day</u>. EDCO continues to provide labor and large containers at no cost to the City for its annual spring clean-up day in April, and your company continues to respond to the needs of the City of Vista in supporting this special clean-up event. The annual collection of bulky items increases each year and reduces the likelihood that these items will end up in empty lots or on Vista public rights of way.

- <u>Vistans ROC</u>. The containers, help and assistance rendered by EDCO and its employees at
 the Vistans ROC event on October 22, went far beyond what is considered "usual and
 normal" and the City is very grateful for this invaluable service. Frankly stated, this event
 would not have been the overwhelming success it was without the support EDCO provided.
- Special Recycling Projects. Your company continues to honor its commitments to special recycling projects such as Christmas Tree Recycling and Telephone Book collection. With EDCO's help and cooperation, we plan to continue those programs.

Miscellaneous Matters

- <u>Scavenging and Illegal Waste Collection</u>. City Code Compliance officers and Public Works staff have cooperatively worked with EDCO to increase enforcement activities of City trash collection Ordinances and franchise agreement terms when and where necessary, and EDCO has worked with apartment managers and property owners to report scavenging activities they have noted. These cooperative efforts have proven successful and will continue.
- AB939 Diversion. When it was discovered that the City's AB939 diversion rate dropped below 50% in the most recent reporting period, EDCO was very responsive to the City's request for information in this area. With EDCO's help and assistance, City staff was able to determine that self-hauled demolition debris from the Vista Village Redevelopment Project was the cause of the drop in the diversion rate. The City appreciates the efforts made by EDCO to work with City staff to identify this and any other problems, resolve areas of mutual concern and, when and where necessary, cooperatively relay information to the California Integrated Waste Management Board.
- Household Hazardous Waste. The City appreciates the active role EDCO played and continues to play in the resolution of the regional HHW issue. We hope the current HHW arrangement proves to be mutually beneficial to EDCO and the City for many years.
- Automation and Other Issues. You have expressed a desire to automate portions of your
 residential collection system and we would like to pursue this topic with you during the
 coming year. In addition, we would like to open discussions on several other aspects of our
 current contract at some point in the next contract year.

Summary

The service provided by EDCO Waste and Recycling Services to the City of Vista and its citizens continues to be of the highest caliber and EDCO continues to provide consistent support to all aspects of refuse collection in the City of Vista. EDCO regularly involves itself in Vista community and environmental activities, and is viewed as a contributor to the high quality of life in the area in and around Vista. In my opinion, EDCO provides a very high level of service, and

SECOND AMENDMENT TO REFUSE COLLECTION FRANCHISE AGREEMENT

THIS SECOND AMENDMENT TO THE AGREEMENT BETWEEN THE CITY OF VISTA AND VISTA SANITATION COMPANY FOR REFUSE COLLECTION SERVICES, (the "Second Amendment") is made and entered into as of August 10, 1999, by and between the City of Vista, a municipal corporation (the "City") and EDCO Disposal Company, a California corporation, ("EDCO") amending an exclusive refuse collection franchise agreement entitled: Agreement Between the City of Vista and Vista Sanitation Company For Refuse Collection Services (the "Agreement") dated February 26, 1990.

WITNESSETH:

WHEREAS, EDCO assumed all of the rights and liabilities of the Agreement under the First Amendment to the Agreement dated July 28, 1999; and

WHEREAS, the City operates a household hazardous waste facility; and

WHEREAS, EDCO receives a benefit by the City's operation of a household hazardous waste facility whereby the amount of hazardous waste being illegal disposed of in residential and commercial solid waste receptacles is reduced; and

WHEREAS, EDCO and the City desire to amend the Agreement pursuant to Section 9(a) of the Agreement to include a household hazardous waste fee.

NOW, THEREFORE, in consideration of the promises and mutual agreements herein contained, the parties hereto do hereby agree as follows:

- 1. The above recitals are true and correct.
- 2. SECTION 5. COMPENSATION is hereby amended as follows:
 - (1) Payments to the City: In consideration of granting the exclusive franchise to the Contractor as herein provided, Contractor agrees to pay the City of Vista during the term of this agreement, the following sums:
 - (1) A sum equivalent to five percent (5%) of gross monies collected pursuant to this agreement within the corporate limits of the City, provided, however, Contractor shall pay the City a minimum of one hundred dollars (\$100.00) per annum.
 - (2) In addition to the sum stated in subsection 5(a)(1) above, Contractor shall pay a sum equivalent to two dollars twenty-five cents (\$2.25) per ton of residential and commercial tonnage and one dollar ninety-five cents (\$1.95) per ton for roll-off tonnage.
 - (3) The aforementioned sums shall be paid quarterly, by the tenth of the

- (3) The aforementioned sums shall be paid quarterly, by the tenth of the month following the quarterly billing.
- (4) Monies collected through the recycling surcharge for the recycling program shall be exempt from franchise fees until such time as the recycling program becomes profitable.
- (5) Contractor shall further provide the City within thirty (30) days after the end of the calendar year a verified statement showing the gross monies collected fro services for both refuse collection and recycling program within the corporate limits of the City.
- (6) City shall have reasonable rights to inspect Contractor's books of account at reasonable times and hours at Contractor's place of business.
- 3. All other conditions of the Agreement and the First Amendment to the Agreement shall continue in force.

IN WITNESS WHEREOF, the parties have executed and entered into this Second Amendment as of the date first written above.

June 16, 1999

RECEIVED

JUN 2 2 1999

Mr. Jeff Ritchie, Vice President and General Manager EDCO Disposal Corporation P. O. Box 6907 San Marcos, California 92079

CITY CLERK CITY OF VISTA, CA

Dear Mr. Ritchie:

Annually, pursuant to Section 7, Subsection (c) of our Agreement dated February 26, 1989, I am charged to conduct a contract year-end review to evaluate the level and quality of EDCO's service in Vista, and to evaluate the level of compliance with the specific terms of that Agreement.

For purposes of our City's performance evaluation, I have identified four year-end evaluation criteria: Service Quality, Administrative Responsibilities, Community Involvement and Miscellaneous Matters.

Service Quality

I reviewed service quality and am basing my recommendations largely on written and telephone communications received by the public in the Public Works Department and the city manager's office, and from City staff field observations during the period from February 21, 1998, through February 19, 1999.

- Residential Refuse Collection. The City received two written complaints during the past
 contract year regarding residential refuse collections, and our City's Public Works staff
 received approximately 150 telephone calls from Vista residents regarding refuse collection
 during that period. Many of those telephone calls dealt with lack of telephone etiquette from
 EDCO customer service representatives, lack of customer service follow-through, incorrect
 billing, and practices and procedures employed when bill payments were in arrears. The
 balance of the calls addressed assorted topics, but were not considered significant.
- <u>Commercial Refuse Collection</u>. Less than five complaints on the quality of service from commercial users were noted during the evaluation period and most are requests for additional collection sites around their respective businesses.
- Residential and Multi-Family Recycling. These programs continue to be operated very successfully and the City appreciates the aggressive position EDCO takes in maximizing recycling in Vista.
- Green Waste Recycling. There have been no written or oral communications from Vista

residents or businesses during the past contract year. Occasionally, illegal dumping of green waste is encountered, and from time to time green waste shows up in plastic bags, but it is not a significant problem. When reported, your company dispatches a special pickup and the problem is rectified.

• Economic Hardships. Currently, our records show 66 approved residential economic hardship trash exemptions, up 11 from last year. These exemptions fluctuate up and down from year to year, and are generally not an issue. The City received no written complaints nor telephone calls regarding the quality of services from any of these low-income exempted households over the 12-month evaluation period.

Administrative Responsibilities

- Quarterly Financial Reports. Each quarter, the City receives its franchise tax and recycling
 revenue payments, and according to our Finance Department, these payments continue to be
 timely and accurate.
- Statistical Collection Reports. Refuse and recycled solid waste statistics are collected and recorded to meet State requirements and timetables. The City continues to rely on your company for all required statistical information, and diligence in this important area has been noted.

Community Involvement

- Participation on the Environmental Quality Commission (EQC). Section 2.52 of the Vista Municipal Code sets forth the propositions of the EQC. As a non-voting member, your attendance, input, commitment of resources to special projects, and willingness to support environmental activities undertaken by the EQC is appreciated.
- <u>Vista Citywide Clean-Up Day</u>. EDCO continues to provide large containers at no cost to the City for its annual clean-up day and your company continues to respond to the needs of the City of Vista in supporting our special clean-up events. The annual collection of bulky items reduces the likelihood that these items will end up in empty lots or on Vista public rights of way.
- Special Recycling Projects. Your company continues to honor its commitments to special recycling projects such as Christmas Tree Recycling and Telephone Book collection. With EDCO's help and cooperation, we hope to continue those programs.

Miscellaneous Matters

• <u>Transfer of Ownership</u>. The transfer of ownership from Mashburn Waste & Recycling Services, Inc. to EDCO Disposal Corporation was accomplished with minimal impact. No

EDCO Disposal Corporation June 16, 1999 Page 3

delays or service interruptions were noted, and except for the different name appearing on trucks and collection bins, the transition was invisible.

- Annual Property Owners Notice. More than 12,000 Property Owner Advisory postcards were mailed out during the past year at no cost to the City. Based on the number of telephone inquiries this program generated, this educational tool was effective. It is anticipated EDCO will continue this project during the coming evaluation period.
- <u>HHW "Hotline" Notification</u>. The new Vista Permanent Household Hazardous Waste Collection Facility (PHHWCF) "hotline" number notification was mailed out during the past year at no cost to the City.
- <u>Scavenging and Illegal Waste Collection</u>. City Code Compliance and Public Works staff have cooperatively worked with EDCO to increase enforcement activities of City trash collection ordinances and franchise agreement terms, and EDCO has worked with apartment managers and owners to report scavenging activities they observed. These joint activities will continue.

Summary

The service provided by EDCO Disposal Corporation to the City of Vista and its citizens continues to be of the highest caliber, and EDCO continues to provide consistent support to all aspects of refuse collection in the City of Vista. EDCO regularly involves itself in Vista community and environmental activities, and is viewed as a contributor to the high quality of life in the area in and around Vista. In my opinion, EDCO provides a very satisfactory level of service, and the City of Vista thanks you for your efforts to maintain a strong and positive image in the Vista community.

In accordance with the powers granted to me by the City's mandatory trash collection ordinance, I hereby grant a one-year extension to the current refuse collection agreement between the City of Vista and EDCO Waste and Recycling Services.

Sincerely,

Rita Geldert, City Manager

FIRST AMENDMENT TO REFUSE COLLECTION FRANCHISE AGREEMENT

THIS FIRST AMENDMENT TO THE REFUSE COLLECTION FRANCHISE AGREEMENT (the "First Amendment") made and entered into as of July 28, 1998, by and between the CITY OF VISTA, a municipal corporation (the "City") and EDCO Service Corporation, a California corporation, ("EDCO") under a Exculsive Franchise Agreement (the "Agreement") between the City and Vista Sanitation Company, subsequently renamed Mashburn Waste & Recycling Services, Inc ("Mashburn") dated February 26, 1990;

WITNESSETH:

WHEREAS, EDCO intends to purchase all of the assets of Mashburn, including any and all rights under the Agreement between the City and Mashburn; and

WHEREAS, the City and EDCO desire to enter into this First Amendment pursuant to Paragraph 9(a) of the Agreement.

NOW, THEREFORE, in consideration of the promises and mutual agreements herein contained, the parties hereto do hereby agree as follows:

- 1. The above recitals are true and correct.
- 2. EDCO shall assume all of the rights and obligations of Mashburn under the Agreement and all other conditions of the Agreement shall continue in force.

IN WITNESS WHEREOF, the parties have executed and entered into this First Amendment as of the date first written above.

CITY OF VISTA, a municipal corporation

EDCO Service Corporation, a California corporation

GLORIA E. McCLELLAN, Mayor

City of Vista

February 27, 1998

RECEIVED

MAR 4 1998

Mr. Jeff Ritchie, President Mashburn Waste and Recycling Services, Inc. P. O. Box 6907 San Marcos, California 92079

CITY CLERK CITY OF VISTA, CA

Dear Mr. Ritchie:

Annually, pursuant to Section 7, Subsection (c) of our Agreement dated February 26, 1989, I am charged to conduct a contract year-end review to evaluate the level and quality of Mashburn's service in Vista, and to evaluate the level of compliance with the specific terms of that Agreement.

For purposes of our City's performance evaluation, I have identified four year-end evaluation criteria: Service Quality, Administrative Responsibilities, Community Involvement and Miscellaneous Matters.

Service Quality

I determined service quality largely from written and telephone communications received from the public in the Public Works Department and the city manager's office. Further, City staff made periodic field observations during the period from February 26, 1997, through February 20, 1998.

- Residential Refuse Collection. The City has received only one written correspondence during the past contract year regarding residential refuse collections, and our City's Public Works staff received approximately fifteen telephone calls from Vista residents regarding refuse collection. Several of those telephone calls dealt with Mashburn's billing practices and the procedures employed when bill payments were in arrears, and the balance addressed a multitude of topics. When these few circumstances come to the attention of the City, staff contacts your company and the issues are resolved promptly.
- Commercial Refuse Collection. There have been no complaints on the quality of service from commercial users, and in two separate instances, merchants have been very complimentary about the quick response to requests for additional collection sites around their respective businesses.
- Residential and Multi-Family Recycling. These programs continue to be operated very successfully and the City appreciates the aggressive position Mashburn takes in maximizing recycling in Vista.

Green Waste Recycling. There have been no written or oral communications from Vista
residents or businesses during the past contract year. Occasionally, illegal dumping of green
waste is encountered, and from time to time green waste shows up in plastic bags, but it is not
considered a significant problem. When reported, your company dispatches a special pickup
(usually the same day), and the problem is rectified.

. .

• <u>Economic Hardships</u>. Currently, our records show 54 approved residential economic hardship trash exemptions, down 15 from last year. The City has no written or telephone complaints regarding the quality of services from any of these low-income exempted households.

Administrative Responsibilities

- Quarterly Financial Reports. Each quarter, the City receives its franchise tax and recycling
 revenue payments, and according to our Finance Department, these payments continue to be
 timely and accurate. Based on a suggestion from our Public Works staff to differentiate and
 label revenue sources, it is anticipated the additional information will be incorporated into
 future quarters' statements making account tracking even easier. It is obvious your company
 is paying careful attention to this important business detail and is willing to make changes
 when and where necessary.
- <u>Statistical Collection Reports</u>. Volumes of refuse and recycled solid waste statistics are collected and recorded to meet State requirements. The City continues to rely on your company for all required statistical information, and diligence in this important administrative area has been noted.

Community Involvement

- Participation on the Environmental Quality Commission (EQC). Section 2.52 of the Vista
 Municipal Code sets forth the responsibilities of the EQC. As a non-voting member, you are
 to be commended for your attendance, input, commitment of resources to special projects,
 and willingness to support the numerous environmental activities undertaken by the EQC.
- <u>Clean-Up Day.</u> Mashburn continues to provide large containers at no cost to the City for its annual clean-up day and your company continues to respond to the needs of the City of Vista in supporting our special clean-up events. The annual collection of bulky items reduces the likelihood that these items will end up in empty lots or on Vista public rights of way. The City thanks your company for making these extra collection efforts, successful.
- Special Recycling Projects. Your company continues to honor its commitments to special
 recycling projects such as Christmas Tree Recycling and Telephone Book Recycling, and for
 that, we are grateful and hope to continue those programs on a regular basis.

Mashburn Waste and Recycling Services February 27, 1998 Page 3

Miscellaneous Matters

- Annual Property Owners Notice. More than 12,000 Property Owner Advisory postcards
 were mailed out twice during the past year at no cost to the City. Overall, this educational
 tool was effective. It is anticipated Mashburn will continue this project during the coming
 evaluation period.
- <u>Computerized Billing System</u>. The new computerized billing system has been running smoothly, and no customer complaints have been noted as a result of the new system.
- <u>Scavenging</u>. Scavenging, especially in apartment complexes, continues to be a concern. Our City staff and your company have met periodically with the Sheriff's Department to increase enforcement activities, and Mashburn has worked with apartment managers and owners to report scavenging activities they observed. These joint activities will continue.

Summary

The service provided by Mashburn Waste and Recycling Services, Inc. to the City of Vista and its citizens continues to be excellent. Except for occasional concerns, relatively few week-to-week problems have been reported. Mashburn continues to provide consistent administrative support to the requirements of refuse collection, and regularly involves itself in Vista community environmental activities.

In my opinion, Mashburn provides a very satisfactory level of service to the City and to the citizens of Vista, and the City of Vista thanks you for your efforts to maintain a strong and positive image in the Vista Community. In accordance with the powers granted to me by the City's mandatory trash collection ordinance, I am going to grant a one-year extension to the current refuse collection agreement between the City of Vista and Mashburn Waste and Recycling Services.

Sincerely,

Rita Geldert, City Manager

City of Vista

March 1, 1997

Mr. James Mashburn, President Mashburn Waste and Recycling Services, Inc. P.O. Box 6907 San Marcos, California 92079 RECEIVED

FEB 20 1997

CITY CLERK CITY OF VISTA, CA

Dear Mr. Mashburn:

Annually, pursuant to Section 7, Subsection (c) of our Agreement dated February 26, 1989, I am charged to conduct a contract year-end review to evaluate the level and quality of your company's service in Vista, and to determine your company's compliance with the specific terms of this agreement.

For purposes of our City's performance evaluation, I have identified the following year-end evaluation criteria: service quality, administrative responsibilities, community involvement and miscellaneous matters.

Service Quality

I determined service quality largely from written and telephone communications received from the public in the public works department and the city manager's office. Moreover, City staff made periodic field observations during the period from February 27, 1996 through February 26, 1997.

a. Residential Refuse Collection. The City has not received any written correspondence during the past contract year of service regarding refuse collections. Our City's public works staff received approximately fifteen telephone calls from Vista residents regarding refuse collection. Three telephone calls alleged road damage caused by Mashburn trash trucks. In each instance, these were private roads. It is my understanding that your company uses lighter weight collection trucks on private roads. Further, your company assumes responsibility for repairs when private road residents demonstrate that your trucks are at fault. A few telephone calls dealt with Mashburn's billing practices and the cancellation of services when given residents' bill payments were in arrears. The Vista Municipal Code does not allow for cancellation of services due to nonpayment. When these few circumstances come to the attention of the City, staff contacts your company and service is resumed quickly. In

summary, given the broad scope of your company's refuse collection service, it is effective and satisfactory.

- b. <u>Commercial Refuse Collection</u>. As in the past, there have been no complaints on the quality of service from commercial users. I rate the services to commercial accounts to be exceptional.
- operated very successfully. Your company has been very aggressive in maximizing recycling efforts in Vista. Scavenging in apartment complexes is an ongoing problem. Our City staff and your company plan to meet with the Sheriff's Department to reenergize its commitment for increased enforcement activities soon. In addition, your company continues to work aggressively with apartment managers to appropriately report any scavenging activities. Bill Dean, Mashburn's Recycling Coordinator, is to be commended for his continuing efforts to find ways to minimize scavenging. Mixed paper recycling collections has been very favorably received in Vista. Mashburn is to be commended for broadening the collection of recycled materials and thereby reducing solid waste to landfills. Lastly, your company use of a baling machine has allowed for higher revenues to come from recycled materials at the centralized marketplace. Your company's recycling services are very efficient and exceptional.
- d. <u>Green Waste Recycling.</u> This program is running well. There have been no written or oral communications from Vista residents during this past contract year. On very rare circumstances, illegal dumping of green waste in plastic bags occurs. When it is reported, your company dispatches a special pickup truck within the same day. Mashburn's continuing efforts to seek out lower green waste disposal fees are commendable. Overall green waste collection services are exceptional.
- e. <u>Economic Hardships</u>. Currently, there are 69 approved residential economic hardship trash exemptions. Your company and the public works department staff work closely to insure that the City's refuse ordinance is carried out effectively. The City has no written or telephone complaints regarding the quality of services from any of these low-income exempted household.

Administrative Responsibilities

a. Quarterly Financial Reports. Each quarter, the City receives its franchise tax and recycling revenue payments. According to our Finance Department, these payments continue to be timely, detailed and accurate. Your company is commended for paying careful attention to this important business detail.

b. <u>Statistical Collection Reports</u>. Volumes of refuse and recycled solid waste materials are collected and recorded to meet State requirements. Periodically, when surveys and/or State reports have to be made, the City continues to rely on your company's expertise for any needed statistical information. Again, I commend your company for exceptional diligence in this important administrative area.

Community Involvement

- a. <u>Participation on the Environmental Quality Commission.</u> (EQC) Section 2.52 of the Municipal Code sets forth the responsibilities of the EQC. The representative from the City's franchise refuse collection hauler is a non-voting member. Mr. Jeff Ritchie, CEO, is your company's representative. His attendance is excellent. In addition, Mr. Ritchie has committed the resources of your company to support our EQC's special volunteer projects. Mashburn made a substantial contribution to the fall, 1996 EQC's Earth Day activities at the Antique Steam Museum. You are to be highly commended for your willingness to support environmental activities undertaken by the EQC.
- b. <u>Vista Clean-Up Day.</u> Mashburn continues to provide large containers at no cost to the City for its annual cleanup day. Given the closure of the San Marcos landfill scheduled for March 11, 1997, refuse from this day must be hauled to out-of-area transfer station and/or County landfill at a higher cost to your company. Nonetheless, due to the importance of having a special collection day within the Vista community, this extra service is provided and strongly supported by your company. Responding to expressed needs within the Vista Townsite area, a third collection site will be maintained in the W. California/No. Santa Fe area on Saturday, May 3, 1997. The annual collection of bulky items reduces the likelihood that these items will find their way onto the City's public right-of-ways or empty City lots. The City thanks your company for making these extra collection efforts.
- c. Special Recycling Projects. Your company maintains its commitments to special recycling projects such as the Christmas Tree Recycling and Telephone Book Recycling. Moreover, Mashburn supports recycling efforts made by the Vista Women's Club, the Vista Boys and Girls Club and the Vista Unified School District. Clearly, the Mashburn Company continues to maintain a strong and positive presence in the Vista community.

Miscellaneous Matters

a. Annual Property Owners Notice. There were no property owners at the

July 11, 1996 City Council meeting protesting delinquent trash billings. This suggests that the annual notice to property owners is becoming very effective in communicating the financial responsibilities for those owners who rent their property out. To date, the City has not received any indication that these annual notices were mailed. Presuming this notice will be sent out this spring, your company must take special care not to mail these annual City notices to County residents. Careless attention to detail for this annual mailing last year resulted in confusion among County residents.

b. <u>Computerized Billing System Change</u>. In January 1997, the public works department is informed by your billing accountant that your company has recently changed its computerized billing program. Further, your representative notified this department that your annual delinquent notice program may be delayed due to this new computer program. Please be aware that the City's scheduling of its delinquent notices and subsequent City Council-authorized property liens to affected Vista property owners are set by law. The County Auditor has noticing deadlines also. If the City is unable to meet its noticing requirements, particularly if your noticing requirements are tardy, your company will be solely responsible for potential losses of income.

Closure of the San Marcos Landfill

The closure of the San Marcos Landfill on March 11, 1997 has the potential to cause tremendous disruptions to solid waste collections and operational costs. The City would like to go on record as strongly commending Jeff Ritchie for his yeoman efforts to mitigate any potentially adverse circumstances resulting from this closure. Mr. Ritchie has developed continency plans should the need arise for direct haul to the Sycamore Canyon landfill in Santee. He has also examined other options for Vista, such as, but not limited to, the use of transfer stations in adjoining areas. We are confident that the City's residents and businesses will fare well in the coming contract year thanks to Mr. Ritchie's efforts.

Summary

The service provided by Mashburn Waste and Recycling Services, Inc. to the City and to the citizens of Vista continues to be exceptional. Except for a small number of concerns that arise out of the Mashburn billing practices, there are few week-to-week working problems reported. At the same time, there have been many positive initiatives from Mashburn to maintain its expansion of recycling collections and to reduce the amount of refuse going to the San Marcos Landfill. Mashburn continues

to provide strong administrative support to the requirements of refuse collection. Your company aggressively involves itself in Vista community environmental activities.

In my judgment, your company provides a very satisfactory level of refuse collection services to the City and to the citizens of Vista. In accordance with the powers granted to me by the City's mandatory trash collection ordinance, I am going to grant a year's extension to the current refuse collection agreement between the City and your company.

Sincerely,

Morris Vance, City Manager

Jo Seibert, City Clerk

City of Vista

March 1, 1996

Mr. James Mashburn, President Mashburn Waste and Recycling Services, Inc. P.O. Box 6907 San Marcos, California 92079 RECEIVED

FEB 2 9 1996

CITY CLERK CITY OF VISTA, CA

Dear Mr. Mashburn:

Pursuant to Section 7, Subsection (c), I am charged to conduct a contract year-end review to evaluate the level and quality of your company's service in general, and to determine compliance, by your company, with the specific terms of this agreement. February 26, 1996 is the year-end annual anniversary date.

For purposes of this performance evaluation, I have identified the following year-end evaluation criteria: service quality, administrative responsibilities, community involvement and miscellaneous matters.

Service Quality

I determined service quality largely from written and telephone communications received from the public in the public works department and the city manager's office. Moreover, City staff has made periodic field observations.

- a. Residential Refuse Collection. The City received two written pieces of correspondence during the past calendar year of service. These two written concerns dealt with billings. Neither of the concerns was a result of Mashburn's fault, but rather, both parties had failed to renew their annual trash exemptions. Therefore, they received a bill from Mashburn. Our City staff received approximately ten telephone calls during the past year. About half the telephone concerns dealt with Mashburn's billings. When contacted, the company CEO resolved each concern. In summary, given the scope of your company's refuse collection service, it is exceptionally effective and satisfactory.
- b. <u>Commercial Refuse Collection</u>. As in the past, there have been no complaints on the quality of service from commercial users. Occasionally, a few commercial users have expressed a desire to use a disposal company other than

Mashburn in calls to the public works department. The desire is always motivated by financial concerns, never on the quality of service. A review of adjacent 1995-96 hauling rates show the City's adopted commercial rates to be very competitive. I rate the services to commercial accounts to be very satisfactory.

- c. Residential and Multi-Family Recycling. These programs are being operated very successfully. Your company has been very aggressive in maximizing recycling efforts in Vista. Scavenging in apartment complexes is an ongoing problem, but your company has met with the Sheriff's Department to gain a commitment for increased enforcement activities. In addition, your company has worked aggressively with apartment managers to appropriately report any scavenging activities. Bill Dean, Mashburn's Recycling Coordinator, is to be commended for his continuing efforts to find ways to minimize scavenging. Mixed paper recycling collections has been very favorably received in Vista also. Mashburn is to be commended for broadening the collection of recycled materials and thereby reduce the waste going to the landfill. Lastly, your company use of a baling machine has allowed for higher revenues to come from recycled materials at the centralized marketplace. Your company's recycling services are very efficient and exceptional.
- d. Green Waste Recycling. This program is running well. One call during the past year complained about the quality of Mashburn's green waste collection services. City staff intervened and found that both parties failed to communicate with each other. It is recommended that your company communicate to Vista residents that there is a nine 32-gallon can or equivalent disposal limit at any given week pickup. Customers planning to put out more than that amount at any given week need to be told that a special bin pickup is required. Early use of plastic bags for green waste by some residents have virtually disappeared. Now and then, illegal dumping of green waste in plastic bags occurs. When it is reported, your company dispatches a special pickup truck within the same day. Mashburn's efforts to seek out lower green waste disposal fees are commendable. Overall green waste collection services are very satisfactory.
- e. <u>Economic Hardships</u>. Currently, there are 58 approved residential economic hardship trash exemptions. Your company and the public works department staff work closely to insure that the City's refuse ordinance is carried out effectively. The City has no written or telephone complaints regarding the quality of services to any of these exempted household.

Administrative Responsibilities

- a. <u>Quarterly Financial Reports.</u> Each quarter, the City receives its franchise tax and recycling revenue payments. These payments are timely, detailed and accurate. Your company is commended for paying careful attention to this important business detail.
- b. <u>Statistical Collection Reports.</u> Volumes of refuse and recycled solid waste materials are collected and recorded to meet State requirements. Periodically, when surveys and/or State reports have to be made, the City can rely on your company for any needed statistical information. Again, I commend your company for exceptional diligence in this important administrative area.

Community Involvement

- a. Participation on the Environmental Quality Commission. (EQC) Section 2.52 of the Municipal Code sets forth the responsibilities of the EQC. The representative from the City's franchise refuse collection hauler is a non-voting member. Mr. Jeff Ritchie, CEO, is your company's representative. His attendance is very good. In addition, Mr. Ritchie volunteered to be a member of the EQC litter subcommittee. He has committed the resources of your company to support the EQC's special volunteer projects. Mashburn is making a substantial contribution to the spring, 1996 EQC's Earth Day activities also. Mr. Ritchie is the Chairperson of the EQC's Earth Day subcommittee. He is to be commended for his willingness to support environmental activities undertaken by the EQC.
- b. <u>Vista Clean-Up Day.</u> Mashburn continues to provide large containers at no cost to the City for its annual cleanup day. Given the restrictions at the San Marcos Landfill, refuse from this day must be hauled to the Sycamore Landfill at a higher cost to your company. Nonetheless, due to the importance of having a special collection day within the Vista community, this extra service is provided. Responding to expressed needs within the Townsite area, a third collection site is being initiated in the W. California/No. Santa Fe area this spring. The annual collection of bulky items reduces the likelihood that these items will find their way onto the City's public right-of-ways or empty City lots. The City thanks you for making these extra collection efforts.
 - c. Special Recycling Projects. Your company maintains its commitments to

special recycling projects such as the Christmas Tree Recycling and Telephone Book Recycling. Moreover, Mashburn supports recycling efforts made by the Vista Women's Club, the Vista Boys and Girls Club and the Vista Unified School District. Clearly, the Mashburn Company maintains a strong and positive presence in the Vista community.

Miscellaneous Matters

a. Annual Property Owners Notice. There were no property owners at the July 11, 1996 City Council meeting protesting delinquent trash billings. This suggests that the annual notice to property owners is becoming effective in communicating their financial responsibilities. In January 1996, this year's notice was too widely mailed. Your company hired a mailing service that sent this annual notice to too many County residents. As such, the public works office received approximately 20-30 telephone calls from confused County residents wondering why they received such a notice. Despite well-intentioned written communications efforts by your company, more care must be taken in the coming year to restrict this mailing to City residents only. Mashburn can be considered a quasi public utility. It is a private company but provides a public service on behalf of the City. Its billing practices are different from other utilities or quasi-public utility such as Vista Irrigation District or S. D. G. & E. The City of Vista continues to urge your company to begin more modern billing practices that will alleviate the need for this special mailing.

Summary

The service provided by Mashburn Waste and Recycling Services, Inc. to the City and to the citizens of Vista continues to be exceptional. Except for a small number of citizen concerns that arise out of the Mashburn billing practices, there are few day-to-day working problems reported. At the same time, there have been many positive initiatives from Mashburn to expand recycling collections and to reduce the amount of refuse going to the San Marcos Landfill. Mashburn continues to provide strong administrative support to the requirements of refuse collection. Your company aggressively involves itself in Vista community environmental activities.

Your company provides a high level of satisfactory refuse collection services to the City and to the citizens of Vista. In accordance with the powers granted to me by the City's mandatory trash collection ordinance, I am going to grant a year's extension to the current refuse collection agreement between the City and your company.

Sincerely

Morris Vance, City Manager

C: Bill Basham, Director of Public Works Jo Seibert, City Clerk

City of Vista

April 14, 1995

RECEIVED

APR 1 2 1995

CITY CLERK CITY OF VISTA, CA

Mr. James Mashburn, President Mashburn Waste and Recycling Services, Inc. P.O. Box 6907 San Marcos, California 92079

Dear Mr. Mashburn:

Pursuant to Section 7, Subsection (c), I am charged to conduct a contract year-end review to evaluate the level and quality of your company's service in general, and to determine compliance, by your company, with the specific terms of this agreement. February 26, 1995 is the year-end annual anniversary date.

For purposes of this performance evaluation, I have identified the following year-end evaluation criteria: service quality, administrative responsibilities, community involvement and miscellaneous matters.

Service Quality

I determined service quality largely from written and telephone communications received from the public in the public works department and the city manager's office. Moreover, City staff will make periodic field observations.

a. Residential Refuse Collection. The City received four written pieces of correspondence during the past calendar year of service. These written concerns included a citizen's inability to take trash to designated curb collection site due to a physical ailment, property owners' whose principal residence is out of Vista, and a property owner who was away on vacation being charged for services not received. The company CEO resolve each of these concerns in a satisfactory manner. Approximately twelve telephone calls were received during the year. All telephone concerns dealt with Mashburn's bills. Again, when contacted, the company CEO was able to resolve each concern. There were no calls during the past year complaining about the quality of Mashburn's refuse collection services. In summary,

given the scope of your company's refuse collection service, it is exceptionally effective and satisfactory.

- b. <u>Commercial Refuse Collection</u>. There have been no complaints on the quality of service from commercial users. Occasionally, some commercial users have expressed a desire to use a disposal company other than Mashburn. It is always motivated by financial concerns, never on the quality of service. A review of adjacent 1994-95 hauling rates show the City's adopted rates to be very competitive. I rate the services to commercial accounts to be very satisfactory.
- c. Residential and Multi-Family Recycling. These programs are being operated very successfully. Your company has been very aggressive in maximizing recycling efforts in Vista. Scavenging in apartment complexes is an ongoing problem, but your company has met with the Sheriff's Department to gain a commitment for increased enforcement activities. In addition, your company has worked aggressively with apartment managers to appropriately report any scavenging activities. Mixed paper recycling collections have been initiated in Vista also. Mashburn is to be commended for broadening the collection of recycled materials and thereby reduce the waste going to the landfill Lastly, your company acquired a baling machine that has allowed for higher revenues from recycled materials at the marketplace. Your company's recycling services are very efficient and exceptional.
- d. Green Waste Recycling. This program is running very smoothly. Early use of plastic bags for green waste by some residents have virtually disappeared. Now and then, illegal dumping of green waste in plastic bags occurs. When it is reported, your company dispatches a special pick-up truck within the same day. In the summer 1994, your company sought out a new green waste hauler at California State College, San Marcos, resulting in lower green waste disposal fees than that charged by the San Marcos Landfill. Your company is to be commended for finding ways to keep Vista's green waste collection rates as low as possible. Service in this area is very

satisfactory.

e. <u>Economic Hardships</u>. Currently, there are forty approved residential economic hardship trash exemptions. Your company and the public works department staff work closely to insure that the City's refuse ordinance is carried out effectively. The City has no written or telephone complaints regarding the quality of services to any of these exempted household.

Administrative Responsibilities

- a. <u>Ouarterly Financial Reports.</u> Each quarter, the City receives its franchise tax and recycling revenue payments. These payments are timely and accurate. Your company is commended for paying careful attention to this important business detail.
- b. <u>Statistical Collection Reports.</u> Volumes of refuse and recycled solid waste materials are collected and recorded to meet State requirements. Periodically, when surveys and/or State reports have to be made, the City can rely on your company for any needed statistical information. Again, I commend your company for exceptional diligence in this important administrative area.

Community Involvement

a. <u>Participation on the Environmental Quality Commission.</u>(EQC) Section 2.52 of the Municipal Code sets forth the responsibilities of the EQC. The representative from the City's franchise refuse collection hauler is a non-voting member. Mr. Jeff Ritchie is your company's representative. His attendance is very good. In addition, the EQC established a new litter sub-committee this winter. Mr. Ritchie volunteered to be a member of this sub-committee. He has committed the resources of your company to support the EQC's special litter projects slated to begin later this spring. Mashburn made a substantial contribution to support the EQC's

Earth Day activities also. Mr. Ritchie is to be commended for his willingness to support environmental activities undertaken by the EQC.

- b. <u>Vista Clean-Up Day.</u> Mashburn continues to provide large containers at no cost to the City for its annual clean-up day. Given the restrictions at the San Marcos Landfill, refuse from this day must be hauled to the Sycamore Landfill at a higher cost to your company. Nonetheless, due to the importance of having a special collection day within the Vista community for large bulky articles, this extra service is provided. Last February, a Townsite Clean-Up Day was initiated by local neighborhood citizenry. Again, your company provided collection services at no cost. The City thanks you for making these extra collection efforts.
- c. Special Recycling Projects. Your company maintains its commitments to special recycling projects such as the Christmas Tree Recycling and Telephone Book Recycling. Moreover, Mashburn supports recycling efforts made by the Vista Women's Club, Vista Boys and Girls Club and Vista Unified School District. Clearly, the Mashburn Company maintains a strong and positive presence in the Vista community.

Miscellaneous Matters

a. Billing. Despite well-intentioned written communications efforts by your company to the approximately 16,000 Vista accounts, annually there are approximately six property owners who complain about being responsible for their tenants delinquent trash bill. While it would be optimal for the City to receive no complaints, the small number of complaints does not appear to warrant a change in your company's billing practices. Mashburn can be considered a quasi public utility. It is a private company but provides a public service on behalf of the City. It's billing practices are different than other utilities or quasi-public utility such as Vista Irrigation District or S. D. G. & E. Perhaps in the near future, your company will

initiate billing practices that will alleviate such annual complaints.

Summary

The service provided by Mashburn Waste and Recycling Services, Inc. to the City and to the citizens of Vista continues to be exceptional. Except for a small number of citizen concerns that arise out of the Mashburn billing practices, there are few day-to-day working problems reported. At the same time, there have been many positive initiatives from Mashburn to expand recycling collections and to reduce the amount of refuse going to the San Marcos Landfill. Mashburn continues to provide strong administrative support to the requirements of refuse collection. Your company aggressively involves itself in Vista community environmental activities.

Your company provides a high level of satisfactory refuse collection services to the City and to the citizens of Vista. In accordance with the powers granted to me by the City's mandatory trash collection ordinance, I am going to grant a year's extension to the current refuse collection agreement between the City and your company.

Sincerely,

Morris Vance, City Manager

C: Bill Basham, Director of Public Works Jo Seibert, City Clerk

AGREEMENT BETWEEN THE CITY OF VISTA AND

VISTA SANITATION COMPANY

FOR REFUSE COLLECTION SERVICES

THIS AGREEMENT is made and entered into this 26th of February, 1990, by and between the CITY OF VISTA, a municipal corporation, hereinafter referred to as "City", and Vista Sanitation Company, as refuse collection company, hereinafter referred to as "Contractor."

RECITALS

WHEREAS, the City requires the services of a refuse collection company to assist with refuse removal in accordance with Vista Municipal Code Sections 13.25 and 13.27; and

WHEREAS, the parties desire to enter into this agreement to provide for an exclusive right to collect and dispose of garbage, rubbish and other refuse materials within the city; and

WHEREAS, Contractor is specially trained and possesses special skills, education, experience, and competency to perform the services needed; and WHEREAS, the City has chosen contractor to perform the needed work.

NOW, THEREFORE, in consideration of these recitals and the mutual covenants contained herein, City and Contractor agree as follow:

- 1. The above recitals are true and correct.
- 2. DEFINITIONS

In this agreement, unless the context requires otherwise:

(a) <u>Combustible Rubbish:</u> means paper, rags, discarded household bedding, packing materials, cartons, boxes, containers, grass, plants, shrubs, trees, vines, and the prunings thereof, shavings,

sawdust, chips, lumber scraps or other articles from lumberyards, mills or factories and other articles which will burn upon contact with flames of ordinary temperature. Combustible rubbish shall not include those materials listed under "Construction sand Demolition Debris," below.

- (b) <u>Construction and Demolition Debris</u>: means dirt, sweepings, bricks, mortar, plaster and other building and construction materials, whether combustible or noncombustible, resulting from the repair, remodeling, demolition or construction of buildings or other structures.
- (c) <u>Garbage:</u> includes, but is not limited to, every accumulation of animal, vegetable, fruit or other biodegradable materials:
 - resulting from the preparation, selling, serving or consumption of edible foodstuffs, including the cans,
 containers or wrappers wasted along with such materials; or
 - 2. resulting from the dealing in, handling, processing, storage or decay of meats, fish, fowl, fruits, vegetables or grains; or
 - 3. the excrement, carcasses, or residue of animals, fish or fowl; or
 - 4. other industrial, commercial or domestic organic solid wastes.
- (d) <u>Householder:</u> means a person owning, renting or otherwise holding or occupying a place used for residential purposes.
- (e) <u>Material:</u> means any and all types of rubbish, garbage and debris as defined herein.

- other discarded materials not otherwise provided for in the foregoing or following definitions including appliances, furniture, large auto parts, trees, branches, stumps, or amounts of garbage or rubbish collected at each collection in excess of the maximum amounts permitted in Chapter 13 of the Vista Municipal Code, and other wastes the size, weight or volume of which precludes or complicates their handling by normal collection methods.
- Noncombustible Rubbish: means, among other things, ashes, bottles, broken glass, crockery, earthenware, metal cans, metalware, wire products, other articles of discarded metal or stone of less than twenty (20) pounds in weight each, automobile tires, inner tubes, batteries and metal kegs, barrels or casks. Noncombustible rubbish shall not include those materials listed under "Construction and Demolition Debris," above.
- (h) <u>Refuse:</u> means any and all types of rubbish, garbage or other debris as defined herein.

3. FRANCHISE AGREEMENT

Contractor shall have sole and exclusive right and franchise, in accordance with the terms and conditions of this agreement, to pick up, gather, and remove garbage, rubbish, construction/demolition debris and other refuse materials, including recyclable materials, within the corporate limits of the City as the same now exists or may exist, which is generated by residences and businesses, for the full term of this agreement. City agrees

not to let any contract to, or enter into any contract with any other person, firm, or organization for the performance of the services required to be performed by contractor, except, that in the event Contractor fails, refuses or neglects for any reason, to collect and dispose of garbage, rubbish and miscellaneous debris set out or placed for collection, as provided herein, at the time and in the manner herein required, the City may collect and dispose of the same or cause the same to be collected and disposed of, and contractor shall be liable for the reasonable expenses incurred. This right of the City shall be cumulative, and in addition to any and all other remedies it may have in the event of such failure, refusal or neglect of the Contractor. The exclusive right and franchise referred to herein shall not extend to those activities and/or materials specified in Vista Municipal Code Sections 13.11(1) through (5).

4. SERVICES TO BE PROVIDED BY CONTRACTOR

- (a) <u>In General:</u> For the consideration herein mentioned, Contractor undertakes and agrees in accordance with the terms and conditions herein contained, to furnish the necessary labor, vehicles and equipment to collect, transport and dispose of all garbage, combustible and non-combustible rubbish, and miscellaneous debris, as herein defined, from within the corporate limits of the City as the same now exists or may exist during the term hereof.
- (b) Frequency and Scheduling: All refuse created, produced or accumulated in or about a residential unit or place of business shall be collected and disposed of by contractor at least once each week. The City Manager may, at his/her discretion, or upon recommendation of the

County Health Officer, require more frequent pick-ups should the nature of a particular business so require. The Contractor shall arrange collection routes so that pick-ups will be made on the same day of each succeeding week, with the following exception: no collection will occur on Thanksgiving, Christmas and New Year's Days, contingent upon advance notice to all those affected, in a manner satisfactory to the City Manager.

- (c) Special Pickup Service: In addition to the regularly scheduled monthly service, contractor shall, upon request from a householder, provide a special pick-up service to collect and dispose of accumulated rubbish, other than that covered by the normally scheduled monthly service. Charges for such special service shall be in addition to those levied for regular monthly service.
- (d) Refuse Collection Spillage and Cleanup: The Contractor shall exercise all reasonable care and diligence in collecting refuse to prevent spilling, scattering or dropping of refuse, and shall at the time of occurrence clean up any spillage.
- (e) <u>Refuse Disposal:</u> The Contractor shall dispose of collected refuse at Contractor's expense, at a County authorized solid waste facility in a manner satisfactory to the City and in accord with all state and local laws and regulations.
- (f) Collection from Public Parks and Government Buildings: The
 Contractor shall, without charge, collect refuse from City Controlled
 parks, playgrounds and City government buildings from the receptacles in
 which the same is confined and any receptacles in the business district

belonging to the City of Vista, on a service frequency and day(s) of collection to be determined by the City Manager.

- (g) <u>Contractor Participation in Special Clean-up Activities:</u> The Contractor shall participate with the City in any annual clean-up activity upon request of the City Manager as may be necessary to supplement the City's available manpower and equipment resources, and shall otherwise cooperate with the City Manager in resolving special disposal-related problems.
- (h) <u>Compliance With Motor Vehicle Code:</u> The Contractor's trucks and other mobile equipment shall comply with applicable provisions of the California Vehicle Code, all other applicable California codes, and all provisions of Chapter 13 of the Vista Municipal Code.
- (i) Compliance With Local and California Laws and Regulations: The Contractor shall operate in such a manner as to comply with all applicable local and state laws and regulations pertaining to the collection, storage, transportation and disposal of refuse. The Contractor shall also comply with all other ordinances and regulations of the City and applicable laws and regulations of the County of San Diego and State of California, and shall obtain and keep in force all required permits and business licenses.
- (j) <u>Service Required in the Event of Nonpayment:</u> In the event of nonpayment for collection service rendered to any person, the Contractor shall continue to provide such service, subject to reimbursement as provided in Section 13.41(e) of the Vista Municipal Code. This requirement shall not apply to special pick-up services.

- (k) <u>Handling/Replacement/Repair of Refuse Containers:</u> Contractor shall use reasonable care in the handling of all privately owned garbage and rubbish containers. In the event of damage or destruction of any such container, by reason of negligence or carelessness on the part of contractor or its employees, said contractor, upon demand, shall repair or replace said container or containers or shall pay to the owner or owners thereof the reasonable amount of such damage. All containers, after emptying, shall be set down adjacent to the premises from which removed and the lid or cover shall be placed adjacent to said container.
- (1) <u>Customer Service Requirements:</u> Contractor shall provide and maintain toll free telephone service between 8:00 a.m. and 5:00 p.m. on regular collection days, except Saturday, when the hours shall be 8:00 a.m. to 4:00 p.m. (Sundays and legal holidays excepted). Contractor shall promptly respond to all calls and act upon all reasonable requests and complaints pertaining to the collection of garbage, rubbish, and miscellaneous debris.
- (m) Recycling Services: Contractor shall provide curbside recycling services for City residents, collecting such materials as are mutually agreed upon by Contractor and City. Contractor shall be responsible for locating resale markets and transportation of recyclable materials to said markets.

Contractor further agrees to study the feasibility and subsequent implementation of recycling programs for multi-family residential dwellings, commercial establishments, yard waste or other recycling programs as may be identified by the City and/or contractor and mutually agreed between the two parties.

5. COMPENSATION

- Payments to the City: In consideration of granting the exclusive franchise to the Contractor as herein provided, Contractor agrees to pay the City of Vista during the terms of this agreement, the following sum. A sum equivalent to five percent (5%) of gross monies collected pursuant to this agreement within the corporate limits of the City, provided, however, Contractor shall pay the City a minimum of one hundred dollars (\$100.00) per annum. The aforementioned sum shall be paid quarterly, by the tenth of the month following the quarterly billing. Monies collected through the recycling surcharge for the recycling program shall be exempt from franchise fees until such time as the recycling program becomes profitable. Contractor shall further provide the City within thirty (30) days after the end of the calendar year a verified statement showing the gross monies collected for services for both refuse collection and recycling programs within the corporate limits of the City. City shall have reasonable rights to inspect Contractor's books of account at reasonable times and hours at Contractor's place of business.
- (b) <u>Service Charges:</u> Contractor agrees, during the term of this agreement to abide by the schedule of charges for regular, continuous collection services, special pick-up services and recycling services established by resolution of the City Council, as such schedule may be amended from time to time in accordance with sections 5(d) (e) and (f) hereof.
- (c) <u>Consumer Price Index:</u> The parties hereto recognize that due to conditions generally prevailing, general rises in the cost of living are

reasonably foreseeable and it is therefore agreed that the schedule of charges as established pursuant to Section 5(b) of this agreement shall be subject to an adjustment either up or down, as follows:

- 1. For the purpose of such adjustment the "index" referred to shall mean the most recent Consumer's Price Index for the San Diego area, as prepared and released by the United States Department of Labor, Bureau of Labor Statistics. The average index for the twelve (12) months prior to the date of this agreement shall be accepted as the base index.
- 2. If, during the term of this agreement, the cost of living as determined by said index shall increase or decrease the Contractor may adjust the schedule of charges as set forth in section 5(b) hereof in accordance with the following method:

In order to effect such adjustment, the percentage by which such index, so determined, exceeds or is less than the base index shall be determined, and the schedule of charges to be paid thereafter shall be established by applying the percentage of increase or decrease to the service rates in effect at the time the adjustment is calculated.

- 3. Adjustments for each subsequent increase or decrease of the index shall be computed in like manner.
- 4. The schedule of charges shall not be subject to adjustment until there has been a cumulative increase or decrease of seven (7) points or more from the base index, or from the index for the month for which the prior increase or decrease in the schedule of charges was adjusted.

- 5. If neither party shall, within thirty (30) days after said index is available for the month for which an adjustment in the schedule of charges would be in order, make demand in writing for the determination of the adjustment for the following period, the schedule of charges shall continue at the same prices as for the preceding month. Failure to make such demand shall not prejudice the right of such party to an adjustment upon proper demand at the subsequent time.
- (d) <u>Disposal Fee Offset Adjustment:</u> Nothing herein shall be construed as preventing Contractor from seeking an adjustment in rates as compensation for increased operating costs associated with an increase in disposal site tipping fees charged to Contractor. Such request for adjustment may be considered by the City Council in addition to those allowances for adjustment specified in Section 5(c) hereof.
- (e) <u>Billing and Special Assessment:</u> Contractor shall bill all accounts direct for services rendered and shall be eligible for reimbursement from City in the event of non-payment after written notice has been provided to the account holder in accordance with Section 13.41 of the Vista Municipal Code. To recover its costs, the City shall initiate proceedings to make delinquent collection service fees and charge a special assessment against the properties involved, in the manner specified in Vista Municipal Code Section 13.42.
- (f) <u>Recycling Services:</u> Contractor shall provide curbside recycling services for City residents on a non-profit basis until such time as the recycling program becomes profitable. At that time, the City and

Contractor will negotiate the distribution of any profits. The cost of the recycling program will include the cost of collecting, processing and marketing recyclable materials, and all reasonable on-going promotional costs. All on-going promotional costs shall be assumed to be reasonable unless the City makes a specific request for an unusually expensive publicity campaign. In the event of such a request, the City and Contractor shall meet to determine the amounts to be paid by each party. The cost of the recycling program will not include costs for the Program Manager, Operations Supervisor, or other management or administrative expenses, such as clerical costs, or officers or directors salaries, expenses or overhead. Contractor further agrees to assume all pilot program costs and all one-time only promotional costs associated with expansion of the curbside recycling program.

Contractor further agrees to absorb the costs related to the pilot curbside recycling program and any promotional expenses resulting from the expansion of curbside recycling program.

Until such time as the recycling program becomes profitable, City and Contractor shall establish low end, or "floor" values for the resale of all recyclable materials collected. Contractor shall pay the City an amount equivalent to the net resale value, minus the "floor" price, times the volume collected. For the purposes of this agreement, the net resale value shall be the actual resale value minus transportation costs. If the resale value falls below the "floor" price, City and Contractor shall re-negotiate the distribution of revenues.

If outside funds are obtained or become available to reduce the recycling program costs, the program costs will be reduced accordingly and the City will be credited with the value thereof.

In the event that the Contractor utilizes the processing facility for programs other than the curbside recycling programs for Vista, San Marcos and Escondido, the City will receive a reduction in the Vista curbside program expenses directly related to the reduction in the overall percentage of the facility used to process recyclables from Vista.

(g) Amendment of Agreement: This Agreement may be amended from time-to-time in the same manner as its approval by resolution of the Vista City Council and execution by the parties hereto. The term "Agreement" herein shall include any such amendment properly approved and executed.

6. DISPUTES.

If a dispute should arise regarding the performance of this Agreement or compensation for work performed under this Agreement, the parties hereby agree to attempt to settle the dispute by subsequent agreement between the Contractor's principal and the Deputy City Manager. In the event that a dispute continues, the principal of the Contractor and the Deputy City Manager shall state their respective views of the dispute in a letter to the City Manager, sending copies to each other. The City Manager shall, within ten days of receiving letters from both parties, consider the facts and solutions recommended by each party. In such cases, the action of the City Manager shall be binding upon both City and Contractor. Nothing in this procedure shall prohibit the parties from seeking remedies available to them at law. In the event of litigation, the prevailing party shall be entitled to reasonable attorney and other litigation expenses.

7. TERM OF AGREEMENT

(a) This agreement shall take effect on the date first written above.

- (b) <u>Duration of Agreement</u>: This agreement shall be in effect for a period of five years from the effective date of this Agreement unless terminated as described in paragraph (d) or (e) below.
- (c) Annual Performance Review: The City Manager shall annually conduct a contract year-end review to evaluate the level and quality of Contractor's service in general, and to determine compliance, by contractor, with the specific terms of this agreement. Said review shall be conducted administratively, and shall not require approval by the City Council unless the service quality and/or level is unsatisfactory, or unless review is requested by a member of the City Council. The finding thereof shall be transmitted to Contractor in writing.
- (d) Options to Extend Agreement: City shall, at it's sole discretion, have the option to extend this agreement, in increments of one (1) year each, beyond the initial term specified in Section 7(b) hereof. Such extension shall be granted only upon the successful conclusion of the year end review specified in section 7(c), pursuant to a written finding by the City that the Contractor has, throughout the preceding year:
 - Maintained a satisfactorily high quality/level of service and responsiveness to community needs; and
- 2. Complied in full with the terms of this agreement.

 All such extensions shall be effective as administrative amendments to this agreement and shall require no action by the City Council. The parties agree that it is the intent of this Section to afford the possibility of a continuous five (5) year contract term, providing greater financial certainty to Contractor in exchange for exemplary performance.

(e) Should the contractor fail or refuse to comply with the conditions of this agreement and Contractor has been given written notice of non-compliance by the City Manager and Contractor has further been given thirty (30) days to correct such deficiencies, the City Council may, at its option and after a hearing, of which Contractor shall have ten (10) days written notice, terminate the contract and let the contract to another party deemed more capable or carrying out its terms.

8. STATUS OF THE CONTRACTOR.

The Contractor shall perform the services provided for herein in Contractor's own way as an independent contractor and in pursuit of Contractor's independent calling. Contractor is not to be considered an employee of the City, nor shall any employees of Contractor be considered employees of the City, for any purpose. Contractor shall be under the direction and control of City staff only as to the results to be accomplished. Contractor shall be free to pursue his calling excepting only to the extent contained in this Agreement.

9. ASSIGNMENT OR TRANSFER OR RIGHTS

- (a) No assignment or transfer of any right conferred by this agreement shall be made in whole or in part by the Contractor without the prior express written consent of the City. Should any assignment or transfer be authorized by the City, the assignee shall assume the liability and such other obligations of the contractor as may be related to the service performed.
- (b) In the event that the Contractor sells or transfers more than fifty percent (50%) of the assets and/or stock of the company to another party, the City Council has the option, at its sole discretion, to terminate the Agreement. In the event City exercises the option to

terminate, the termination shall become effective and the agreement shall be terminated four (4) years after the transfer or sale of assets or stock. In the event that the City exercises the above option, the City reserves the right to review the new contractor's perfomance on an annual basis to consider re-instituting the automatic extension provisions of this Agreement.

10. PAROL AGREEMENTS.

No oral agreement or representation by any officer, agent, or employee of either party made before, during, or after the execution of this Agreement shall become a part of this Agreement except to the extent such oral agreement or representation is expressly reflected in this written Agreement or a written amendment to this Agreement.

11. CONFLICT OF INTEREST.

Contractor shall file a Conflict of Interest Statement with the City
Clerk of the City of Vista. The Contractor shall report investments and
interest in real property. No officer or employee of the City of Vista
may become financially interested in this Agreement.

12. INDEMNIFICATION.

Contractor agrees to indemnify and save harmless City, its officers, agents, and employees from and against any and all claims, demands, losses, defense costs, or liability of any kind or nature which the City, its officers, agents, and employees may sustain or incur or which may be imposed upon them for injury to or death of persons, or damage to property as a result of, arising out of, or in any manner connected with Contractor's performance under the terms of this Agreement, excepting only liability arising out of the sole negligence of the City.

Contractor further agrees to indemnify, hold harmless, pay all costs, include defense costs for City in any action by a third party challenging the validity of this agreement.

Without limiting Contractor's indemnification, it is agreed that

Contractor shall maintain in force at all times during the performance

of this Agreement the following policy or policies of insurance covering

its operations:

- (i) Comprehensive General Liability, including contractual liability, personal injury, business automobile liability all of which shall include coverage for both bodily injury and property damage, with a combined single limit of one million dollars and excess liability coverage in an amount of not less than five million dollars (\$5,000,000).
- (ii) Workers' Compensation coverage at statutory limits.
 Said policies shall, at a minimum, be continued for a period of five (5) years following the termination of this agreement and any extensions thereof.

Contractor's liability insurance policy shall contain the following clauses:

- (i) "The City of Vista is named as an additional insured as respects operations of the named insured performed under contract with the City".
- (ii) "It is agreed that any insurance maintained by the City shall apply in excess of, and not contribute with, insurance provided by this policy."

All insurance policies required by this section 12 shall contain the following clause:

"This insurance shall not be canceled, limited or non-renewed until after thirty days written notice has been given to the City".

Certificates of insurance evidencing the coverages required by the clauses set forth above shall be filed with the City prior to the effective date of this Agreement. This is a condition precedent to the formation of any obligation by the City to compensate Contractor under this Agreement.

IN WITNESS WHEREOF, we have hereunto set our hands and seals.

VISTA SANITATION COMPA

Contractor

EXCESS COMMERCIAL GENERAL LIABILITY POLICY

SCHEDULE

Name of Person or Organization: Any Person or Organization whom you have agreed to include as an Additional Insured under a written contract, provided such contract was executed prior to the date of loss.

- A. Section II Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by your acts or omissions or the acts or omissions of those acting on your behalf:
 - 1. In the performance of your ongoing operations; or
 - 2. In connection with your premises owned by or rented to you.

However:

- 1. The insurance afforded to such additional insured only applies to the extent permitted by law; and
- If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.
- B. With respect to the insurance afforded to these additional insureds, the following is added to Section III Limits Of Insurance And Retained Limit:

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

- 1. Required by the contract or agreement; or
- 2. Available under the applicable Limits of Insurance shown in the Declarations;

whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

EXCESS COMMERCIAL GENERAL LIABILITY POLICY

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s):	Location(s) Of Covered Operations							
Any Owner, Lessee or Contractor Whom you have agreed to include as an additional insured under a written contract, provided such contract was executed prior to the date of loss.	All locations where you are performing operations for such Additional Insured pursuant to any such written contract							
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.								

- A. Section II Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:
 - 1. Your acts or omissions; or
 - 2. The acts or omissions of those acting on your behalf:
 - in the performance of your ongoing operations for the additional insured(s) at the location(s) designated above.

However:

- The insurance afforded to such additional insured only applies to the extent permitted by law; and
- If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.
- **B.** With respect to the insurance afforded to these additional insureds, the following additional exclusions apply: This insurance does not apply to "bodity injury" or "property damage" occurring after:
 - All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or

- 2. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.
- C. With respect to the insurance afforded to these additional insureds, the following is added to Section III Limits Of Insurance And Retained Limit:

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

- 1. Required by the contract or agreement; or
- 2. Available under the applicable Limits of Insurance shown in the Declarations; whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

Name Of Additional Insured Person(s) Or Organization(s)	Location(s) Of Covered Operations
Please refer to manuscript form MAN-GL CG2010 blanket AI wording	Please refer to manuscript form MAN-GL CG2010 blanket AI wording

- A. Section II Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:
 - 1. Your acts or omissions; or
 - 2. The acts or omissions of those acting on your behalf:

in the performance of your ongoing operations for the additional insured(s) at the location(s) designated above.

However:

- The insurance afforded to such additional insured only applies to the extent permitted by law; and
- 2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

B. With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to "bodily injury" or "property damage" occurring after:

- All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
- 2 That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

C. With respect to the insurance afforded to these additional insureds, the following is added to Section III - Limits Of Insurance:

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

1. Required by the contract or agreement; or

2. Available under the applicable Limits of Insurance shown in the Declarations;

whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

WAIVER OF TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US

This endorsement modifies insurance provided under the following: COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name of Person or Organization:

Where required by written contract or written agreement.

(If no entry appears above, information required to complete this endorsement will be shown in the Declarations as applicable to this endorsement.)

The TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US Condition (Section IV - COMMERCIAL GENERAL LIABILITY CONDITIONS) is amended by the addition of the following:

We waive any right of recovery we may have against the person or organization shown in the Schedule above because of payments we make for injury or damage arising out of your ongoing operations or "your work" done under a contract with that person or organization and included in the "products-completed operations hazard". This waiver applies only to the person or organization shown in the Schedule above.

ADDITIONAL INSURED – OWNERS, LESSEES OR CONTRACTORS – SCHEDULED PERSON OR ORGANIZATION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s):	Location(s) Of Covered Operations
Any person or organization for whom you are performing operations when you and such person or organization have agreed in writing in a contract or agreement that such person or organization be added as additional insured on your policy. Such person or organization is an additional insured only with respect to liability arising out of your ongoing operations performed for that insured.	All locations at which you are performing operations for any person or organization with whom or with which you have agreed in writing in a contract or agreement that such person(s) or organization(s) shall be included as an additional insured on your policy.
Information required to complete this Schedule, if not shown	above, will be shown in the Declarations.

- A. Section II Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:
 - 1. Your acts or omissions; or
 - The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured(s) at the location(s) designated above. B. With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to "bodily injury" or "property damage" occurring after:

- All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
- 2. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

ADDITIONAL INSURED – OWNERS, LESSEES OR CONTRACTORS – SCHEDULED PERSON OR ORGANIZATION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s):	Location(s) Of Covered Operations
Any person or organization for whom you are performing operations when you and such person or organization have agreed in writing in a contract or agreement that such person or organization be added as additional insured on your policy. Such person or organization is an additional insured only with respect to liability arising out of your ongoing operations performed for that insured.	All locations at which you are performing operations for any person or organization with whom or with which you have agreed in writing in a contract or agreement that such person(s) or organization(s) shall be included as an additional insured on your policy.
Information required to complete this Schedule, if not shown	above, will be shown in the Declarations.

- A. Section II Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:
 - 1. Your acts or omissions; or
 - The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured(s) at the location(s) designated above. **B.** With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to "bodily injury" or "property damage" occurring after:

- All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
- 2. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

- **B.** With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:
 - This insurance does not apply to "bodily injury" or "property damage" occurring after:
 - All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
 - 2. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED – OWNERS, LESSEES OR CONTRACTORS – SCHEDULED PERSON OR ORGANIZATION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

have agreed in writing in a contract or agreement that such person(s) or organization(s) shall be included as an additional insured on your policy. Such insurance as is afforded by this policy for the benefit of the additional insured(s) shown shall be primary insurance, and any other insurance maintained by the additional insured(s) shall be excess and noncontributory as respects any claim, loss or liability allegedly arising out of the operations of the Named Insured; however, this insurance will not apply to any claim, loss or liability which is determined to be solely the result of the	Name Of Additional Insured Person(s) Or Organization(s):	Location(s) Of Covered Operations					
additional insured's negligence or solely the additional in- sured's responsibility.	have agreed in writing in a contract or agreement that such person(s) or organization(s) shall be included as an additional insured on your policy. Such insurance as is afforded by this policy for the benefit of the additional insured(s) shown shall be primary insurance, and any other insurance maintained by the additional insured(s) shall be excess and noncontributory as respects any claim, loss or liability allegedly arising out of the operations of the Named Insured; however, this insurance will not apply to any claim, loss or liability which is determined to be solely the result of the additional insured's negligence or solely the additional in-	All locations at which you are performing operations for any person or organization with whom or with which you have agreed in writing in a contract or agreement that such person(s) or organization(s) shall be included as an additional insured on your					

- A. Section If Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:
 - 1. Your acts or omissions; or
 - The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured(s) at the location(s) designated above. B. With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to "bodily injury" or "property damage" occurring after:

- All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
- That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

ENDORSEMENT NO.

FO					ime)	VE NOON	INSURED	AGENCY AND CODE
HAS	000090 06 GL	10	15	2011	A.M. X		EDCO Disposal Corp.; As per Named Insured Ext Sched	123 Alliant Specialty Insurance Services, Inc.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED - OWNERS, LESSEES OR CONTRACTORS - (FORM B)

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE

SCHEDULE

Named of Person or Organization:

As per Certificate(s) on file with the company which specify that the Certificate Holder be named as an Additional Insured.

RE: As per Contract(s) with the Certificate Holder above.

(If no entry appears above, information required to complete this endorsement will be shown in the Declarations as applicable to this endorsement.)

WHO IS AN INSURED (Section II) is amended to include as an insured the person or organization shown in the Schedule, but only with respect to liability arising out of "your work" for that insured by or for you. The person or organization will be included as an insured only for the length of time specified in the contract.

Coverage provided by this endorsement is primary and non-contributory. Any other insurance the additional insured may have is excess.

However, coverage is not provided for "bodily injury", "property damage" or "personal and advertising injury" arising out of the sole negligence of the additional insured.

ALL OTHER TERMS AND CONDITIONS OF THIS POLICY REMAIN UNCHANGED

THORIZED REPRESENTATIVE

WHIPCG 0025 4 2005

CERTIFICATE OF LIABILITY INSURANCE

DATE (MM/DD/YYYY) 9/2/2011

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

D

ADDITIONAL INSURED - OWNERS, LESSEES OR CONTRACTORS - (FORM B)

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE

SCHEDULE

Named of Person or Organization:

As per Certificate(s) on file with the company which specify that the Certificate Holder be named as an Additional Insured.

RE: As per Contract(s) with the Certificate Holder above.

(If no entry appears above, information required to complete this endorsement will be shown in the Declarations as applicable to this endorsement.)

WHO IS AN INSURED (Section II) is amended to include as an insured the person or organization shown in the Schedule, but only with respect to liability arising out of "your work" for that insured by or for you. The person or organization will be included as an insured only for the length of time specified in the contract.

Coverage provided by this endorsement is primary and non-contributory. Any other insurance the additional insured may have is excess.

However, coverage is not provided for "bodily injury", "property damage" or "personal and advertising injury" arising out of the sole negligence of the additional insured.

ALL OTHER TERMS AND CONDITIONS OF THIS POLICY REMAIN UNCHANGED

AUTHORIZED REPRESENTATIVE

If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must be endorsed. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

DISCLAIMER

The Certificate of Insurance on the reverse side of this form does not constitute a contract between the issuing insurer(s), authorized representative or producer, and the certificate holder, nor does it affirmatively or negatively amend, extend or alter the coverage afforded by the policies listed thereon.

ADDITIONAL INSURED - OWNERS, LESSEES OR CONTRACTORS - (FORM B)

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE

SCHEDULE

DJ

Named of Person or Organization:

As per Certificate(s) on file with the company which specify that the Certificate Holder be named as an Additional Insured.

RE: As per Contract(s) with the Certificate Holder above.

(If no entry appears above, information required to complete this endorsement will be shown in the Declarations as applicable to this endorsement.)

WHO IS AN INSURED (Section II) is amended to include as an insured the person or organization shown in the Schedule, but only with respect to liability arising out of "your work" for that insured by or for you. The person or organization will be included as an insured only for the length of time specified in the contract.

Coverage provided by this endorsement is primary and non-contributory. Any other insurance the additional insured may have is excess.

However, coverage is not provided for "bodily injury", "property damage" or "personal and advertising injury" arising out of the sole negligence of the additional insured.

ALL OTHER TERMS AND CONDITIONS OF THIS POLICY REMAIN UNCHANGED

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED - OWNERS, LESSEES OR CONTRACTORS - SCHEDULED PERSON OR ORGANIZATION

This endorsement modifies insurance provided under the following:

as while

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name of Additional Insured Person(s) or Organization(s):

As per Certificate(s) on file with the company which specify that the Certificate Holder be named as an additional insured.

Location(s) of Covered Operations

As per contract(s) with the Certificate Holder indicated.

(Information required to complete this Schedule, if not shown above, will be shown in the Declarations.)

- A. Section II Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:
 - 1. your acts or omissions; or
 - The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured(s) at the location(s) designated above.

B. With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to "bodily injury" or "property damage" occurring after:

- 1. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
- 2. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

ACORD CORPORATION 1988

POLICY NUMBER: HA 0009001GL COMME! AL GENERAL LIABILITY NAMED INSURED: EDCO DISPOSAL CORPORATION CG 20 10 07 04

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED - OWNERS, LESSEES OR CONTRACTORS - SCHEDULED PERSON OR ORGANIZATION

Degrigo

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name of Additional Insured Person(s) or Organization(s):

As per Certificate(s) on file with the company which specify that the Certificate Holder be named as an additional insured.

Location(s) of Covered Operations

As per contract(s) with the Certificate Holder indicated.

(Information required to complete this Schedule, if not shown above, will be shown in the Declarations.)

- A. Section II Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:
 - 1. your acts or omissions; or
 - 2. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured(s) at the location(s) designated above.

B. With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to "bodily injury" or "property damage" occurring after:

- 1. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
- 2. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

ACORD 25-S (1/95)

POLICY NUMBER: HAS 00900GL COMMER AL GENERAL LIABILITY NAMED INSURED: EDCO DISPOSAL CORPORATION CG 20 10 07 04

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED - OWNERS, LESSEES OR CONTRACTORS - SCHEDULED PERSON OR ORGANIZATION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name of Additional Insured Person(s) or Organization(s):

RECEIVED

As per Certificate(s) on file with the company which specify that the Certificate Holder be named as an additional insured.

OCT 12 2005 CITY CLERK

CITY OF VISTA, CA

Location(s) of Covered Operations

As per contract(s) with the Certificate Holder indicated.

(Information required to complete this Schedule, if not shown above, will be shown in the Declarations.)

- A. Section II Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:
 - 1. your acts or omissions; or
 - 2. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured(s) at the location(s) designated above.

B. With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to "bodily injury" or "property damage" occurring after:

- All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
- 2. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

ADDITIONAL INSURED - OWNERS, LESSEES OR OR CONTRACTORS- SCHEDULED PERSON OR ORGANIZATION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name of Person or Organization:

PER CERTIFICATE ATTACHED

(If no entry appears above, information required to complete this endorsement will be shown in the Declarations as applicable to this endorsement.)

- A. Section II Who Is An Insured is amended to include as an insured the person or organization shown in the Schedule, but only with respect to liability arising out of your ongoing operations performed for that insured.
- B. With respect to the insurance afforded to these additional insureds, the following exclusion is added:

1. Exclusions

This insurance does not apply to "bodily injury" or "property damage" occurring after:

- (1) All work, including materials, parts or equipment furnished in connection with such work, on the project, (other than service, maintenance or repairs) to be performed by or on behalf of the Additional insured(s) at the site of the covered operations has been completed; or
- (2) That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as part of the same project.

IMPORTANT

If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must be endorsed. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

DISCLAIMER

The Certificate of Insurance on the reverse side of this form does not constitute a contract between the issuing insurer(s), authorized representative or producer, and the certificate holder, nor does it affirmatively or negatively amend, extend or alter the coverage afforded by the policies listed thereon.

(If no entry appears above, information required to complete this endorsement will be shown in the Declarations as applicable to this endorsement.)

- Section II Who Is An Insured is amended to include as an insured the person or organization shown in the Schedule, but only with respect to liability arising out of your ongoing operations performed for that insured.
 With respect to the insurance afforded to these additional
- insureds, the following exclusion is added:
 - Exclusions 1.

This insurance does not apply to "bodily injury" or "property damage" occurring after:

- All work, including materials, parts or equipment furnished in connection with such work, on the project, (other than service, maintenance or repairs) to be performed by or on behalf of the Additional insured(s) at the site of the covered operations has been completed; or
- That portion of "your work" out of which the injury (2) or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as part of the same project.

MEMORANDUM

TO:

Wendy C. Romagnoli, Secretary - Office of the City Clerk

CITY OF VISTA PO Box 1988

Vista, CA 92085

FROM: Davis for Warren G. Johnson, V.P.

DATE:

September 9, 1998

RE:

Mashburn Waste & Recycling (EDCO Disposal Corporation)

Wendy,

We are in receipt of a copy of your August 31, 1998 letter to EDCO Disposal outlining your \$5 million liability insurance requirement. You indicated that the certificate of insurance recently issued when EDCO Disposal acquired Mashburn only noted a general liability limit of \$2 million.

The primary policy in place for EDCO (Coregis Insurance Company - Policy #CR914-0760) has a general liability occurrence limit of \$1 million and an annual aggregate limit of \$2 million. They have an excess liability policy in place (RLI Insurance Company - Policy #OUL026272) which provides excess liability limits of \$9 million. This policy would automatically come into play when the underlying policy limits are exhausted. The limits carried by EDCO are well in excess of the minimum requirements outlined by the City of Vista.

bcd/enclosure

cc: Mike Fellows, EDCO Disposal Corporation

CITY OF VISTA ATTN: CITY CLERK P O BOX 1988 VISTA CA 92083 THIS SUPERSEDES AND
CORRECTS THE CERTIFICATE
ISSUED ON 11-05-97.
JOB: ALL OPERATIONS

This is to certify that we have issued a valid Workers' Compensation insurance policy in a form approved by the California Insurance Commissioner to the employer named below for the policy period indicated.

This policy is not subject to cancellation by the Fund except upon **KX** days' advance written notice to the employer.

We will also give you XXN days' advance notice should this policy be cancelled prior to its normal expiration.

This certificate of insurance is not an insurance policy and does not amend, extend or alter the coverage afforded by the policies listed herein. Notwithstanding any requirement, term, or condition of any contract or other document with respect to which this certificate of insurance may be issued or may pertain, the insurance afforded by the policies described herein is subject to all the terms, exclusions and conditions of such policies.
